

EAGLES VOTE FOR CHANGE

Iowa Declares for State Representation in the Grand Body.

ORDER PROSPERING IN STATE

L. C. Hanlon, Formerly State Deputy, is on the Carpet and Resolutions Passed Regarding His Handling of Finances.

Although reported adversely by the committee on the subject, the resolution presented by State Deputy Naves, looking toward the appointment of delegates to the grand jury by state series instead of by the subordinate series, was adopted yesterday afternoon by the Iowa State Series, Fraternal Order of Eagles.

A resolution endorsing E. B. Wadsworth of this city for grand jury president of the order was adopted with much enthusiasm and by a unanimous rising vote. Mr. Wadsworth was candidate for the position last year at Milwaukee, but withdrew at the last moment. The Iowa delegation to the grand jury at Norfolk in September will not boom his candidacy.

The report of President Stephens and Secretary Meers showed that there are thirty-eight subordinate series in Iowa with a membership exceeding 7,500. During the last year series were organized at Decorah and Wolcott.

Cities and towns in which series are established are: Sioux City, Council Bluffs, Des Moines, Ottumwa, Cedar Rapids, Fort Dodge, Davenport, Oskawka, Marshalltown, Dubuque, Keokuk, Iowa City, Clinton, Waterloo, Burlington, Boone, Muscatine, Anamosa, Carroll, Perry, Osceola, Elkader, Valley Junction, Maquoketa, Monticello, Ft. Madison, Atlantic, Waverly, New Hampton, LeMars, Wheatland, Centerville, Albia, Chariton, Eldon, Creston, Decorah and Walcott.

At the afternoon session matters in connection with L. C. Hanlon, former state deputy, were brought up. Hanlon is the Waterloo man who was indicted in this city on the charge of obtaining money under false pretenses in connection with the recently organized Eagle Life Insurance company. The charge was made in the convention that Hanlon had unlawfully collected and retained funds belonging to the state series derived from the per capita tax with the result that the finances of the state series are in a state of confusion.

Much of the business transacted by the grand jury yesterday was not of a public nature. The attendance yesterday was larger than on the opening day, the roll call showing seventy-one accredited delegates present.

Election Comes Today. It is thought likely that the session this morning will suffice to complete the business of the meeting. Officers will be elected and the place for next year's meeting chosen. Marshalltown and Cedar Rapids are both in the field for next year's meeting.

The banquet at the Grand hotel last night was a complete success despite the fact that while over five hundred were invited, only a few over two hundred attended. Mayor Dabman was unavoidably absent and Mayor Dabman of Omaha, and Hector of South Omaha, were unable to be present, but there were plenty of other speakers to fill their places on the program.

This evening the visitors will be entertained at a smoker in the club rooms of the local series, and an excellent and diversified program is promised.

Matters in District Court. County Attorney Hess filed in the district court yesterday a supplemental petition in the suit brought by Pottawattamie county against the Portland Gold Mining company to recover into the county treasury taxes for five years back on its capital stock. The petition is a voluminous document and covers 40 pages of typewritten matter. Judge Thornell has arranged to come here Monday, July 23, to hear the first batch of the tax suits against the Portland company.

Frank Millidge has begun suit against the street railway company for \$5,000 damages for injuries alleged to have been received on July 1 of this year. The plaintiff alleges that he was thrown from the ground while in the act of boarding a car, owing to the car being started suddenly and violently before he had secured a footing on the step. A. W. Askwith, attorney for Millidge, has filed notice of a lien for \$1,000 on any judgment his client may obtain against the company.

Mrs. Aratha Roth has instituted suit against the Modern Woodmen of America to recover on a policy of insurance held by her deceased husband, Charles Roth, who was a member of Council Bluffs camp No. 724. Payment of the policy is refused by the order. Charles Roth died October 2, 1906, and according to the petition of his widow, all dues and assessments had been paid to date.

Table with 2 columns: Fund Name and Amount. Includes Teachers' fund, Contingent fund, School fund, School building fund, Total.

Officials to Help Y. M. C. A. In order to boost the Young Men's Christian association building fund it has been decided to charge a admission fee to the ball game to be played by the officials of Pottawattamie and Harrison counties Saturday afternoon, July 23, at the Ideal.

RAILROAD COMPANY PAYS

Check from Illinois Central for Land in East Omaha.

