MT. MORIAH BAPTIST CHURCH

Last Sunday was not a record breaking day with the Mt. Moriah Baptist, from a jubilant standpoint. The people found fault with the weather the Lord sent. I wish they would quit finding fault, and just demand what they want and keep up the order. However, we are anticipating that they shall get just what they want next Sunday and be out strong, in presence, means and spirit.

A lecture, entitled "Why to Marry, Who to Marry, When to Marry," the announcement of which packed a church five hundred seated, with many standing, and stirred the community, which was delivered by Rev. M. H. Wilkinson, in one of his recent pastorates, will be delivered under the auspices of the trustee board of the Mt. Moriah Baptist, 26th and Seward, Thursday, February 8th, 1917, at 8 p. m. Don't think that this lecture is for unmarried people alone. Nothing will convince you but hearing it. Every single person ought to be present, and those who have made mistakes in the life. It is inspirational, instructive and preventive. Let nothing unworthy keep you away.

We are entering upon our second year in the Undertaking Business in Omaha and we take this method of expressing our deep appreciation of confidence and respect that the many families have shown in our efforts to please and our ability to render service by calling us into their homes or sending their loved ones to our parlors where they receive the same tender care as in the home. In the future, as in the past, our time and energy will always be spent in properly preparing the body, giving an expression to the face, and restoring the lifelike appearance; for a body properly prepared, and buried in the most ordinary priced casket, leaves a better impression with the family and friends than a body poorly prepared and buried in the most expensive casket, and we will spare neither pains nor expense in procuring the materials so necessary to obtain these results. We shall continue to render the same high class service in every case and our prices will be as low as can be obtained any place for the same quality of materials used. We strive to be first in quality of work, first in courteous service, and first in reasonable prices.

Mr. Jones, the senior member of the firm, is a graduate of Hoen-shuch and Carpenter College, of Des Moines, Ia. Passed the examination for licensed embalmer of Nebraska in 1915. Mr. Chiles is a graduate of Williams College of Embalming, Kansas City, Kansas, and passed the State Board January 9, 1917.
