FIRE INSURANCE AGENTS MEET Arrangements Made to Entertain the State Association. At a well attended meeting yesterday afternoon the local fire insurance agents effected an organization for the purpose of arranging for a representative of the annual convention of the Iowa Association of Local Fire Insurance Agents to be held in this city June 11. John I. Lotz was elected president, and Frank C. Riker, secretary and treasurer. These committees were appointed:

Entertainment—T. G. Green, F. F. Everett, E. H. Loughe, F. C. Hendrick, Painter Knox, Frank Biner, and J. N. Casady, Jr. Reception—E. H. Loughe, W. J. Leveitt, R. B. Wallace.

Although nothing definite as yet has been decided, the members present at the meeting yesterday favored entertaining the visiting insurance men at a luncheon and smoker at Lake Manawa, the evening of the day of the convention. In the event that the Bowling association will grant the use of the club house at Lake Manawa, the luncheon and smoker will be given there. If the club house cannot be secured the Casino will probably be the scene of the festivities.

The meeting adjourned to April 15.

Compiled Ordinances Defective. Another defect, it is alleged, has been found in the newly compiled city ordinances, for which the city council paid G. H. Scott for revising. Besides the amount paid Mr. Scott, the expense of printing and binding the newly compiled ordinances was several hundred dollars. Search of the volume has failed to bring to light the ordinance governing dog taxes. City clerk Stapp, whose duty it is to issue the dog tags, stated yesterday that he had made diligent search all through the new volume, but had been unable to discover the ordinance. That the ordinance was missing from the new volume, was also called to his attention by a member of the bar.

The ordinance in question provides for a license of \$1.25 for male dogs and \$2.50 for female. Dog tags are due May 1.

WORK ON ANNUAL BUDGET

Treasurer and Finance Committee Estimate Income at \$30,000.

DRAFTING APPROPRIATION BILL

Revenue from Saloon Licenses is Placed at \$30,000, but Some Think This is Too Large.

Figuring on an anticipated revenue of \$30,000 from saloon licenses City Treasurer Frank True and the finance committee of the city council have decided that the appropriations for the maintenance of the several municipal departments for the ensuing fiscal year can be based upon an expected total income of \$30,000. This is only few thousands short of the amount appropriated last year.

The finance committee and City Treasurer True figure that the \$30,000 revenue can be obtained as follows: Ten mill levy for general fund will bring in approximately \$28,000; saloon licenses, \$50,000; dog taxes, forfeitures, city licenses, etc., \$4,500; balance remaining in police fund at the close of the present fiscal year, \$7,500.

There are some who are of the opinion that the finance committee is somewhat too optimistic in placing the anticipated revenue from the saloon at \$30,000. With the present strict enforcement of the malt law it is believed that quite a number of the smaller saloons will be forced to quit business and should this prove to be the case the revenue from this source would be materially lessened.

The drafting of the appropriation ordinance, which is to be submitted at the meeting of the city council tomorrow night, has been left to City Treasurer True by the finance committee. Mr. True stated yesterday that the ordinance was practically completed with the exception of a few items, and that he would submit it to the council tomorrow night.

The ordinance, he said, would be in shape for submission to the city council Thursday night.

MARRIAGE LICENSES. Licenses to wed were issued yesterday as follows:

McDiarmid Hopes to Get Bond. MARSHALLTOWN, Ia., March 25.—(Special.)—Cashier Donald A. Johnson of the Grand Mountain Savings bank, who is indicted with Dr. Stuart B. MacDiarmid Saturday, is believed to be in Cedar Rapids, but so far, according to the local officers, no attempt has been made to bring him to this city to answer to the indictment.

His attorneys had a long session with Judge J. M. Parker of the district court this morning in an effort to secure from the judge a ruling that the bond of \$3,000, on which Johnson was released from jail a few weeks ago, be continued. Although Judge Parker intimated today that he thought the bond should be continued, he consented to take the case under advisement for a short time. MacDiarmid's attorneys were authority for the statement today that MacDiarmid's friends in Omaha expected to be able to have a bond here for his release within a short time.

GLENWOOD, Ia., March 25.—(Special.)—The Glenwood Electric Light and Power company yesterday commenced the erection of an artificial ice and cold storage plant on the west of the city. Wickham's Paving Plans. There are visible signs that Contractor Wickham expects to complete the paving of Lower Broadway from Twenty-fifth street west to the approach of the street railway company's bridge. He has ordered 4,000 cubic yards of sand along the railroad track on First avenue.

