DENTISTS SOLIDIFY UNION State Society Will Advocate City and

County Organizations. CONVENTION OF THREE DAYS

Cathering at Creighton Institute Promises to Be Largest in the History of the Nebraska

Association.

The thirty-second annual meeting of the Nebraska State Dental society began in Creighton institute at 1:30 o'clock Tuesday afternoon for a three days' session. The forenoon was devoted to an inspection of the manufacturers' exhibits in the assembly room, which was held from 9 to 12. At 1:30 the clinics were opened in Creighton Institute Dental infirmary and at the same hour the executive council of nine members, with the officers of the society, met in Royal Arcanum hall in the same building to outline the plans for the business of the meeting. All detail business is transacted by the executive council and its recommendations and findings are submitted to the general society meeting in order to expedite and simplify business, so that more time may be given to the reading and discussion of the papers and clinics.

Largest of All Attendances, The attendance at the meeting for the opening day is the largest in the history of the society. The Nebraska society enjoys the distinction of having a larger per cent of practicing dentists of the state as embers than of any other similar society in the country. There are about 500 practicing dentists, ethical and nonethical in Nebraska, of whom about 300 are members of the state society.

The state is divided into six districts and an effort will be made at this meeting to devise a plan for the organization of societies in all cities and counties where there are more than half a dozen practicing local organization conditions will be materially improved not only for the dentists but for the patients.

CUTICURA A STAND-BY THAT NEVER FAILS HER

"I just can't say enough for the Cuti-cura Remedies, I can't find words high cura Remedies, I can't find words high enough to express my thanks to God for hearing of the wonderful remedies. My baby had a running sore on his neck and nothing that I did for it took effect until I used Cuticura. My face was nearly full of tetter or some similar skin disease. It would itch and, after scratching, it burned so that I could hardly stand it. Two cakes of Cuticura Soap and a box of Cuticura Ointment cured me. Two years after it broke out on my hands and wrist. I cured it for a while, but it came again in the summer. Sometimes I would go nearly crazy for it itched so badly. I used ten dollars' worth of so-called blood medicines which did no good at all, then I went back to my old stand-by, that had never failed me. One set of Cuticura Soap, Cuticura Ointment, and Cuticura Resolvent did the work. One set also cured my uncle's baby whose bead was a cake of scree, and I know of another woment. set also cured my uncie's baby whose bead was a cake of seres, and I know of another woman's baby who was in the same fix and nothing else did any good. I speak a word of praise for Cutioura whenever I see a case that needs it. Mrs. Lillie Wilcher, 770 Eleventh St., Chattanooga, Tenn., Feb. 16, 1907."
