NEW YORK STOCKS AND BONDS

Steps Are Taken to Arrest Violent Decline of Values. MARKET THEN BECOMES DULL Confidence Engendered by Success of Protective Measures Causes Rise and Close in Strong—Bonds Are Irregular.

NEW YORK, May 25.—Measures were taken in the stock market today to arrest the violent decline into which the price movement had fallen Saturday. After these had been effected the proceedings became dull and uninteresting, and most of the day was spent in a wait for news.

The day's news had little direct bearing on the stock market, but the views of the news to take care of the market's action was perceptible. London was a free seller of stocks here in the first half of the day, and this was pointed to as a reflection of unfavorable news taken over the market.

The outward movement of gold continued, although with some symptoms of the depression approaching. The gold market again secured all the newly arrived gold in the London market, but a rise in the London exchange rate at Paris indicated the unlikelihood of a further rise.

NEW YORK, May 25.—Closing quotations were as follows: U. S. GOVERNMENT BONDS—U. S. 4 1/2% coupon, 102 1/2; U. S. 4% coupon, 101 1/2; U. S. 3 1/2% coupon, 100 1/2.
