Word has been received here that the new railroad, which has been talked of between Rocknort, Mo., and this city is coming to a definite head. The Rockport, Shenandoah and Des Moines Railroad company has just been organized under the laws of Maine and it has filed its certificate of organization with the secretary of state in Augusta. The capital stock authorised is \$1,000,000 common and \$250,000 preferred, and the company proposes to

own and construct and operate railroads and other transportation systems with terminals, telephones and all other necessary or desirable auxiliaries. Inasmuch as the new railroad only costs \$750,000, it was im-

Lowers Freight Rates.

The State Railroad commission today ordered that from and after May 1 the rate on trimmings and slabs from sawmills be the same as the soft coal lump rate, which makes a reduction in the rate of about 30 per cent. A considerable amount of this is shipped for use in box factories and the like.

Contractors in Trouble Parties having contracts for paving on

Des Moines streets are in trouble and several carloads of creosoted wood blocks for paving have to go back to the factories because they contain an insufficient

amount of creasote. Representatives of the factories were in Des Moines today to seek to induce the city to accept the blocks, but without success.
