

SIGNAL HONORS WON BY TWO RACE LADS

(Continued From First Page)

Recognized by Gardner.

"Governor Gardner in recognizing Principal Bruce's merits before us all last week said: 'I have become deeply impressed with the great work Prof. Bruce is doing in Missouri both for his race and the state. He has my serious respect and I am proud of his confidence in me and his friendship.'

"Members of the senate and house at Jefferson City from all parts of the state at the mention of N. C. Bruce's name would stop and say: 'Yes, I have great sympathy and respect for the fundamental work Prof. Bruce is doing at Dalton. It has helped to put the state on the map, his state and world's corn records.'

"All of us met after our going before the committee and gladly united in electing Prof. Bruce as the chairman and leader of our Negro Freedom Progressive Colored Men's Club of Missouri. Prof. A. C. Maclin, Hannibal, is secretary; Caleb Williams Sued, Cooper county, treasurer; A. W. Lloyd, St. Louis first vice president; Charles S. Wheatley, St. Joseph, second vice president; Dr. William J. Thompkins, Kansas City; Dr. Ernest L. Harris, St. Louis; Prof. J. B. Coleman, Columbia; T. E. Martin, Lape Rucker, Huntsville, the executive committee. The field is wide for our reaping, who is able to stand?"—St. Joseph (Mo.) Gazette.

PREJUDICED TALESMAN IS REBUKED BY JUDGE

Called to sit as a juror in the case of Nathaniel Motley, accused of stabbing to death John Press, John A. Magee, 174 West 86th street, a real estate agent and Yale graduate, declared that he could not give the defendant a fair trial if selected as a juror because he was prejudiced against the Negro race.

Judge Rolasky, in General Sessions, administered to the talesman one of the sternest rebukes ever heard in a New York court room. Said he:

"Any man with such ideas should be disqualified from serving on a jury," said Judge Rosalsky. "I shall order that your name be stricken from the list. I think that no man should sit in judgment on a human being in a case involving life and property who has a prejudice against a race. Such a man is not fit to serve as a juror.

"While the white man sits today in judgment on the black man, you cannot tell but what tomorrow the black man will sit in judgment on the white man."

WILL IT BE A NEGRO?

Several Negroes have lost their lives when vessels on which they were sailors went to the bottom. First reports, in each case, spoke of them as Americans. This would indicate that many Negroes are seamen. It is more than likely that some Negro born in America will be killed on a neutral ship and that no warning will be given. Should this happen would such an act be considered the much talked of overt act?

Most certainly it would?

The United States will give to the poorest and humblest American the same protection that would be given to an American with millions of money and with fame. The same insult would be offered to the American flag in killing a Negro seaman as would be offered in killing an American of wealth.—Beaumont, Texas, Enterprise Editorial.

Note—It ought to be, but will it?

WANT RACE STATUTES IN NATIONAL HALL OF FAME

Birmingham, Ala.—A movement having for its object the placing of statues of Frederick Douglass and Booker T. Washington in the Hall of Fame, of the Capitol at Washington, has been started by the Patriotic Sons of the United States, of which Counselor P. Clyde Randall is president.

Resolutions requesting the President and Congress to take the necessary steps toward the statues have been passed by the Patriotic Sons and the two leading dailies of the city, the Birmingham News and the Age-Herald, have made favorable comment on the request.
