FARMERS TRY TO RECOVER NOTES

Give Them to Omaha Doctor and He Sells Them to Bank.

HASTINGS, Neb., March 20.—(Special Telegram.)—Three suits have been instituted in the county court for the recovery of promissory notes given Dr. F. H. Fowler of Omaha and discounted by the Farmers Savings bank of George, Ia., and the First State bank of Fremont, a town near here. The plaintiffs are Henry Uden, William A. Phipps and Fred A. Katsberg. The petitioners assert that they entered into contracts with W. Winslow, representing himself as a doctor employed by the Northwestern Medical and Surgery Institute of Omaha, who undertook on behalf of the firm to cure the patients for a stipulated figure. They say that afterwards Dr. Fowler called on them, declared that Winslow was not a physician, and that he had no right to enter into the contracts, being merely a friend of the institution. Dr. Fowler, it is alleged, said that because of his speech, he could not undertake to effect cures for the amounts named in the contracts. He fixed new prices and the patients or the heads of the families signed notes agreeing to pay at the new rate for the service and treatment. These notes were sold to the bank in George and afterwards came into the hands of the Fremont bank.

SILVER FOR BATTLESHIP

May Eighth Date for Presentation to the Nebraska.

TIMED WITH THE BIG REVIEW

Special Train to Carry the Governor, His Staff and the Nebraska People Who Wish to Attend the Ceremony.

(From a Staff Correspondent.)

LINCOLN, Neb., March 20.—(Special.)—Governor Sheldon has received a letter from Victor H. Metcalf, secretary of the navy, informing him that the battleship Nebraska will take part in the naval review at San Francisco, May 8, and suggests that the silver service be presented to the officers of the ship at that time. The letter is as follows: Navy Department, Washington, March 18.—Sir—Replying to your letter of the 7th instant, relative to the proposed presentation of a silver service to the United States Steamship Nebraska, I have the

honor to inform you that chief of the Bureau of Navigation, to whom your letter was referred, reports that the Nebraska will take part in the naval review to be held in San Francisco, May 8, 1908, and recommends that the presentation of the silver service take place on or about that date, which recommendation is approved. It is suggested that you communicate with the commanding officer, United States Steamship Nebraska, with a view to arranging further details. Very respectfully, V. H. METCALF, Secretary.

Governor Sheldon will take the matter up with Commander Nicholson at once and it is probable May 8 will be the date set for the presentation. A majority of the members of the governor's staff have replied to his invitation to go on the trip and others have also signified their intention to accompany the special train will be secured, though the details of the route have not yet been figured out. Major Phelps of the office of the adjutant general is now in communication with committees in San Francisco, relative to hotel rates.

Governor Prepares Cattle Map.

Governor Sheldon has made a map of Nebraska showing the route of the quarantine line in his proclamation where cattle are infected in this state. East of the line of his quarantine there are only 1,061 cattle infected according to the reports he has received, or .00125 per cent of the cattle in that region. He will urge the government to accept his quarantine instead of quarantining the entire state. West of the line established by the governor's proclamation the reports show that most of the herds are infected. Governor Sheldon will leave Lincoln early Sunday morning over the Burlington for Omaha, from which place he will go to Washington. He will accompany members of the Live Stock exchange of South Omaha.

Report on Industrial School.

The report of E. B. Fairfield, state accountant of the condition of the Boys' Industrial school at Kearney shows that the institution's enrollment March 11 was 175, while the average number of inmates for the year previous was 212. At this time there are twenty-nine employees and five officers, while a year ago there were twenty-seven employees and four officers. In the matter of attendance last year no permanent daily record was kept, but as stated though the number 212 was the average, as shown by the semi-annual report. Also there was no probation officer last year. At this time the employees' wage fund amounted to \$17,220.66; during the eleven months the average expenditures from this fund amounted to \$1,161.82. This, according to the report, would leave a balance at the close of the biennial of \$2,116.82, but of late owing to smallpox and diphtheria the pay roll has averaged more than was the average for the eleven months. During the last months \$2,000 worth of goods were bought by permit, while during the prior three months the permit purchases amounted to \$5,700. The cash receipts during the last six months amounted to \$4,057.73 and the disbursements, \$1,423.63. The receipts were chiefly from the sale of farm produce. The institution farms 240 acres, including 200 acres of pasture, and has on hand the following live stock: Forty-three milk cows, 22 beef cattle, 1 bull, 35 horses and colts, 25 calves, 24 hogs. The institution intends to begin raising poultry this year. Superintendent Sherman says he has 700 bushels of potatoes for sale.

