NEW KOUNTZE TRACT PLATTED

Old Exposition Grounds in North Part of the City to Be Offered to Home Builders Soon.

Activity in Omaha real estate will be at its highest point in two weeks, the number of inquiries and sales pending now exceeding those of last year. City property will move to investors, home buyers and dealers who buy for speculation.

For investment, F. C. Darling, an Iowa, has bought the three story brick building at Fourteenth and Jackson streets from John Hockstrasser, for \$27,500. The sale was made through George & Co. The building is just two blocks east of the new Kountze, opposite the Omaha hotel and well located. It will be remodeled before new tenants are secured for the building.

Within a few weeks the Kountze estate will file a plat of a new division west of Kountze park and east of Twenty-fourth street, between Pinkney and Pratt streets. Hastings & Heyden will handle the property and only the lots with a south front along Pinkney street will be sold in the early spring. There will be more than fifty new lots added to the available building sites in the north part of the city.

Tract Held by Park Board.

Some time ago the Kountze estate platted the east end of the old exposition grounds between Nineteenth street and Sherman avenue and between Pinkney and Pratt streets. Sixty well located lots were offered to home builders, but the Park board has held up the sale of lots by proposing to lay out the "Bluff boulevard," which would probably pass through the property. Many inquiries have been made for the lots, but the dealers cannot dispose of them until the Park board reaches some decision about the "drive."

M. S. Atkinson is having plans drawn for a St. Louis flat to be erected on Emmet street, between Nineteenth and Twentieth streets, and which will cost \$6,000. The flat is to be novel in that it will have a gable roof, exposed rafters and asbestos shingles. Ground has been broken for a frame St. Louis flat at Sherman avenue and Emmet street.

Two lots in Kountze Place were sold Tuesday by Hastings & Heyden, both being on Emmet street, one just west of Eighteenth and one between Nineteenth and Twentieth, to James W. Ellwood, the consideration for the two being \$1,500.

Given Up to Die.

B. Spiegel, 1204 North Virginia street, Evanston, Ind., writes: "For over five years was troubled with kidney and bladder ailments which caused me much pain and worry. I lost flesh and was all run down, and a year ago had to abandon work entirely. I had three of the best physicians who did me no good and I was practically given up to die. Foley's Kidney Cure was recommended and the first bottle gave me great relief, and after taking the second bottle I was entirely cured." Why not let it help you? For sale by all druggists.

SHRIVER HAS PLENTY OF WOE

County Assessor Must Do Work Which Railroads Failed to Perform.

County Assessor Shriver has his work marked out for him. At the details of the job are set out in the terminal tax law. And he will have to do a lot more than is set out.

While all the railroads, with the exception of the Northwestern railroad, sent in blue prints, with their reports of locally owned property, none of the roads placed a value on the real estate. The law provides that this shall be done by the roads. When they failed, however, Mr. Shriver said the only thing for him to do was to do that work himself, and he is now preparing to get busy at the job.

He was a little put out Tuesday when the report of the Missouri Pacific came in with 25 cents express charges annexed. While he disliked to pay the quarter on general principles, he was more annoyed over the fact the road failed to place a value on its property.

The law provides that these reports shall be filed by March 1, but owing to the fact it was practically a physical impossibility to do this, the State Board of Assessment laid through its secretary that it will not insist upon a penalty being paid by the railroads.

Shriver is having trouble getting his books from the printers, which is causing him some delay on the preliminary work of the assessment.

"HOLD PRESTON TILL I COME"

Telegram Received from Sheriff Hackley of Brighton, Colorado, Regarding Mysterious Man.

"Hold Preston until I come." Thus read a telegram received by Chief of Police Donahue from Sheriff C. L. Hackley of Brighton, Colo.

Preston has been held at St. Joseph's hospital for three weeks under police guard night and day because the Brighton officials thought maybe he was the man who tried to rob the postoffice the night of March 7, and when discovered shot the night marshal dead. Sheriff Hackley was able to identify Preston. He failed to do so, but secured Preston's promise to go to Denver without making any papers. Since Hackley left ten days ago nothing had been heard of him and Chief Donahue telegraphed Monday saying Preston would be

THEORY GENERALLY ACCEPTED

AND SUCCESS IS UNIVERSAL

I. T. Cooper, whose theory that the human stomach is the cause of most ill health and who created a furor in Chicago, St. Louis and other western cities, is meeting with the same remarkable success with his medicine throughout the east.

Charles C. Rivett and Mrs. Mary Jensen were married Tuesday afternoon by County Judge Leslie and started on the road to happiness and prosperity. The groom took on domestic habits when the entrance to the court house was reached. There he and his bride-to-be stopped and the groom fixed the veil and pinned the flowers on his sweetheart, while she pinned a big red rose to his coat lapel. All this was done with most of the court house attaches running over themselves to get a peep at the couple. They will reside in Omaha.

BOHEMIANS WRITE TO ROOT

Omaha Committee Sends Secretary of State a Long Letter of Protest.

Acting on a supposition that the interview purporting to have been had with Secretary Root by the correspondent of a Vienna newspaper is correct, the committee appointed by the Bohemian citizens of Omaha has addressed a long communication to the secretary.

It sets forth at length the number and quality of Bohemian immigrants and their citizenship in the United States. In the first place, it is pointed out that of the more than 1,000,000 immigrants to the United States last year only 12,000 were Bohemians, a little more than 1 per cent of the total. Illiterate persons to the number of 2,500 came into America from Europe in 1905, or eleven and one-third in every thousand. Of the total number only eight were Bohemians, or two-thirds of a person per thousand. It is also shown that for that year a very large number of the Bohemian immigrants were skilled workmen, over 38 per cent having trades knowledge and skill.

