Teeth Are to Man WHAT HANDS ARE TO HIS BODY
Each tooth has a duty to perform just as each finger does. It's impossible to see each and every tooth and the decay that will destroy the usefulness of one or more or a great many, hence the importance of a careful look at your teeth by trusty experience. If you'll allow us to look at your teeth you will gain some information that you will never have cause to regret. It will save the loss of one or more, perhaps many teeth.
