DOUBLE CELEBRATION IN HALL

Fourth of July and Fiftieth Anniversary of White Settlement.

IMMENSE CROWD IN ATTENDANCE

Seven Members of the Original Colony, Eight of Whom Still Live in the County, Participate in the Festivities.

GRAND ISLAND, Neb., July 6.—(Special.)—Grand Island and Hall county celebrated the fiftieth anniversary of the settlement of this vicinity yesterday. Elaborate preparations had been made in decorations, a fitting program of speaking and music and the accompanying sports and fireworks and the day was a propitious one. The interest it awakens among all the older families within a radius of 100 miles, and the local pride that is stirred, combined with the general purposes of celebrating this day, resulted in the assembling of the greatest crowd ever seen in this city. It is not a mere arrangement that the fiftieth anniversary of this settlement be observed on this day, for it is fifty years ago to the date that a colony of white men, mostly Germans, came out from Davenport, Ia., to stake out a settlement and town here which became the first center. The colonists remained in this spot, the original settlers still survive and live in this county while two others—one from Loup City and one from

Saginaw, Mich., the latter being the first sheriff, were here to join in the festivities.

Big Parade in Forenoon.
The streets were lined with a crowd of at least 2,000 people at 11 o'clock today, when the big parade began to move. It was in four divisions. The features of it were an ox team and pioneer's wagon, the oxen being trained by Fred Thomsen, son of one of the pioneer women, and driven by Mr. Thomsen and Mr. Scheel, the first child born in the county. The parade was headed by the Harrison band and followed by the surviving eight pioneers still residents of this county and by Mr. Vasold of Saginaw, Mich., and Mr. Stehr of Loup City, also of the first colony but who have moved elsewhere since. The first division was historic. The second division was headed by veterans of the Grand Army of the Republic followed by the German Krigger (veterans), Verein and city council and other civil bodies. The third was headed by county officials and many societies. The fourth was a trades display procession considerably over a mile long.

The program of speaking and music at the old court house square this afternoon was listened to by a large crowd. Dr. George L. Miller of Omaha was the first and main speaker. He spoke of the early day influences and the remarkable development since, prophesying optimistically of the future of the Nile valley of the west. Other speakers were Judge Paul of St. Paul, Hon. Charles Wooster of Merrick and Hon. C. S. Lee, O. A. Abbott and William Stoley of this county.

The day passed most pleasantly and without accident and was closed this evening with an elaborate display of fireworks.

G. A. R. Rebate at Elmwood.
PLATTSMOUTH, Neb., July 6.—(Special.)—The attendance during the four days' reunion of the Grand Army of the Republic in Elmwood, this county, has been large. Williams' jubilee singers gave a delightful opening concert. County Superintendent J. W. Gamble gave a brief but very interesting address on "Patriotic Education." Department Commander Thomas A. Creigh gave an interesting address on "The Department of Nebraska," in the evening. A speech of "Andersonville Prisoner" in "It is Today." During the afternoon the Alva baseball team won from Murdock the \$5 prize by a score of 4 to 2. Tuesday forenoon Chaplain Johnson, of the state penitentiary spoke on "Reminiscences of the War." In the afternoon Dr. J. W. Jones, pastor of Grace church in Lincoln, spoke on "Fraternalism." Elmwood won the \$5 purse from Eagle. Score 5 to 2. Chaplain Johnson led the camp fire from 7:30 to 8:30, when the jubilee singers gave another popular concert to over 2,000 persons. Governor Sheldon and Congressman Poland made interesting patriotic addresses to large audiences on the fourth.

NORTH PLATTE, Neb., July 5.—(Special.)—The fourth was celebrated vigorously here today. The streets were crowded with hundreds of people all day long. Heavy cannonading from anvils and old cannons started the glorious Fourth on its way long before daylight. There was a big parade in the morning with number of beautiful and comic floats. The celebration was under the auspices of the Ancient Order of United Workmen. The oration was delivered by Judge H. O. Grimes, at the court house campus. In the afternoon there were races and different sports, a baseball game between the Young Men's Christian association team of this city and the Union Pacific team from Cheyenne. In the presence of a large crowd, North Platte defeated Cheyenne by a score of 5 to 1 in a very interesting game. There was extensive fireworks this evening in different parts of the city.

OSMONT, Neb., July 5.—(Special Telegram.)—The fourth was duly observed here today. The celebration partook of the nature of a county fair inasmuch as Osmont was the only town in the county that observed the day. Hon. P. E. Burkett of Hartington was the orator and delivered a fine oration and was listened to by 5,000 people. A ball game was a feature of the day and was played between Plainville and Carroll, both crack teams, and was a victory for Plainville with a score of 4 to 1.

