DEMOCRACY OUT OF TUNE

Councilmen and Mayor at Outs Over Authority of Each.

OPINION ON WATER WORKS BONDS

City Attorney Gives a Detailed Answer to Queries of Mayor on Limitation of City's Bonded Indebtedness.

The meeting of the city council last night disclosed the fact that all is not harmony with the new democratic municipal administration. Some of the councilmen, it appears, feel that the mayor has been treading on their toes and usurping some of their authority.

The repairs to the bridge over Indian creek at Ninth street appears to be the cause of the friction. The men under Street Commissioner Flood, acting under instructions, it is said, from the mayor, took up the old floor and started to lay a new one.

In compliance with the request of Mayor Maloney, conveyed in his inaugural message, City Solicitor Kimball submitted an opinion relative to the question of the power of the city to issue bonds for the construction of a water plant.

It shows both, since the statute provides that the latter shall be 35 per cent of the value of the property assessed for taxation; therefore, the limit of the city's indebtedness is determined by the actual value, that is percentage on actual value of taxable property, is not in conflict with the constitution of the state.

The committee on fire and light was authorized to sell the old fire department truck which has been out of commission for several years to an Omaha party in the house moving business for \$100.

City Clerk Cassidy announced the appointment of Albert Mortensen as his deputy and the appointment was approved. Councilman Bellinger alone voting against it. Mr. Mortensen is a nephew of Councilman Skodsholm.

At the suggestion of Councilman Morgan, the mayor will today appoint two special committees to look after the city's proposed new engine house. One committee will have charge of raising the funds and the other will prepare plans and specifications for bridging Indian creek.

Harry C. DeWick, a baggageman on the Milwaukee railroad, was killed in his bed at the Kiel hotel yesterday morning. Coroner Treynor, who was called, decided that death was due to either heart failure or apoplexy.

Dietrick, whose room was between Chicago and Council Bluffs, came in Sunday night on passenger No. 11 and on returning from Omaha went at once to his room at the hotel. He was apparently in his usual health. The fact of his death, evidently some time during the night, was discovered about 8 o'clock yesterday morning when he failed to show up for breakfast.

Deceased was 47 years of age and had been in the employ of the Milwaukee road over twenty-five years. He made his home in Chicago and is survived by his widow and one son. He was a member of the Knights of Pythias and the Woodmen of the World.

The body was taken to Cutler's undertaking rooms awaiting the arrival of Mrs. Dietrick, who is expected here this morning.

At first he said he had been robbed of \$50 and later put the sum at \$25. Owing to his condition he was unable last night to give any details of his assailant. Dohoney's injuries were attended to by City Physician Tubbs.

Four File Too Late. Four prospective candidates for township offices made the mistake of forwarding their affidavits to the county auditor by mail, with the result that they did not reach that official until Sunday, and consequently the names of these four candidates will not appear upon the ballots for the primary election on June 2.

County Attorney Hess was consulted by Mr. Choyle with reference to these four candidates, and his opinion was that inasmuch as the postmark showed the papers were not mailed until 7 p. m. on Saturday, or two hours after the county auditor's office was closed, and did not reach here in time for delivery before Sunday, the provision requiring such papers to be

We Spent \$32,400

To Give You Each a Can of Van Camp's

Three weeks ago—in this paper and others—we offered to buy you each a can of Van Camp's. That offer, in one day, cost \$32,400. Do you know any other beans good enough to stand a test like that?

Again and again we told you that Van Camp's beans are best. And we told you why. But the beans themselves, when we gave you a can, surprised you—did they not? Aren't these beans delicious? Do you wonder we took so much space in this paper, in an effort to get you to try them?

If you think that other beans are as good as Van Camp's, please serve them with ours and see. Let your people decide. Then get the brand which they like best. We are willing to leave it to them.

There's a very wide difference between other brands and Van Camp's. And it isn't due alone to our process. We pay \$2.10 per bushel to get the right beans, though beans are sold as low as 30 cents. But ours are Michigan beans—from a soil rich in nitrogen. Ours are picked out by hand from the choicest part of the crop. We get only the whitest, the plumpest, the fullest-grown.

All beans of one size—you saw that. We spend five times as much to make our tomato sauce as other sauce costs ready-made. But much sauce is made from tomatoes picked green and ripened in shipment. Much is made of scraps from a canning factory.

Such sauce is not rich, not savory. Ours is made from whole, ripe tomatoes, ripened on the vines. They are picked when the juice fairly sparkles.

Three Sizes: 10, 15 and 20 cents per can

Executive Council Devises a Scheme to Curtail Expense of Printing the Ballot for the June Primary Election. (From a Staff Correspondent.) DES MOINES, May 6.—(Special.)—Slot machines received their deathblow today and, so far as they are concerned, the lid is on in Des Moines. Commissioner Hamery today issued an order putting them out of business. He directed the police department, of which he is superintendent, to see that written notice was served on every proprietor of a slot machine that the machines must be out by Thursday. He directed further that the order should apply to all slot machines in which there is any element of chance in what the customer will get for his money.

Wants More Candidates. The order of Commissioner Hamery was issued following a written opinion by the city solicitor that such slot machines are contrary to the law of the state and contrary to the ordinances of the city of Des Moines. Once before slot machines were temporarily put out of business in Des Moines by the action of a justice of the peace in having numerous places raided where slot machines were in use.

SUFFERED WITH ECZEMA 25 YEARS

Limb Peeled and Foot Was Like Raw Flesh—Had to Use Crutches, and Doctors Thought Amputation Necessary—Montreal Woman Writes of Cure Seven Years Ago.

BELIEVES LIFE SAVED BY CUTICURA REMEDIES

"I have been treated by doctors for twenty-five years for a bad case of eczema on my leg. They did their best, but failed to cure it. I consulted a doctor who advised me to have my leg cut off, but I said I would try the Cuticura Remedies. After the first two treatments the swelling went down, and in two months my leg was cured and the new skin came on. I do not think I could believe my own eyes when he saw that Cuticura had cured me and said that he would use it for his own patients. I used two boxes of Cuticura, three boxes of Ointment, and five bottles of Resolvent, and I have now been cured over seven years, and but for the Cuticura Remedies I might have lost my life. I have lots of grandchildren, and they are frequent users of Cuticura, and I always recommend it to the many people whom my business brings to my house every day. ORCHARD'S CASE COMES UP

Idaho Board of Pardons Will Consider Commutation of Sentence Today. BOISE, Idaho, May 6.—The action to be taken by the State Board of Pardons at a special meeting tomorrow will determine the fate of Harry Orchard, better known as Harry Campbell. He is under sentence of death for the murder of former Governor Steunenberg, whom he slew with a dynamite bomb. Orchard has refused to ask for clemency. He says he is guilty, though repentant, and should suffer for his crime. Judge Wood, who sentenced him, however, has recommended commutation because of the assistance given the state in its successful prosecution of the officers of the Western Federation of Miners.