OTHER COMPANIES INVOLVED

Fight Over Post-Mortem Examination of Cattle Said to Result in Objectionable Animals Being Sold to Local Butchers.

(From a Staff Correspondent.) DES MOINES, July 12.—(Special.)—A check from the Omaha Bridge and Terminal company was received by Attorney General Myers today in settlement of a suit in which the state was intervenor over land made by the Missouri river in changing its course. The suit was that of the Omaha Bridge and Terminal company against Hannan. There is other land occupied by other corporations and persons involved in other suits of a similar nature and if they are all settled to the advantage of the state it will mean the enrichment of the state treasury to the amount of about a quarter of a million dollars.

The land is what is known as the "Cut-Off" in East Omaha. Besides that occupied by the railroads some is occupied by factories and for other purposes. In the suit just settled it is claimed that the state has succeeded in establishing its ownership of the land. There is about 1,000 acres and the settlement with the Omaha Bridge and Terminal company is on the basis of about \$20 an acre. The corporations and concerns occupying the land sought first to secure a title to the land by other means. The case of the Omaha Bridge and Terminal company is the first to be settled and the receipt of the check today ends it finally. It is believed that this will have an influence in the other suits, as the questions affecting ownership are all about the same.

Violators Pay Fines. The Cowie glove company today in justice court paid a fine of \$100 and two cases of the violation of the child labor law, these being the first cases prosecuted in this city. Other complaints will be filed this afternoon. The father of the boy employed at the Cowie glove works also paid a fine for placing his son in the factory.

Iowa Gets Worst of It. In the Iowa Health Bulletin, issued today by the secretary of the State Board of Health, it is claimed that the decision of the slaughtering and packing companies to accept no meat for canning without a post mortem examination guarantee is causing the state to lose the best of the worst of it, and stringent recommendations are made to the local boards of health. Secretary Thomas states in the bulletin that the government inspection of meats has caused the packers to receive no animals for canning except subject to the post mortem examination by the government inspectors. This has caused the packers to be forced onto the local trade where they are butchered in local unsanitary slaughtering houses and sold to the local market. The charge is made by Secretary Thomas that diseased cattle in large numbers are being thus slaughtered and sold in meat to the people of Iowa. He furthermore claims that many of the workers about butcher shops are suffering from loathsome diseases. He calls attention to the fact that it will be two years before the legislature can meet to remedy matters and that the only immediate remedy lies with the local boards of health. He urges these to act at once.

Petersen & Schoening salting. Charge of Jury Dribbling. DUBUQUE, Ia., July 12.—A sensation was caused here today when it was learned that an effort to bribe the federal grand jury at Cedar Rapids had been made, it is said, by the agents of the Chicago, Milwaukee & St. Paul railroad. Judge H. T. Reed has summoned the jurors alleged to be guilty together with the agents of the railroad to appear before him and show cause why they should not be punished for their alleged misdeeds. The claim agents said to be involved in the affair are all prominent as a sensation is expected when the men appear.

KIDNAPERS ARE ARRESTED. Mexican Consul at Douglas, Arizona, and Three Territorial Officials. Most Anxious Serious Charge.

DOUGLAS, Ariz., July 12.—On the charge of kidnaping Manuel Sarabia, alleged to be wanted by the Mexican government on a murder charge, from the jail at Douglas on the night of June 20, Antonio Magala, the regularly appointed Mexican consul at this place, was this afternoon bound over to the territorial grand jury of Cochise county under a bond of \$10,000, having waived his preliminary hearing. Charged with the same offense, Constable A. S. J. Shropshire, Arizona Ranger Samuel Hurst and Policeman Lee Thompson were bound over. All gave bond.

PHOENIX, Ariz., July 12.—Governor Kibbey was advised today by confidential representatives in Sonora, Mexico, that Manuel Sarabia, kidnaped by Mexican and American officials from the Douglas jail and delivered into the custody of Mexican officials, will tomorrow be formally returned to United States territory. They stated that Sarabia will be escorted to Nogales and there given into the keeping of Captain Wheeler of the Arizona Rangers.

The motive for the removal of Sarabia to Mexican soil was due to the fact that he was a member of the revolutionary junta at St. Louis.

JEALOUSY CAUSE OF MURDER. Son of Omaha Woman Kills Man and the Woman in a Fit of Rage.

