DUN'S REVIEW OF TRADE

Weather Conditions Check Distribution of Seasonable Merchandise.

FINANCIAL SENTIMENT BETTER

Steel Plants Resuming, but Consumers Are Slow in Placing Contracts in Expectation of Lower Prices.

NEW YORK, May 8.—R. G. Dun & Co.'s Weekly Review of Trade will say:

Weather conditions have exercised much influence this week on retail trade in seasonable merchandise and dealers at the leading commodity exchanges. Low temperature checked the demand for light-wearing apparel in the market that was already backward and heavy rains started reports of damage to the crops, yet there was no evidence of serious injury. Manufacturing conditions show little change, much machinery being idle. In some industries there is still a disposition to wait for lower prices, although restricted demand during the last six months must render replenishment of stocks almost imperative. Financial sentiment improves as restrictive measures are removed from commercial credits and sales of bonds provide funds for structural work. Failures decrease in number, white flannels in April were smaller than in any month since November, despite severest suspension of the advance in prices of securities. A few more steel plants have resumed decreasing the percentage of unemployed in this industry, but new contracts are placed with great caution, and it is evident that many consumers anticipate more attractive terms. Confidence grows in the textile mar-

kets as stocks in the hands of dealers become depleted and it is known that the time must be near for replenishment. The leather trade is rather quiet and eastern shoe shipment are 20 per cent off from 1907. Collections are still backward as a whole.

Business failures in the United States for the week ending May 7 number 258, against 232 last week, 154 in the like week of 1907, 162 in 1906, 158 in 1905 and 201 in 1904. Canadian business failures for the week number 22, which compares with 22 last week and 18 in this week of 1907. Wheat, including flour, exports from the United States and Canada, for the week ending May 7 aggregate 1,956,852 bushels, against 1,623,589 bushels last week and 2,394,418 bushels this week last year and 2,302,249 bushels in 1907. For the first five weeks of the fiscal year the exports are 180,574,163 bushels, against 146,736,049 bushels in 1906-07 and 218,425,275 bushels in 1907-08.

BRADSTREET'S REVIEW OF TRADE

Weather and Industrial Conditions Are Little Changed.

NEW YORK, May 8.—Bradstreet's tomorrow will say: Weather, trade and industrial conditions are little changed from last week and farm work, retail and jobbing business and the movement of old crops to market has been restricted by heavy rains, low temperatures or bad roads. The only notable exceptions to this are found in the Pacific coast and at a few southwestern centers. Manufacturers feel the lack of confident buying by jobbers and wholesalers who in turn report final distributors cautious in buying only what they need to replenish broken stocks. The textile trades are dull and on short time, but cotton goods men are more confident that bottom prices have been reached. The iron and steel industries show little change. Pig iron is dull and weaker and prices are claimed to be down to cost of production.

Some finished products are weaker, but on the other hand the leading interests assert prices will be maintained. The leather trade is rather quiet and eastern shoe shipment are 20 per cent off from 1907. Collections are still backward as a whole.

Business failures in the United States for the week ending May 7 number 258, against 232 last week, 154 in the like week of 1907, 162 in 1906, 158 in 1905 and 201 in 1904. Canadian business failures for the week number 22, which compares with 22 last week and 18 in this week of 1907. Wheat, including flour, exports from the United States and Canada, for the week ending May 7 aggregate 1,956,852 bushels, against 1,623,589 bushels last week and 2,394,418 bushels this week last year and 2,302,249 bushels in 1907. Hardware Store Robbed.

STURGEON, D., May 8.—Special Telegram.—The hardware store of N. A. Bullis & Co. here was robbed last night, the robbers entering the store through the basement. Besides taking what money was in the register, they took several revolvers and some other things. No clue yet.

AFFAIRS AT SOUTH OMAHA

Country Club Opening Day a Most Auspicious Occasion.

MANAGEMENT IS CONGRATULATED

Building and Grounds Thronged During the Afternoon and Evening and Plenty of Amusement for All.

Lovers of the bright out-of-doors season, and especially the management of the South Omaha Country Club, were delighted at the fair weather for the opening day. The wind was a little cool during yesterday afternoon, but otherwise every comfort attended the throngs of guests who visited the pavilion and grounds.

At one hour or another 400 or 500 people enjoyed the hospitality of the occasion. The entertainment committee had spared no pains to make the opening perfect. The grounds committee has been working for weeks to put the greens in order, to lay out paths, plant gardens, erect the grandstand and prepare the tennis and croquet grounds. All this work was completed in time for the first day.

The management received many congratulations during the afternoon from the guests. Many of these were out-of-town visitors. They said of the club and its grounds that no club in the state could boast so many ideal attractions in the line of landscape and situation. On a clear day, as yesterday, there is no better point from which to show a guest the beauties of Nebraska. The west side of the pavilion as the sun declined was lined with people. From that point both Omaha, Egg Creek, the Avery brick yards and the big sweep of the Missouri were visible, as well as dozens of farmsteads on the rolling hills to the west.

For special entertainment during the afternoon a practice game of ball was played by the club team and the colts. The first team was managed by Otto Radzweit and the colts by F. R. Gomey. The breeze was a little cold for comfort to the spectators and the pitchers complained of their arms.

A creditable game was played through seven innings. The colts won by a scratch. The final score was 4 to 1. The winners made all their runs in the last inning. The following was the lineup:

- Orndall..... Catch..... Fitzgerald
Caughy..... Pitch..... Suiger
Ringer..... First..... Clark
Telford..... Second..... Colver
Cavayana..... Short..... Goodman
Cavanaugh..... Right..... Ferguson
Sherwood..... Left..... Murphy
Murphy..... Center..... Finch

Diners in table d'hote style were served after 5:30 p. m. This part of the entertainment lasted until 8 p. m. The cafe under a new management this year. Mrs. Frances of Omaha managed the affair creditably. Those who gave dinner parties were N. B. Bryson, Joy N. Williams, N. E. Carter, A. J. Caughey, W. J. McCarty, James Wise, Theodore Thilston, Edward Munshaw, W. K. Kelley, D. L. Holmes, H. P. Cote, C. A. Melcher, C. H. Van Aistine, J. T. O'Leary, W. W. Fisher, W. J. Dearth, W. B. Tegg, J. G. Keller, Al Powell, W. B. Clark, E. A. Ross, J. M. Mc-

terday were entirely informal, and the success of the whole lay in the vigor and cordial manner in which the guests participated.

One of the first engagements of the season in the line of sports will be the first scheduled game of base ball. This is to be played Saturday afternoon. The club team will play against the Union Stock Yards team of the Intercity league.

Magic City Golf. The stock yards ball team is to play at Tekamah today.

Mr. and Mrs. Thomas Flier report the birth of a daughter.

Mr. and Mrs. W. H. Reed are entertaining Mrs. Anthony Miller of Springfield, Ill. Tonight the Columbia Tennessee jubilee singers will entertain at the high school auditorium.

Liquor licenses were granted to H. H. King and Thomas Gillispie yesterday afternoon by the Board of Fire and Police commissioners.
