### AN OMAHA PIONEER CALLED.

Mrs. Nancy Jefferson of 3020 R street, South Side, and a resident of Omaha for over forty years, died at the University hospital with pneumonia early Sunday morning, after a few days' illness in the seventy-fifth year of her age. The funeral, attended by a large number of friends and neighbors of both races, who esteemed her highly for her kindly heart and loving deeds, was held from Larkin's chapel Wednesday afternoon at 2:30, the Rev. John Albert Williams of St. Philip's Episcopal church, officiating, interment being in Laurel Hill cemetery, Albright.

The only close relative by whom she is survived is her son, William, a resident of Alberta, Canada. Mrs. William Foran, in whose family Mrs. Jefferson had nursed for many years, was most attentive to her in her illness and took charge of the funeral arrangements.

### PREACHER HELD FOR TREASON

Jackson, Miss, June 21.—Charles Mason, a Negro pastor of the Church of Christ in America at Lexington, Miss., was arrested here by federal agents charged with obstructing the selective draft, and making false statements for the purpose of promoting the cause of Germany. It is claimed that he distributed a large amount of disloyal literature emanating from Los Angeles.

## ICE CREAM SODAS FOR BOYS IN FRANCE

### Y. M. C. A. Orders Fruit Flavors for One Million Summer Drinks.

One million ice cream sodas.

A-ah! Sufficient to cool the throats of a flock of giraffes—ice cold, fizzy, flavored with "strobry," "razbry," "cherry," "peach or pineapple."

Um-m! They may not seem so imposing here, with soda fountains on every important business corner, but—oh, boy! won't they be sample packages of heaven to the American boys over in the war zone? Over there where, if reports be true, drug stores, masquerading as chemists' shops, try to get by with nothing but drugs.

France's pet drinks, champagne and red wine, are going to turn an absinthe green with jealousy this summer when the great American drink begins fizzing along the battle front and going over the top of the glasses. And the assurance of at least a million fruit-flavored drinks as a starter is found in the cabled order just received by C. V. Hibbard, general secretary of the overseas department of the Y. M. C. A. war work council, from the organization's official in France. The message follows:

"Send quickly concentrated fruit sirups for one million summer drinks." And the Y. M. C. A. war work council has a way of sending quickly anything ordered sent quickly. So it is a sure thing that when the heat begins to give the American soldier boys an awful thirst, they will turn gratefully from the trenches to the "Y" huts where they received hot chocolate last winter, and there they will clamor for a "strobry," or a "razbry soday."

Possibly to assure plenty of foam, the same cablegram ordered the war work council to send one ton of shaving soap, while the other creature comforts for soldiers, among the items required, were four American pool tables, ten tons chocolate bars, ten tons granulated sugar, ten tons flour, ten tons assorted cigarettes and five tons smoking tobacco.

### GIRLS TO RAISE PIGS

There Are 500 Young People Enrolled in Contest.

Seven girls will raise thoroughbred pigs this year in Tuscarawas county, O., to compete in state and county contests. Five hundred boys and girls are enrolled in corn, pig, poultry, clothing and food clubs under the supervision of Miss Minnie Porter, county leader of boys' and girls' club work.

Poultry raisers already have set 3,750 purebred eggs for hatching. The seven girls who will raise pigs are Thelma Shoemaker of Tuscarawas, Phyllis Hoopengartner and Grace McCullough of Winfield, Margaret Schlenger of Strasburg, Mary Streb and Mary Lieser of Parrall and Zelda Wiegand of Sugar creek township.

These girls will try to bring the pig raising championship of the state to this county. Two years ago the champion pig grower in Ohio was a girl. It was said her success was due to the fact that she gave her pig a bath once a week.

### HUNTERS DISCOVER LAKE

It Was in Their County but They Never Heard of It.

The Salina Gun club has found a large lake near Salina, Kan., for the fall and spring hunting seasons, and has leased the property for a term of years as a private reserve.

The lake is in the southern part of the county, and many of the old-time hunters never knew of its existence until this spring. The lake covers 30 acres, and when it has been improved, including a large dam, the surface covered with water will be about 40 acres. On one side of the lake there is a sandy beach with the water running from shallow to deep water and it may be made a bathing place.

It is also filled with fish of several varieties. Lumber is now being shipped to the place for a house which will be erected at once. The Gun club will have the exclusive use of the property.

### WESLEY IS FIGHTING MAD

Because He Was Rejected by Marines on Account of Defective Teeth.

John Paul Wesley, a patriotic young man of St. Paul, Minn., is mad. In fact he is not only fighting mad, but greatly disappointed.

The cause for John Paul's sad anger and disappointment is that he was rejected for the U. S. marine corps because of defective teeth.

"Sherman said war is h—!" stormed John Paul, "but I think your examination is even worse. Just because I'm not able to bite the kaiser, I'm rejected. What do you want me to do, kill 'em and then eat 'em too?"

"Sorry, old man," said Sergt. Frank Buck. "Go see a dentist and then come back. Maybe there'll be a chance then."

### Stop Combination Sales.

"Combination sales" are forbidden under a new ruling of the Massachusetts food administration. "Combination sales" are, according to the definition of the food administration, any sales of two or more commodities, or different kinds or sizes, at a price effective only if they are bought at the same time.
