CUMMINS ON THE WARPATH

Throws Away Padded Gloves When He Goes After Opponents.

DOLLIVER ONE OF HIS TARGETS

In Private Conversation States He Takes a Hand When Dolliver Comes Up for Re-Election Four Years Hence.

For his visit to Council Bluffs Governor Albert B. Cummins, who was greeted last night by an audience which filled the New theater, had evidently doffed his habiliments of peace and donned his fighting clothes. Although suffering from a severe cold and plainly showing the effects of the strenuous campaign which he has waged in his candidacy for United States senator, the chief executive of the state succeeded in keeping the close attention of his large audience, which apparently was in complete accord with him, while he mercilessly flayed, with that power and gift of speech for which he is noted, those opposing his ambition to represent the commonwealth of Iowa in the senate of the United States as successor to William B. Allison.

D. C. Chase Speaks

Governor Cummins was accompanied to Council Bluffs by D. C. Chase of Webster City, who was one of the speakers. On arriving at the Grand Hotel the party was met by R. B. Wallace, president of the Traf-Cummins Progressive Republican club of Pottawattamie county, and other leading supporters of the governor. During the greater part of the day Governor Cummins was in conference with the leaders of the progressive wing of the republican party, the conference being held in the office of Attorney George C. Call of the Missouri River navigation congress has called a special meeting of the executive council of that body to be held in Sioux City, Ia., May 27.-(Special.)

Governor Is Warm

Opening Governor Cummins proceeded at once to refer to a list of questions which had been prepared by George S. Wright of this city for him to answer. "I ought to appear before a Council Bluffs audience with fear and trembling," said the governor, "but I do not find my knees shaking and my pulse is beating regularly."

Shriners Go to Des Moines.

A party of Council Bluffs members of the Masonic fraternity will go to Des Moines today to attend a ceremonial session of the 22-Gazette temple of the Nobles of the Mystic Shrine. Ten of the party go for the purpose of being initiated into the order. They are R. H. Williams, A. W. Tyler, E. L. Wilbur, A. W. Quackenbush, Joe Bone, L. H. Cutler, L. C. Squire, J. G. Wadsworth, E. E. Smith and W. E. McConnell. Those already belonging to the Shriners who will be in the party are R. C. Frank, G. E. Alpaige, W. S. Baird, E. C. Siles, A. E. Ramsdell, J. C. Mitchell and F. J. Thompson.

Half Holiday for Barbers.

It will be possible for the patrons of barber shops to get shaved on Memorial day. An arrangement has been reached between the bosses and the journeymen barbers whereby the shops will be kept open Saturday until 11 a. m. The agreement between the Boss Barbers' association and the Journeymen Barbers' union provides the shops shall be closed on all holidays. The bosses endeavored to have the shops kept open on Memorial day as it falls on Saturday, the busiest day of the week, but the journeymen would not agree to this, so finally a compromise was reached whereby the shops will be open until 11 a. m. The same rule will apply to the Fourth of July, which also falls on Saturday.

RAILROADERS IN EVIDENCE

Four Thousand Old Timers Attend Reunion at Des Moines.

FIRST ACT TO AID A BROTHER

Effort to Secure Release of David Handelman, Who is Now in Mexican Jail on Charge of Causing a Wreck.

(From a Staff Correspondent.) DES MOINES, May 27.-(Special.)—More than 5,000 old time railroad men who were in the service twenty years ago in Iowa are in Des Moines today for a reunion. One of the first things they arranged to do was to take some action to assist in getting David Handelman out of a Mexican jail, where he is held without chance for trial on a charge of causing a wreck. Handelman was an old time railroad man in Iowa and is remembered here by many.

Old People on Long Journey.

Abner Hammond, aged 78, and his wife, Mary, aged 72, walked 30 miles from Sherman, Tex., to Leavenworth, Kan. There, with their feet lacerated and sore from walking the railroad ties, they gave out and charitable people provided them tickets to Des Moines. They reached Des Moines today. They are on their way to Pawnee, Wis., where they claim relatives will assist them.

Precaution Against Rain.

Rezon Jones, secretary of the state collegiate games committee, today secured a large tent which has been placed over that part of the Drake stadium that will be used for the broad jump, pole vault, high jump and the like at the state college field meet Friday. This is for the purpose of keeping the ground dry for the meet.

In Fear of More Rain.