BUFFALO, N. Y., July 12.—(Special Telegram.)—George Hodson, son of Mrs. Isaac R. Hascall of Omaha, early this morning fatally stabbed Peter Porrester, restaurant keeper, and Mrs. Marie Smith, in a fit of jealous rage. He then surrendered to the police. Hodson had been infatuated with the woman for years. She was a woman of great beauty and was married recently. She was separated from her husband and went to work in Porrester's restaurant. Hodson hung around the place constantly, but was rebuffed by the woman. He became madly jealous of Porrester and this morning he stabbed Porrester to death at the front door of the restaurant, then rushed to the woman's room, burst in the door and killed her.

Hodson is a painter and has always been industrious. His mother recently married Judge Hascall of Omaha, her girlhood sweetheart, in this city.

SENSATION IN C. E. CONVENTION

Many Addresses Delivered During the Day—Vice President Fairbanks is Expected This Morning.

SEATTLE, Wash., July 12.—A sensation was created in the Christian Endeavor convention yesterday, when after C. M. Tate had stated in open parliament that the Indians were being abused and permitted to fall into moral decadence, S. B. Whitman of the Lapwai Indian reservation arose and denounced the utterances of the speaker as exaggerated and false. All over the city in the various meeting places services were held today, the principal one taking place in the Williston tent, when training of the young was the theme.

Rev. P. T. Peckham, pastor of the First Reformed church of New Brunswick, was the principal speaker at the tent. His subject was "The Need of the Day, Trained Christians."

Other speakers were: Mrs. Francis E. Clark of Abundant, Mass.; "Training the Children;" Rev. R. G. Bannan, D. D., president of the Pennsylvania Christian Endeavor union, "Training the Youth;" Rev. W. H. Barrisford of New Westminster, B. C., "Give the Parents a Hand;" Rev. S. Baker, D. D., of Portland, Me., "The Pastor's Part in the Training Process."

At the First Presbyterian church Rev. J. M. Lowden of Providence, R. I., spoke on "Training in Giving;" George B. Graft, publication manager of the United States Christian Endeavor, of Boston, on "Training in the Right Use of Help;" and Rev. John Pollock of Belfast, Ireland, on "Training in Service."

At the evangelist service at the Grand opera house Rev. James A. Francis of New York was the chief speaker.

Fairbanks is Delayed. Vice President Fairbanks has been delayed again and will not arrive until tomorrow morning. He will be met by the Christian Endeavor reception committee at the station and in the afternoon will be tendered a reception in the public library building. The delegates kept coming in in large number today. All the states of the union are now represented except North and South Dakota, North and South Carolina, Virginia and Michigan.

There are 110 in the city from Illinois. St. Paul is conducting a campaign for the international convention in 1908. Opposed to that city are Kansas City and Atlantic City.

It has now been definitely decided that the chief theme of the great gathering will be the encouragement of good citizenship. This is in line with a recommendation from President Roosevelt that that subject be featured.

Next Meeting in St. Paul. After a session of several hours at which the separate merits of three cities were heard, the board of trustees of the United Society of Christian Endeavor decided that the city to receive this honor should be St. Paul, Minn.

A Friend in Need—Always with You. WHEN you have Heartburn, Colic, Coated Tongue, Suffered Breath, Acid-rising, throat, Gas-belching, or an incipient Cold, take a Cascaret.

Remember, all these are not merely Discomforts, but indications of a serious Cause.

Nip them in the bud—eat a Candy Cascaret. Cascarets don't purge, nor punish the stomach like "Bile-driving" "Physics."

They act like Exercise on the Bowels—Muscles that Propel Food, and that squeeze the natural Digestive Juices of the body into Food.

Cascarets ward off, or cure, the following diseases: Constipation, Biliousness, Indigestion, Dyspepsia, Torpid Liver, Jaundice, Nausea, Vertigo, Pimples, Worms, Piles.

In such cases a little Cascaret in time is worth fifty dollars worth of suffering later on, to say nothing of the suffering, discomfort, loss of Business Energy, and loss of Social Sunshine it saves.

Headaches, Heartburn, Gas-belching, Acid-risings in the throat, and Colicky feelings are sure signs of bowel trouble from food poisons, and should be dealt with promptly.

One Cascaret will stop the coming trouble, and move on the Bowel load, if taken at the first sign.

Don't fail to carry the Vest Pocket Box of Cascarets with you constantly.

All druggists sell them—over ten million boxes a year.