Vedettes Against Liquor Men.

The supreme court today handed down two opinions in which liquor dealers are held responsible indirectly for deaths, and declaring that damages can be collected. In one the widow of a man who died as a result of a debauch at David City was empowered to collect a reasonable sum for support from the saloonkeeper who sold her husband liquor. In the other the Willow Springs Brewery company of Omaha is declared liable for the death of a boy who is alleged to have become intoxicated at the brewery, wandered on the railroad track and was run over by an engine and killed.

Change in Traction Schedules.

Telegrams from New York City today stated that J. W. McDonald of Lincoln has

been elected president of the Lincoln Traction company. He succeeds M. L. Scudder of New York. The headquarters of the company will be moved to Lincoln.

No Ruling in Express Case.

The supreme court did not pass upon the application of the attorney general for an injunction against the express companies to compel them to obey the Bixby law pending a trial of the case on its merits. The attorney general was not in the city, being absent in Washington, and Chief Justice Barnes said the matter would come up April 7 when the motion for a referee is argued.

Cold Storage for Prison.

Treasurer Brian and Secretary of State Junkin and Warden Beemer of the state penitentiary went to Omaha today to inspect a refrigerator that the warden wants to buy in which to store meat used at the prison. The officers figured it will be cheaper to buy this plant than it will be to buy ice.

Soldiers Draw Pay.

During the month of February the office of the adjutant general paid thirty claims of Spanish-American war veterans. This leaves about \$2,000 still in the hands of the adjutant general to be paid to veterans as fast as they apply.

Verrees Gets New Trial.

BEATRICE, Neb., March 20.—(Special.)—Harry Verrees has been granted a new trial by the supreme court in his suit for \$5,000 damages against Gage county. In 1903 a traction engine crashed through a bridge west of Beatrice, carrying Harry Verrees, the plaintiff, and Charles Folden down with it. Folden was killed, while Verrees received an injury to his spine. This is the second time this case has been passed upon by the supreme court. It has already been tried twice on the district court. The decision of the lower court, which allowed him a second trial in Gage county. This trial also resulted in a verdict for the county. BEWARE OF IMITATIONS Cheap Substitutes and "Just As Good As"

Unscrupulous dealers, mindful only of profit and caring nothing for the health of their patrons, are offering for sale low-grade, impure whiskey, which they tell you is an "good quality of Duffy's". It is a cheap concoction and fraud, intended to deceive the people. Of course, when a remedy has been before the public so long, has been prescribed and used by the best doctors and in all the prominent hospitals, and has carried the blessing of health into so many thousands of homes as DUFFY'S PURE MALT WHISKEY has, imitations are bound to arise. But they can imitate the bottle and the label only—no one can imitate the contents.

Duffy's Pure Malt Whiskey is an absolutely pure distillation of malted grain; great care being used to have every kernel thoroughly malted, thus destroying the germ and producing a predigested liquid food in the form of a malt essence, which is the most effective tonic stimulant and invigorator known to science; softened by water and moisture, its palatability and freedom from injurious substances renders it so that it can be retained by the most sensitive stomach.

Any firm that will sell imitation or substitution goods will sell impure drugs. The firm that is dishonest in one thing would not hesitate to be dishonest in another. Whenever you see imitation and substitution goods offered for sale by a firm, beware of anything and everything put up by that firm. You endanger your own life and the lives of your family and friends by dealing with them.

BEWARE OF FRAUDS! Duffy's Pure Malt Whiskey

is sold in sealed bottles only—never in bulk. A facsimile of the genuine bottle, full size, is printed here so that you may easily recognize it. It is our own patent bottle—round, amber colored, and with the name "Duffy's Malt Whiskey Company" blown into the glass. The trade mark—the Old Chemist's Head—is on the label, and over the cork there is an engraved paper seal. Be certain this seal is not broken.

REFUSE IMITATIONS AND SUBSTITUTES

When you ask for DUFFY'S PURE MALT WHISKEY be sure you get the genuine, which is the only absolutely pure malt whiskey containing medicinal, health-giving qualities. Imitations and substitutes, far from relieving the sick, are positively harmful. Demand DUFFY'S, and be sure you get it. Be on your guard against refilled bottles.

Duffy's Pure Malt Whiskey promotes health and longevity.