The sand has been deposited in three great piles, one at the corner of Twenty-fifth street, another at Twenty-fourth, and the third at Twenty-third street. From these points the sand will be distributed when the work of paving is resumed. The sand is brought from the banks owned by the Wickhams, east of Big lake and alongside the tracks of the Northwestern railroad. More sand is being constantly added, as a much larger quantity than that already on the ground will be needed for the completion of the long strip of paving, work on which will, Mr. Wickham expects, be commenced as soon as the weather becomes sufficiently settled.

Last year they were held in March. Mr. Jackson said as a concession to those who want to leave school for other work at that time of the year.

Mr. Jackson said that he had decided on the change for the reason that the number desiring to leave school in March is not large and as a result of the change, some of them may be induced to remain to complete the course up to a later date. The early examination, he said, was unfair to

WOMEN GIVEN INJUNCTION

Des Moines is Restrained from Erecting New City Hall.

BOND ELECTION IS IRREGULAR

Question of Right of Women to Vote on Creation of Indebtedness to Go to Supreme Court.

(From a Staff Correspondent.)

DES MOINES, March 25.—(Special.)—Judge Scott M. Ladd of the supreme court today issued a restraining order restraining the city of Des Moines from erecting a \$350,000 city hall till the appeal of the women of Des Moines from the decision of the Polk county district court not allowing them to vote is heard by the supreme court.

The contract for the erection of the new city hall has been one of the bones of contention in the campaign over the commission form of government. The present occupants of the city hall and the candidates for commissioners have been running a race for the matter, and the election of commissioners will take place Monday next and they will take office April 1. For the present city council to let the big contract it would have to be let this week. The restraining order of Judge Ladd says this and the matter is left to the other side, which wants the city hall erected by the new commission.

There is a considerable question involved in the suit which has been appealed to the supreme court over the franchise of women. The women of Des Moines, led by Mrs. Mary Cosgrove and her attorney, Grace Ballantyne, contend that women have a right to vote where there is question of issuing bonds. The city will issue bonds for the site and erection of the city hall. The bonds have already been issued by the city council. The women were not allowed to vote and to avoid this, the city officials merely provided on the ballot the question "Shall a city hall be erected costing \$350,000," not mentioning the matter of bonds. The women contend that the election is illegal and should be fought out before the supreme court.

Anti-Reformatory Society. An Anti-Reformatory society is to be organized among the boys of Iowa, similar to the Anti-Prison society organized by Maude Ballington Booth. The first work of organizing the new society is being done by Probation Officer Young of the city among the boys whom he has befriended. It is proposed through the society to take care of the boys who leave the Industrial School for Boys at Eldora.

Men for Housework. Distracted housewives of Des Moines who are unable to find domestic servants to do their household work are to be helped by the hard times and the straightened circumstances of men to get their work done. Every employment bureau in town has men on its waiting list, but few if any women. As a result the housewives are hiring men to do their washing and floor scrubbing. It is thought that the men who are doing housework are said to be thick on West Grand avenue and other fashionable sections.

Medics to Meet Here. Arrangements are being made for the annual convention of the Iowa State Medical society, to be held here May 30 and 31. The convention will be held at the Savoy and it is expected that the attendance will be at least 700 physicians and surgeons from different parts of the state.

The Polk County Medical society is already making arrangements to entertain the guests, and a series of business meetings with the county and city employees interspersed with rides about the city and entertainments of an interesting character, are planned.

Printing Office Burns. The Koch Bros. printing establishment in this city burned down last night with a loss of \$100,000. The loss to the building will amount to about \$2,000. The fire was discovered at 11 o'clock and at 12 o'clock, before it was out, a small fire, with every evidence of having been started by incendiaries, was discovered at the Livingston feed store at 77 Grand avenue, a few blocks away. This fire was found, eating its way through a floor of the building, by a woman who lives near by. It has led the police to believe that both fires are of incendiary origin. The police will conduct a non-union establishment. Some of the employees were recently attacked on the street.

Cummins Headquarters Open. Governor Cummins' headquarters at 215 in the Fleming block in this city were opened today with ex-State Treasurer Gilbert S. Gilbertson and Prof. F. E. Paville of Des Moines in charge. A committee of Des Moines Cummins men and another committee of Iowa Cummins men will co-operate in the campaign. It has been decided to call the Cummins clubs organized over the state Cummins Senatorial clubs.

Snow is a Benefit. Iowa was visited by cold and snow last night and fruit men today say that it will be of great benefit. There was danger that the fruit buds would open early under the premature warm weather, as they did last year, and be frosted. The snow and cold will retard the budding.

Divorce Withdrawn. Evelyn Rogers Weeks, who sought to get her petition for a divorce from Leo Weeks heard in the district court thirty minutes after it was filed, but failed, today withdrew the petition and it is understood a reconciliation has been effected.

