OMAHA ON THE LUCKY END

Rourkes Beat Sioux with Only Three Hits Off Williams.

FIELD LIKE A LOT OF TROJANS

First Iowan to Bat Scores and game: Visitors Are Blanked Thereafter, Though Making Several Desperate Attempts.

Omaha, 2; Stoux, 1. Nance, the first man to bat for Sloux City yesterday, scored a run and that was the only run his team scored during the day. It was a tough proposition for Williams, who pitched ball that should have given Sloux City the game, but his team mates were not there with the goods. Omaha took a game which the dope figurers would say it was not estitled to, but title or not the game was won by Omaha by the score of 2 to 1. Williams pitched a winning game. He allowed but three hits and passed two men, while six hits were being made off Hall, who passed four and hit two men. Timely hits by Lebrand and Autrey were the principal instruments in winning for Omaha, whereas the Sloux fell down at the critical stages and could not get the hit which would win. Two errors were also made by Omaha and none by Sloux City.

From the start it looked like Hall was due for a lambasting all over the lot. Three hits were made off his delivery in the first inning, but he settled after that and but three additional hits were made during the game on him. Nance, the leader in the batting order, lined out a two-sacker as a starter and Engle made a safe bunt, which put Nance on third, from which point he scored on Nobilt's fly to Belden. Erigle was caught trying to steal second and Weed singled and was caught trying to steal second. That was all the run getting for the Sloux.

Omnha Ties the Score. Omaha tied the score in the second inning by a hard hit from Autrey's bat just at the right time. Austin had walked and was sacrificed to second by Graham and scored on Autrey's single. Autrey stole second, but LeBrand could not hit at that time and

the score was a tie.

Thus it remained until the eighth inning. when Omaha did the business which won the game. LeBrand opened out with a nifty single which soared out of reach of the pitcher, second and short and he was then pushed up a notch by Welch's sacrifice and went to third on a wild pitch Hall came to bat and nobody looked for him to bring in the run. All wondered how the lengthy pitcher would get out so Belden could bring him home. Hall, however, own game and knocked an easy one to LeBrand was away at the crack of the but and the thirdsacker soon saw it was

first. That was all that was needed. Hall was having a hard time as compared the eighth, when the locals by consecuwith Williams. Except in the two innings tive hitting brought in five runs. Pueble in which the runs were made and in one scored in the first on McGilvray's three other, it was one-two-three for Williams, bagger, followed by Bader's single. Denwhereas Hall had men on the bases all the time and was in several tight pinches where a hit would have won the game. The Omaha team was doing some star fielding back of him, however, as the three time and scored on Ryan's single. Stolen bases: Devlin, Double plays: were tied the score in the fifth on Lauter born's single, a sacrifice and McDonough's on bases: Chicago, 1; New York, 2. Bases the conductive single. The Omaha team was doing some star fielding back of him, however, as the three time and scored on Ryan's single. The conductive his with single of the sixth liming Olmstead walked, and Rigier. double plays show

ing doing, due partly to a neat throw by features of the game. The score: the 'Kid" which caught Hart napping at first. In the seventh inning J. Sheeban started out with a safe bunt and was caught at second when Williams tried to sperifice. Nance was given a lift Dolan's error and it began to look bad when Engle lined one toward Autrey I looked like it was going to fall short and Williams took too much of a lead and was caught for a double when Chickering caught the ball.

Notes of the Game.

Graham dropped the easiest kind of a ball, but it did not count against the team, and he made up for it by beating out a Three fast doubles made the Omaha teum look like some fielders.

Slour City played in hard fuck, at that, when but one run was made in the first inning on a double and two singles. In the fourth inning an error, a base on alls and a hit all came along together, sat again a double from Hall to Franck topped the fun.

Many of the fans were of the opinion int Welch was safe on his sacrifice, but in Neeley called him out and that was all zero was to it.

Williams pitched the kind of a game which would win nine out of ten times, but that was the tenth time and he had to

Des Moines come to Omaha this morning in third place. That there will be something doing as the Champions strive this afternoon to regain their lost ground is putting the matter mildly.