Boy Seriously Hurt.
FREMONT, Neb., July 5.—(Special.)—There were more than the usual number of

Fourth of July accidents here yesterday, most of them burned or lacerated hands and fingers, not very bad but severe enough to require the services of a doctor. One serious accident was reported. Jimmie Nelson, a youth of about 10, while attempting to get out of the way of one carroll was run over by another one. His injuries are mostly internal and his condition as reported by the doctors as very critical.

FRANK IS INDICTED FOR MURDER

Grand Jury Takes Different View From the Coroners.

PAWNEE CITY, Neb., July 6.—(Special Telegram.)—Ernest Frank is in the Pawnee county jail charged with the murder of his wife.

In September, 1904, Ernest Frank, son of W. A. Frank, living about six miles northeast of Table Rock, was married to Edith Allen, daughter of Mrs. F. W. Ault. The young couple went to live with the parents of the groom with every prospect of a happy married life before them, each being about 23 years of age. On March 1 they went to housekeeping on a farm in the neighborhood, the parents of the young couple living nearby, and are substantial farmers, old residents and highly respected. On April 25, young Frank claims he went to the home of his father, about three-fourths of a mile distant, to assist in repairing a spring on the farm. The day not being suitable for the work he returned home and found his wife lying on the kitchen floor with a knife wound in her side. On summoning help of the neighbors they found her dead with a gunshot wound just above the right ear and that there was an empty shell in the rifle. The coroner empaneled a jury, who found that death was by suicide.

At a recent district being in session with Judge Raper presiding, a grand jury was called and the matter again investigated. After being in session six days the jury returned an indictment against Frank for murder in the first degree. Sheriff Martin arrested Frank last night and brought him to this city. District court is still in session, but it is not known whether or not the hearing will be at this term. While official announcement has not been made it is current report that the grand jury also returned an indictment against Hudson, who shot Hardy Miner, the sheriff of Johnson county, the crime being committed in this county.

Blair Chautauqua Draws.

BLAIR, Neb., July 5.—(Special.)—The largest crowd that has been in Blair for many years was in attendance yesterday at the Chautauqua grounds and the Fourth of July celebration. District court is in session this afternoon and tonight the largest tabernacle was crowded to hear Opie Read in his amusing sketches of the sunny south. The Chautauqua program thus far has been carried out to the letter and given the best of satisfaction to everyone. Several crooks were in the city today and attempted to do some pocket picking. A detective on a visit here pointed out two suspicious characters to Sheriff Mencke and Chief of Police Burham, who shadowed their men and this evening, when one of them took a fine gold watch from J. F. Stokes of Herman, the officers nabbed him and threw the watch to the ground, but tonight they have their men and the watch top. The secret service man told the officers that they belonged to the Buck O'Brien gang of crooks of Chicago.

Normal Gets the Street.

FREMONT, Neb., July 5.—(Special Telegram.)—The city council, at a special meeting today, adopted the report of the citizens' committee on the Platte avenue matter and passed an ordinance closing the street between Ninth and Tenth street. The property to be used by the Normal school for a new building. The property owners who believe that they have been damaged are to receive not to exceed \$2,000 for damages. This matter has been before the council for the last two months. The proposition was at first turned down by the council by a vote of 1 to 1. The citizens' committee was appointed and the councilmen agreed to abide by its decision. Work on the construction of the new building will be begun as soon as possible.

EXPRESS CONCERNS ENJOINED

State Seeks to Prevent them from Defying the Rate Law.

RYDER TAKES UP NEW DUTIES

Creamery Men Call on Food Commissioner to Discuss the Provisions of New Pure Food Law and Cream Rates.

(From a Staff Correspondent.)

LINCOLN, July 5.—(Special.)—Suit was filed in the supreme court this afternoon against the express companies doing business in Nebraska to restrain them from charging in Nebraska any rate higher than 75 per cent of the rates in effect January 1. In conformity with the law enacted by the recent legislature, which went into effect today. The petition for an injunction was filed by Attorney General Thompson on behalf of the state and the defendants named were the Adams Express company, United States Express company, the Pacific Express company, the American Express company and the Wells-Fargo Express company. The moment the petitions were filed officers were sent out to secure service on agents of the companies. In the meantime, fearing the express companies would ask for a restraining order from the federal court the members of the State Food way commission were conspicuously absent from their office late this afternoon, so if a writ had been issued no service could be secured. At the close of business this afternoon none of the express companies had filed a schedule of rates as provided for in the new law, which the commission interpreted to mean the companies intended to ignore this particular piece of legislation. The bill contained this section: Section 7. This act shall take effect on and after its passage and approval.