The weekly crop bulletin of the weather department issued today, says, under the most favorable conditions corn planting in the low lands can be completed until June 1. Where corn has been planted it has made good progress, and the high temperature has caused it to grow well, but has also caused weeds to grow well, and further rains are likely to keep farmers from cultivating.

Further Rains Only Danger.

On further heavy rains depends the only serious danger of floods from the Des Moines river in this city. Several families in the low bottom lands near the Agor packing plant moved out today. The land on which their homes stands is lower than the banks of the river and the danger is under the individual bank, bond security plan.

Miss Walker Gets Contract.

Miss Nellie V. Walker of Moulton, Ia., will get the contract for the new state penitentiary, which will be placed in Statuary hall in Washington. The legislature appropriated \$5,000 for the work, and the executive council asked Miss Walker and Sherry Fry of Creston, two young sculptors of this state to compete. Because of a scholarship fund, Miss Walker was chosen to do the work. She has already commenced the work and members of the executive council saw the work in Chicago and have approved of it thus far. She expects to have it completed by the first of next year.

CLINTON'S BODY TO KINGSTON

First Governor of New York to Rest Permanently Near Scene of His Activities.

WASHINGTON, May 27.—After resting for four years less than a century in the congressional cemetery in this city, the body of George Clinton, first governor in the revolutionary army, first governor of New York, and a former vice president of the United States, was today removed to New York City on its way to Kingston, N. Y., for final interment.

Not since the death of President McKinley has a funeral been marked with such elaborate military honors. The casket was escorted from the cemetery to the Union station by military, patriotic, civic and commercial organizations, representatives of the state of New York, and descendants of Governor Clinton.

For the first time in military funerals, at the request of the War department, women participated in the ceremonies. Incident to the disinterment, General J. Franklin Bell, chief of staff, U. S. A., was chief marshal of the procession and the escort included a representative of the president of the United States and the commissioners of the District of Columbia. The reinterment will take place in Kingston on May 30 near the spot where Clinton took the oath of office as governor of New York in 1777. Rev. Rowell R. Hoes, chaplain, U. S. N., a former resident of Kingston, is in charge of removing the body of Governor Clinton to Kingston, believing that it should not permanently rest away from the scene of the patriot's activities.

DRAFT NEW CURRENCY BILL

Conference Committee Agrees Upon Tentative Emergency Measure.

WILL BE REPORTED TODAY

Prospect that House Will Pass It at Once, but Senate May Delay It for Day or Two—Its Provisions.

WASHINGTON, May 27.—The senate and house conferees on the currency bills held three meetings yesterday and at the third, which did not adjourn until 6:30 o'clock, reached a tentative agreement on which the republican members of the conferees hope to reach at an adjourned meeting tomorrow forenoon. At the conclusion of the final meeting this afternoon the probability of the reporting of a compromise bill to the two houses of congress was certain.

The following are the main points of the understanding that has been reached: The reserve provisions in the Vreeland bill, calling for a retention of 25 per cent in central reserve cities, and 15 per cent in other reserve cities, is reduced to a straight 10 per cent reserve without reference to classification of cities.

A higher rating is given to state and municipal bonds than to other securities upon which an emergency currency may be taken out by banks. That is to say, county, state and municipal bonds will be valued at not to exceed 60 per cent of their market value, and all other bonds at not to exceed 50 per cent of their market value. It is estimated that congress could adjourn four hours after the adoption by the senate and the house of a compromise agreement between the currency conferees.

This is the Way to Keep Well without Cascarets Live outdoors, and let your work be exercise. Else walk ten miles a day. Eat little meat, no white bread, no rich pastries. Eat many green vegetables, plenty of fruit, and bread made of whole wheat. Do that, and you'll have little need of a laxative while you keep young. But when you grow old, and the bowels become less active, you will need this help anyway. Cascarets are for those who live indoors, who eat rich foods, who eat and drink too much. This vegetable laxative does for them exactly what proper living would do. It causes no irritation, as pill cathartics, salts and castor oil do. Its action is just as natural—just as gentle—as the action of laxative foods. So choose your own way. Give Nature the aid of proper food and exercise, else the help of Cascarets. One way serves as well as the other. But some way is essential. For one cannot keep well unless the bowels move freely once every day. Cascarets are candy tablets. They are sold in all drug stores, but never in bulk. Be sure to get the genuine, with CCC on every tablet. The box is marked like this: [Image of Cascarets box]