DISCOVER ANCIENT WRITINGS Archeologists in Egypt Find New Sayings of Christ Near Coptic Monastery.

LONDON, July 20.-Two archeological discoveries in Egypt of exceptional interest have become known here. They consist of some new sayings of Christ and of extremely ancient crude manufactures conjecturally 160,000 years old. The sayings of Christ were found near

an old coptic monastery at Eofu. They were found by natives, who sold them for a few pounds to an Arab trader. There are about a dozen rolls of sixth century Greek papyri. They include twenty-five leaves of apocryphal sayings of Christ in a coptic translation of a lost Greek original, of which previously only thirteen leaves were known, twelve of them being in the national gallery at Paris and one at Berlin. The discovery also includes parts of gospels of St. Matthew, St. Mark and St. Luke in Greek.

## GREAT DAY AT HAPPY HOLLOW

SINGLE COPY FIVE CENTS.

Formal Opening of New Club is Complete Success.

SOCIAL EVENT OF MUCH NOTE

Grounds and Houses Are Ideal in

Location, Form and Appointment for the Purpose Intended. The new Happy Hollow Country club

was formally opened Saturday afternoon

and evening under the most auspicous circumstances. The members turned out enmasse to view their new club home, to indulge themselves on field and at banquet boards. No city of its size in the west is now better equipped with beautiful and expensive club houses for the outdoor clubs

than is Omaha, which has three, without counting the South Omaha Country club, beautiful place. Three complete 18-hole golf courses also are maintained, which are wonders to visiting golfers. The weather man threatened to have a day of his own making in the morning,

but after a slight wind the sun came out bright and clear and the day was just as if made to order, giving the lovers of outdoor sport the chance of their lives to enjoy nature under the wide open canopy of heaven.

Grounds and House Ideal.

The club grounds and house are complete and make an ideal home for the club. The old Patrick home has been remodeled in such a way that it is now especially adapted for a club home. The house is situated in a beautiful wooded draw, which is within easy driving distance of the city and at the end of the Dundee car line, extended. This was extended by the Omaha & Council Bluffs Street Rallway company 1,200 feet for the accommodation of the members of the club and a hustle was made to have it completed in time for the opening last night.

Surrounding the club house have been prepared croquet grounds, where those who like n game which may be played in the shade of the large trees, may move around without getting in the sun. A nine-hole putting course also has been constructed which will be put to good use. A novelty in the way of a clock for putting purposes has also been installed, and a place set aside for the pitching of quoits. The eighteen-hole course has been prepared under the supervision of Ernest Gibson, landscape gardener, until it is in fair condition and will soon be a fine course.

Although dishes and silverware have been bought to accommodate 200 people at a sitting, the directors deemed it advisable to arrange for but 170 at each stilling, so the first 170 were served at 6 and the next at 7:30 last night. The dining room was beautiful with its mahogany wood work, chairs and tables, the tables being circular and arranged for the seating of six or eight at a time. Stewart Halls was secured in Chicago to look after the club house. As he had had several years' experience as steward of the Chicago Country club, the most successful temperance club in the west, the directors are congratulating themselves on their good for-

Light, Power and Water.

The club and grounds are connected with the Omaha Electric Light and Power comone drives into the grounds the beautiful club house, in two sections, is spread before the view. To the left is the main building, which was the old home of the Patrick family, and to the right is the men's quarters, which was the lounging room of the Patrick boys. The men will use the lower floor as a den and the upper floor for baths and locker rooms.

The women will have possession of three rooms on the second floor of the main building and will have shower baths, lockers and lounging room. The large southeast room has been set aside as Mrs. Patrick's room and given her for life to use as she sees fit. The Patrick boys, John and Robert, also are made life members of the club, because of their long association with the house and grounds.

A kitchen has been built on the rear of the larger building and everything was in readiness' for the opening. On the third floor the large billiard room will still be used for that purpose and several of the other rooms used for the servants of the

The grounds also are adorned with a beautiful spring, of which the directors are now considering the development. The club membership is limited to 300 and the membership is now over 200.
