ENTHUSIASTIC OVER VISIT TO TRAINING CAMP

Thomas Reese, accompanied by his ward, Miss Camille Simpson, left for Des Moines last Saturday morning, hoping to have the pleasure of meeting his old commander, Lieut.-Col. Young, who was spending a few days at the Officers' Reserve Training Camp. Col. Young received orders to proceed to Columbus, Ohio, Saturday, so that Mr. Reese missed him; but he remained over Sunday in Des Moines and is most enthusiastic over what he saw and heard. He says that the men at the training camp are making history for the Negro race and winning the admiration and respect of the people of that city.

WOLF ON BUYING TRIP

Mr. J. Wolf, well known Douglas street haberdasher and a Monitor advertiser, is in New York making purchases for fall. Word from him advises that he will have the most up-to-the-minute stocks of merchandise in the city. Mr. Wolf can always be depended upon to have such a stock, but what pleases his customers most is that he goes to the world's fashion center personally and finds out the latest things fashionable and then personally superintends the buying of the same. When Monitor readers buy from Wolf they buy the latest.

HERE'S TOO GOOD A STORY TO KEEP

Dr. Leonard E. Britt owns an auto. He also has a bright four-year-old son, Leonard, Jr., who is a most observant youngster. Master Leonard said:

"My papa has a self-starter and a crank on his car. When the self-starter won't work my papa uses the crank. When the crank won't work, my papa uses the self-starter; but when nezer one 'jes' won't, WON'T work, then my papa he usee swear words."

GREATEST CIRCUS IS COMING MONDAY

Barnum and Bailey Show Will Positively Visit in This Vicinity.

There is to be a real circus day this year—a Barnum and Bailey circus day. Thirty acres of tents will be set, and the big show will be exhibited in Omaha on Monday, July 30.

A wonderful new program is promised. Starting with a magnificent pageant entitled, "Aladdin and His Wonderful Lamp," the circus will occupy three hours or more with events in air, on platform, and rings, and in the huge hippodrome surrounding. Not one moment will be lost in all of the spaces of the vast enclosure.

The opening feature is the first attempt at Chinese pageantry in the history of American circuses, and it has been described as the most gorgeous presentation ever attempted. The story of the genie slave of the magic lamp is too well known to need description here. However, it may be well to call attention to the possibilities for display in coloring and magnificent settings in the Chinese locale, and to the fact that Barnum and Bailey have spent \$1,000,000 to reproduce all of its glorious possibilities.

The circus program, which follows the pageant, is made up almost entirely of names and acts new to the American public, the cream of all continental circuses having rushed to the big show's European agents for booking on account of the closing of most of the big foreign circuses.

There will be more than one hundred acts, and to name and describe them would occupy too much space.

PLEASANT HOUR CLUB HOLDS ANNUAL PICNIC

The Pleasant Hour Social Club held its annual picnic at Elmwood Park Tuesday afternoon. The day was ideal and a delightful time was spent by the members of the club and their invited guests. There was an abundance of good things to eat and so much ice cream that it is reported that a five gallon can tried to overrun or overturn Dr. Hutten's auto. At all events there was some near tragedy, or comedy, in which an auto belonging to Dr. Hutten, an ice cream freezer, some cigars, and Joe Brown figured.

Kansas and Oklahoma Oil Fields Amaze the World

The nation depends upon Oklahoma and Kansas for its high grade oil from which gasoline and other light oils are refined. Oklahoma is producing over one-third (1-3) of the crude oil from which gasoline is made in the United States. If the Kansas and Oklahoma oil fields were to suddenly shut down, one-half of the automobiles in the United States would have to stop running. The great automobile industry is, in a way, dependent upon Oklahoma oil fields. OKLAHOMA is producing almost twice as much oil as all of the states east of the Mississippi River—more than Pennsylvania, Ohio, New York, West Virginia, Indiana, Illinois, Kentucky, Tennessee and Louisiana combined. Considering the above facts, is it strange that OKLAHOMA & KANSAS OIL MEANS MILLIONS, or that hundreds of Oklahoma oil companies are making fortunes for their shareholders? The wonder of it never ceases. Almost every day you read of men, or groups of men, or companies selling their holdings for millions of dollars. Recently the report was published of the McMann Oil Company, which sold out part of its production to the Magnolia Oil Company for the vast sum of \$35,000,000. Just a few days ago the press and oil journals reported the sale of the B. B. Jones property in the Oklahoma field for \$7,000,000. A fortnight ago the Hill Oil and Gas Company sold their holdings in Oklahoma oil fields to the Cosden Oil and Gas Company for \$12,000,000.

The Farmers Oil and Gas Company has holdings in these wonderful producing oil fields. It is now selling 400 square feet lots, giving a title in fee simple, guaranteeing the title forever, to the purchaser of the said deed. These lots are selling now at ten dollars and will soon be doubled in price, due to the newly discovered oil wells around this property. You better get down to the ground floor and invest AT ONCE! There is no telling what a hundred dollars invested in the Farmers Oil and Gas Company will do for you.
