

GRAIN AND PRODUCE MARKET

Lower Cables and Unfavorable Weather Cause Weakness.

LITTLE TRADING IS CARRIED ON

Wheat Opens Firm, with Bulls Making Vain Fight for Upturn, but Strength Gives Out.

OMAHA, July 16, 1907. The market was quiet on lower cables and generally favorable weather, with exceptions in some localities where rains have been abundant, little trading was done and speculation very quiet.

Foreign news was higher, with the expectations of a French cabinet report from the French government.

Wheat opened rather firm, with the bulls playing for an upturn, but strength did not hold out, owing to low cables and light trading.

The market held steady on the close, with no special orders and commission houses fair buyers.

It looks like a scalping market. September wheat opened at 82c and closed at 81c.

Primary wheat receipts were 33,000 bu. and shipments 31,000 bu., against receipts last year of 1,100,000 bu. and shipments of 36,000 bu.

Clearances were 4,000 bu. of corn and 11,000 bu. of oats and wheat and flour equal to 2,000 bu.

Liverpool closed 1/2 lower on wheat and 1/4 lower on corn.

Local grain and provisions market was quiet on lower cables and generally favorable weather, with exceptions in some localities where rains have been abundant, little trading was done and speculation very quiet.

Wheat opened rather firm, with the bulls playing for an upturn, but strength did not hold out, owing to low cables and light trading.

The market held steady on the close, with no special orders and commission houses fair buyers.

NEW YORK STOCKS AND BONDS

Market is Dull and Activity is Confined to Few Issues.

UNION PACIFIC THE FEATURE

It Advances on Further Rumors that There Will Be No Effort to Dissolve Harriman Merger.

NEW YORK, July 16.—The stock market today was a dull affair and had all the characteristics of the midsummer period. There was some activity in three or four stocks, but as the shares of these were not the total shares of the day, the remainder is insignificant.

Union Pacific was the active feature, and its shares made an important advance. The general movement was sluggish and hesitating, in conformity with the narrow range of the Harriman report of the Interstate Commerce commission was the admitted futility of a prosecution to dissolve some large office for foreign account.

London took an unfavorable view of New York values and sent over quotations for the day. The resistance developed to this influence was due entirely to a sympathy for the Harriman report. An assumption has been coupled with the supposed report of legal prosecution to dissolve the office for foreign account.

The stock market was confronted at the outset with a slump in the price of copper. There was a further reduction of half to three-quarters of a cent, a point for all grades of copper. The price of the large producers last week. It had been the subject of common discussion that the reduction in price of copper would be a boon for copper operations.

The market was quiet on lower cables and generally favorable weather, with exceptions in some localities where rains have been abundant, little trading was done and speculation very quiet.

Wheat opened rather firm, with the bulls playing for an upturn, but strength did not hold out, owing to low cables and light trading.

The market held steady on the close, with no special orders and commission houses fair buyers.