Played Spanish Taster. James Coville of Easton boulevard in this city played the role of a taster with a mad bull to save his little daughter's life, and then had difficulty in saving his own.

The girl was sent to the grocery. She went through the pasture, and the father heard her scream. He grabbed a pitchfork and managed to get between the girl and the bull before she was hurt. He kept the bull back while the girl got to safety, and then tried to save himself. Twice he managed to dodge the rushes and finally escaped across the fence. Later the animal was sold to the butcher.

According to the charitable societies of this city, hard times are gradually disappearing, as there are a far less number of unemployed and positions are easier to secure.

Coal Mines May Continue. Coal miners and coal mine operators today say that there is a possibility that the coal mines of the state may continue to operate under an agreement under the present scale of wages. It will take six weeks at least to reach an agreement as to wages, and the present contract expires April 1.

OR for Cedar Rapids. The Des Moines and Seventh district democrats left Des Moines today for Cedar Rapids to attend the democratic state convention. They are strong for Bryan and claim that the convention will not divide on that point. A glorious time over the selection of a delegate-at-large is promised since State Chairman Miller has brought out W. W. Marsh of Waterloo, against the

Hunter's Wife Causes Arrest. MARSHALLTOWN, Ia., March 25.—(Special.)—B. S. The distance is twenty-eight miles. Mr. and Mrs. Hunter have separated and they had agreed that Hunter should have his boy, aged 4 years, while Mrs. Hunter was to have the custody of the daughter, aged 11 years. Hunter, who is living in Canada, decided that he wanted both children, and, enticing the girl from a picture show, he brought her and the boy to this city.

Threats to Extort Money Alleged. MARSHALLTOWN, Ia., March 25.—(Special.)—Jacob Bolei, a wealthy retired farmer of Rhodes, this county, was arrested by Sheriff C. S. Hutton near Rhodes late this afternoon on a grand jury warrant, charging malicious threats to extort money from H. F. Steuffer, cashier of the Farmers' Savings bank of Rhodes. The investigation before the grand jury, it developed today, tended to show that Bolei had threatened to make public charges against Steuffer unless he paid him \$500 to keep quiet. Bolei had connected with Steuffer in his alleged charges a highly respectable young school teacher of Rhodes, with whom Steuffer has been friendly.

Omaha Man with Two Wives. MARSHALLTOWN, Ia., March 25.—(Special.)—The marriage of Mrs. Hattie H. Williams and Charles J. Williams, the latter an electrician of Omaha, was annulled in the district court this morning by Judge Parker. Then, she said, she ceased to live with him. The couple was married in this city June 14, 1907. Williams has been in Omaha for several months. He made no defense at the hearing today.

JOURNALISTS' STRIKE ENDS German Reporters Accept Apology of Herr Groeber and Will Return to Work.

BERLIN, March 25.—The strike of the Reichstag journalists, which began on Thursday last, was settled this evening. Under pressure from the various party leaders, Herr Groeber, the center leader, who had called the journalists "swine," because they joined at a statement used by a member, to the effect that negroes had no immortal souls, read a statement at the end of the day's sitting, expressing apologies for the language he had used in referring to the journalists. At the conclusion of the statement a meeting of the journalists was called and they voted to return to work on Thursday.

During the course of the strike not a line has been published here on the proceedings in the Reichstag, and as a result of this failure of publicity, a large number of the members declined to deliver speeches, of which they had given notice, thus greatly impeding the work of the house.

THE CURE FOR THE BLUES—CASCARETS. A million boxes go out every month to carry a world of sunshine. Are you getting your share?

Cascarets act as a bowel tonic, not as an irritant. They are vegetable. Their action is natural. Their effect is the same as the effect of some foods. They are gentle; no griping. They are pleasant; no dreading. They are convenient; no waiting.

One old way was castor oil. The effect was to grease the bowels, and for a single day. Oil never causes the bowel muscles to act. Other ways were pills, salts and cathartics. The effect was the same as pepper has in the nostrils. They flooded the bowels with fluid. Those fluids were digestive juices. And the waste today means a lack tomorrow.

We knew that the method was wrong. That the after-effects only weakened the bowels. But we had no gentle laxatives in the old days. So we waited as long as we could, then took a big dose of physic. The method today is to take one Cascaret at a time—just as soon as you need it. Then the bowels are always clean.

Cascarets are candy tablets. They are sold by all druggists, but never in bulk. Be sure you get the genuine, with CCC on every tablet. The price is 50c, 25c and 10c per box.