By some this was interpreted to be the same as an emergency clause, but the legal department has never put such a construction upon it.

The petition, which is practically the same as those filed in the railroad cases, contains the following:

In violation of the statute of Nebraska, defendants, in contravention of the public interest, and the interstate transportation of merchandise in the state of Nebraska, are demanding, and will receive, rates in excess of the charges fixed by said statute and is depriving the people of the state of Nebraska of their right to the reasonable and lawful rate and charges fixed in said act, and is exacting of the state of Nebraska, and of the people thereof, an excessive and unreasonable rate and charge, and is exacting of the state of Nebraska, and of the people thereof, an excessive and unreasonable rate and charge exacted by defendants.

Wherefore plaintiff prays that the defendant, officers and agents, attorneys and employees be enjoined from making or putting into effect any other or different rates than those provided for in the interstate transportation of merchandise in the state of Nebraska than the rates and charges provided for in said statute, and to prevent the defendant from attempting to change the rates and charges established by law for its service.

Chryser Takes Up His Duties.

John J. Ryder, recently appointed deputy labor commissioner to succeed Don D. Despain, reported to Governor Sheldon and climbed up the three flights of stairs to his new office. While some of the state officials assured Mr. Ryder that the elevator in the state house would be running, he was obliged to climb a flight of stairs to make his daily climb, the Omaha colonist smilingly said that it was twice as far to the top of the home of the Cliff Dwellers. Discussing his office and things in general, Colonel Ryder said:

"The good comradeship evinced in the reception I have received by the state officials so far, inclines me to believe that the atmosphere here will be congenial. At first I was fearful that my customary daily exercise of climbing stairs would have to be abandoned; but when Governor Sheldon threw off his coat and personally escorted me to the top of the capitol building, my fears on that head vanished. The rate of ascending the stairs that all newspaper-men will have to climb sooner or later is amply cared for.

"After having an opportunity to consult with Governor Sheldon on the child labor statute I will be ready to take up that matter and act wherever it may be necessary for the state to have a hand. To go slow, and to be as sure as possible, seem to me the proper attitude for this department; but procrastination is not to be practiced. Action that will wear is what is wanted, as I view it."

Crank Calls for Governor.

Governor Sheldon's first experience with a crank, that is an insane crank, was by proxy and the incident occurred late this afternoon. As some things happen all of the employes of the office except Mr. Husted, bookkeeper and Miss Kaup, stenographer, were out. The crank, who was fully six feet tall, with great, big, brown eyes, walked up to Miss Kaup's desk. "Is the governor in?" he inquired.

"No, sir," answered Miss Kaup. "He is out just now."

"Well, miss, I am a convict. I want the governor to kill me," said the crank.

"He won't do that," very calmly, very coolly and very steadily replied Miss Kaup as she looked up into those big, brown eyes and smiled at the intruder. "I'm sure he won't do that."

"I don't see why he won't," said the convict, as his eye turned green. "He's the governor. That's the law and if he won't enforce the law who will? And with that the big man signed at the door of former governor and walked disgustedly out of the office.

Mr. Teagarden was assured the work would be done just as soon as possible.

as soon as the supreme court handed down its decision as to whether the property had to be apportioned according to the average value per mile, a question raised by Platte county which instituted suit at the last session of the court. Mr. Teagarden said the county clerks would have their regular work to do in addition to the work incidental to election and the new primary law which would completely cover them up if all of it came on at the same time, which seems probable now.

Can you use a Strong Sturdy Set of BRAINS? Eat Grape-Nuts

A man said: "I don't believe you can strange food so that it will go to rebuild and nourish the brain. Grape-Nuts is most delicious tasting food, but I can't understand how you expect any certain food to be appreciated by any certain part of the body." A good earnest skeptic and well worth attention.

Actual results are better than any theory pur and con. Grape-Nuts food is being eaten by millions of people all over the world and any interested person can satisfy himself by questioning his neighbor as to the result of the use of Grape-Nuts. The testimony is given over and over, that after 15 days' use there comes a feeling of strength, sturdiness, clearness of intellect and power of the mind that is unmistakable.

"There's a Reason."

Thinking uses up each day parts of the filling of the cells in brain and Nature demands albumen and natural phosphate of potash (not from the drug store) to make new and soft jelly-like substance (gray matter) which is used as the filling of these brain cells.

Grape-Nuts contains these elements direct from Mother Nature and prepared in the form of a most delicious and quickly absorbed into the system.

The hard stubborn facts are that Grape-Nuts does build brains. Read "The Road to Wellville," in page
