Break old heating shackles!

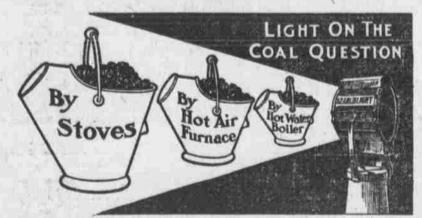

Too many housekeepers are chained to coal-hods, brooms, and dust-pans because of the endless drudgery caused by ash-dust, soot, smoke, and coal-gases thrown into the living rooms by stoves and hot-air furnaces.

for warming by Hot Water or Low-Pressure Steam free the overburdened home-makers from the shackles of cleaning, scouring, and dusting due to old-fashioned heating.

Our dustless heating outfits do not litter the rooms, thereby reducing house-cleaning one-half, and saving much wear on carpets, draperies, and furnishings. IDEAL Boilers and AMERICAN Radiators produce nothing but clean heat-sanitary warmth-protection to family health. Every room, nook, and corner of the building is made uniformly cozy and enjoyable in any weather.

Better at first to omit the useless inner doors, extra chimneys, mantels, fancy lamps that are never lighted,

There is nothing about IDEAL Boilers and AMERI-CAN Radiators to loosen, warp, or rust out. They will perform their heating service silently and surely, without repairs, year in and year out, during the lifetime of the building, and longer. Known as the best, they insure larger rentals for buildings so equipped, or if you sell the building their full cost is returned.

If the passing winter has shown you how comfortless, costly, and uncleanly your present heating methods are, write us today and we will send you (free) our valuable booklet, "Heating Investments Successful," which tells all about the easiest and most economical ways of heating ever designed for best living progress. No tearing up necessary-put into OLD buildings-farm or town. Prices are now most attractive-and in these less hurried months you get the services of the best fitters. The canvass of the vote showed the same figures as already published and that F. J. Capell and W. B. Reed had been elected embers of the board and George S. Davis elected treasurer of the school district.

J. P. Hess, one of the retiring members thanked the members of the board for their assistance and courtesy to him and briefly reviewed what had been accomplished by the board during the nine years he had served as a member. He told of the locating and building of the new high school the adoption of a new text books and the introduction of manual training. Mr. Hess was followed by President Tinley, who in a brief talk paid an eloquent tribute to the services of Mr. Anderson, the other retir-