The Bohemians continue to improve their condition after coming to America is shown by experience in Nebraska, and supported by the number of students in the state university, the public schools, and the general interest taken in the work of education. The commercial importance of Bohemia as a part of the Austrian empire is also cited, and supported by figures from official sources. The address concludes:

Whatever standpoint you take to view the situation, you can not possibly maintain successfully that the Bohemian immigrant belongs to the undesirable class. Wherever he is known he has the reputation of being honest, law-abiding, industrious, frugal and prosperous citizen, in every way equal to the best. On behalf of the Bohemians of Omaha, by whom we have been elected in a public meeting, we are yours most respectfully, JOHN BOCKICZY, VACLAV BURESH, MIL CERMANSKY, CHARLES STEIGER, F. VODICKA, RICHARD PHILIP, V. DUSATKO.

SAVIDGE WANTS A CREMATORY

Preacher is Working Up Movement for One in Omaha at an Early Date.

"I am working to establish a crematory in Omaha," says Rev. Charles W. Savidge, "and I am getting good support. I have just received a letter from the Bohemian Freethinkers union of Omaha, and while the members of it look at the subject from a different angle of my viewpoint, they agree with me and are willing to help me get a crematory in Omaha. I take the position that when my body dies the spirit departs from it, and the freethinkers say my body never had a spirit in it. But that is neither here nor there, the fact is these people are with me. K. W. Bartos is president of the freethinkers and F. J. Janan secretary. They have informed me that Joseph Packer of Burwell, Neb., has written to them that he will contribute toward a crematory."

Mr. Savidge's plan is a stock company affair.

PLANS FOR NEW SCHOOLS

Buildings Are Proposed for Omaha View and Forest and Discussed by Board.

Plans for proposed new school buildings for Omaha View and Forest schools were discussed Tuesday afternoon by the Board of Education committee on buildings and property with the leading architects of the city. Report of the conference will be made by the committee to the whole board at the time of its next meeting. Heretofore the board has engaged an architect to draw its plans, but a motion was made at the last meeting to ask for bids for plans for the school houses. G. D. Rice, member, objects to the asking for competitive bids on the ground that the best architect obtainable be secured to draw the plans for the school houses, as it is very important that ventilation and light be absolutely all right, which cannot be assured in competitive bidding.

SECOND SHERLOCK HOLMES

Officer Hudson Jumps Into the Class of Great Ones with One Leap.

Officer Hudson is following close in the footsteps of the great Sherlock Holmes. Monday night, when he found the screen out from under the footprints in the soft soil under the window of Friedman's pawnshop, 211 South Twelfth street, he followed out his theory. Looking around for a clue, he found a butcher knife lying near the window. Plainly this was the instrument with which the screen was cut. The officer also found a footprint in the soft soil under the window. He made a diagram of the print and turned it in with his statement to Night Desk Sergeant Marshall, who entered into the spirit of these careful investigations and registered the time of discovery of the burglary exactly at 5:52 1/2 a. m.

Colonel Barrows a Grandpa.—Colonel B. H. Barrows of the Omaha custom house is unapproachable on account of pride over the news just received that a big, nine-pound baby girl was born Monday to Mr. and Mrs. Willard Barrows of Hastings. Willard Barrows is the son of Colonel Barrows.

Complaint for Blows in Face.—James V. Sweeney, proprietor of the Nebraska Marble and Granite works, had a complaint sworn out Tuesday for the arrest of Adolph Hubert, a barber in the shop at 213 South Sixteenth street. Ralph Kitchen Still Administrator.—Ralph Kitchen, administrator of the estate of James B. Kitchen, will continue to serve as such. County Judge Leslie has overruled the motion of Mrs. Joseph Kitchen, widow of the late James B. Kitchen, to have him removed. Two policemen in plain clothes bought the beer at Schaeffer's saloon on Sunday, March 15, and there was no controverting of their testimony. However, Schaeffer filed a bond to appeal the case to the district court.

Arrest Over Cutting Sod.—Stella Mohler, 2324 South Twentieth avenue, secured a warrant Tuesday for the arrest of J. J. Groom Sends the Cigars.—The receipt of a box of cigars at the office of the chief clerk of the railway mail service Tues-

day morning, with instructions to place them where they would do the most good, was the first intimation that Railway Mail Clerk A. G. Long gave his associates of his marriage. The event took place over in Iowa Monday, the bride being Miss Tyler. Mr. DeLong's run is on the Omaha & Chadron division of the railway mail service.

Gold and Green Furniture.—When the Myers-Dillon company bought the \$12,000 soda water fountain, which is being installed, P. B. Myers, president of the company, saw he had to get some elaborate furniture to match the fountain, so he gave, D. F. Corte of the Miller-Stewart-Beaton company orders to get the best to be had. He did. It is now on exhibition in the window of the furniture company on South Sixteenth street. It is finished in green and gold and comes from Germany.

Husband Killers for Help.—Though Berthens Cooper married Jobe when he was 19 and she was 42 and they have lived together since 1887, Berthens failed to make Jobe contented and happy, and Tuesday afternoon he filed a petition asking the district court to let him loose. He says his wife has been cruel to him; has pulled his hair and pinched him, and besides that she was 42 instead of 39 years old when she took him unto herself, as she claimed. As for himself, he says he was a mere child at the time of the wedding, being only 19 years old.

He had offered the tin for sale at the bargain price of 5c each. When asked where he got his stock, Neal explained in police court that "a party left it" with him. He had forgotten who the party was. When the court offered to amend sentence if Neal at any time during his incarceration should remember the name of this party, it brought no sign of hope to his face.
