Former Railroad Man Tells How the Railroad Managers Work It.

TERMINAL ASSESSMENT BIG JOB

State Camp of Modern Woodmen Concludes its Session with a Parade and Iniliation of Large Number of Candidates.

(From a Staff oCrrespondent.) INCOLN, May 8.- (Special.)-While protests are being filed with the State Rallway commission by employes of rallroads against a secrease in freight rates, the other side is now being heard. A party in a town in the western part of the state wrote in today that he used to be an emstore of a saliread and knew just how those storests are prepared and signed. He said when he was a railroad man the head office used to send out blanks for the emeyes to sign protesting against certain bil's pending to the legislature, and it was

a case of sign or regign. The action of the railroads in appealing to their employes to help them out has married indulries into the matter of the married indulries into the matter of the number of people in Nebruska who draw satrices like the railroads. The records in the office of the railway commission who office of the railway commission is the office of the railway commission of the railway commission in the office of the railway commission of the railw pleyed by the callroads in the state. Of 4.106 employed on the tracks and 25,088 in | Barnett. all other capacities. As 35 per cent of the population of Nebraska live on farms the

der the provisions of the terminal tax law promises to be a big job for the State the board will either have to return the assessment made by the county assessors for currections or place a valuation on the property in question. In several towns in Webster county for instance the county assessor has placed no value on the real estate of the Burlington. He has taken practically the returns of the railroad on other property, but placed no value on real eatate, which work will devolve upon the board unless the returns are sent back for correction. At Dakland in Burt county the same of Europe on nine acres of Eurington land, or about \$3.35 an acres of Burlington land, or about \$3.25 an acre, while at Lyons in the same county real estate was valued at \$3.26 for 13.09 acres. Burlington real estate in Omaha was returned at \$4.100 an acre.
