ALL RUNS MADE IN EIGHTH

Up to that Time It Was a Blank for Lincoln, and Nothing Was Doing in the Ninth, but that Was Enough.

SIOUX CITY, Is., July 22.-After holding the Lincoln Goslings tight to first and second bases for seven innings, pitching shutout ball all the way, Corbett had a prainsform in the eighth and was pounded to a frazzle. Before the Ducklings were pulled off, they had planted enough runs to give them the game, 7 to 3. Zackert was hit freely by the Sloux, and after his club had rounded up a big lead, Holmes sent Scotte in to head off a possible rally.

HEAT CAUSES BATTING SLUMP

Pitchers Are Working Hard and Records Are Scaled.

Hot weather set the pitchers to working their best in the National league and the batting records were scaled down considerable as a consequence. Wagner has passed Magee in the race of the regulars for the batting honors. Kling has done the best all around work as a catcher to date and Ganzel is the rightful leader of the first sackers, although the young Cardinal, Konetchy, has a remarkable record for the time he has been playing. Knabe tops the seconds and Steinfeldt leads at third and Dahlen at short. McCarthy was leading the outfielders when released. Chicago leads in team fielding. RAMBLERS BEAT INVINCIBLES Fort Omaha Grounds.

Fort Omaha Grounds.

It took extra innings for the Rambiers to defeat the Invincibles in one of the most interesting games ever played at Fort Omaha. Probst and Benson pitched great ball in tight places and their support at times was professional. The fielding of Kucera at short was phenomenal, cutting the Rambiers from three clean hits. Kroupa made a grandstand catch at second base in the eleventh, making a fast double and saving the game for another inning. Score:

HEALS

The deep, underlying cause of every old sore is a bad condition of the blood. This vital fluid has become infected with some germ or poison which prevents the place from healing. This infection may be the result of an inactive, sluggish condition of the system leaving the refuse matter of the body to be absorbed into the circulation instead of throwing it off through the usual channels of nature. Another cause is the weakening or polluting of this life-stream from hereditary taints, or from the effects of a long spell of sickness, leaving disease germs in the system. When the blood is in this condition a sore cannot heaf because the impurities with which the circulation is filled are being constantly discharged into the place to irritate and inflame the tissues and further disease the surrounding fiesh. The only treatment that can do any good is one that removes the cause, and for this purpose nothing equals S. S. S. It begins at the fountain head of the trouble and drives out all germs, impurities and poisons, and then the place, being supplied with rich, pure blood, heals naturally and permanently. Local applications assist in cleansing the place, but a cure can only be effected through a purification of the blood. Book on flows and Olbert and any medical advice free.
