### SAVE FIVE BOYS FROM DEATH

Muncie, Ind.—The lives of five boys, ranging in age from five to seven years, were saved Sunday night by Alex Davis and Miss Ritta Morning, both Colored, when the woman carried three of the boys across a Big Four railroad bridge to safety and Davis tossed the two others in the water below and jumped after them as an approaching train whizzed past.

### PHYSICIANS TO BE COMMISSIONED IN ARMY

Washington.—It is reported that a number of Colored physicians will soon be commissioned as officers in Colored regiments. None have been commissioned for many months. It is said Emmett J. Scott, special assistant to the secretary of war, is earnestly pressing the commissioning of more Colored physicians.

## GIRLS DO GOOD WORK

American Telephone Operators Now Serving in France.

Hundred Who Were Sent Over Giving Such Efficient Service More Will Be Sent.

Washington.—To the 100 girls from America now doing service as military telephone operators in France, 150 more in training schools here may soon be added, leaving a reserve force of 400 more on file out of about 8,000 applications.

The telephone is referred to as the "nerves of the army," and the young women who have been accepted for this work have undergone tests as severe as those to which a soldier at the front is subjected.

The telephone exchanges often are only a short distance behind the trenches, and the operator must possess both courage and calmness under dangerous circumstances.

"These girls," said Capt. E. J. Weston, who recruited the unit, are going to astound the people over there by their efficiency. In Paris it takes from 40 to 60 seconds to complete one call. Our girls are equipped to handle 300 calls an hour.

Other reports that have reached the war department from France show that the American hello girl is making good rapidly in a task as difficult as is to be found back of the front line trenches.

The first group of operators entered training school here on January 12 for instruction in advanced telephony. They received practice in the largest New York exchanges and were then tried out at military cantonments. The course included talks upon personal hygiene.

The first contingent sailed on March 2. Other groups sailed in March and April and were stationed at supply depots and debarkation bases.

In addition to speaking both French and English fluently, every one of these girls has stood a loyalty test which proved that she could be trusted with military information.

The uniform prescribed consists of a coat and skirt of navy blue serge, shirtwaist of navy blue Palm Beach cloth and straight-brimmed hat of blue felt, while the regulation orange and white cord on the left sleeve is used to designate their rank, as operator, supervisor, chief operator and so on.

### BROTHERS IN ARMS

Every wearer of khaki who is now with the American expeditionary forces in France has been taken into the hearts of the French families and our sons are as their sons. There is no bond like that which arises from fighting in a common cause for high ideals.

### "WAR BRIDES" DUPE SOLDIERS

Women Fortune Hunters Arrested for Having More Husbands Than Law Allows.

San Diego, Cal.—Almost since the United States entered the war soldiers have been victims of women fortune hunters. Girls at various camps are being arrested charged with having an over quota of soldier husbands, and in every case the question of insurance was the motive.

This city has been no exception to the rule, and with the thousands of soldiers and sailors in training at the camps near by federal officials are always on the alert, and as a result two girls are under arrest. They gave their names as Miss Mae Smith and Mrs. Elsie Byrnes, and both are pretty. They were caught in the act of mailing about 20 letters to sailors and soldiers asking for money for clothes and traveling expenses. In every letter written by the girls was the phrase: "I wish you oceans of love with a kiss on the top of every wave." The girls also received 18 letters from ardent lovers and each letter contained money.

### Fine Cotton Crop.

New Orleans, La.—Reports from practically every section of the South indicate the yield of cotton will be heavy this season. The staple selling at around 30 cents a pound in the seeding season stimulated planting, notwithstanding the fact that in many localities a plea was made for the planting of more food and feed crops.

### STUDENT IN GOVERNMENT SCHOOL

The U. S. Government, beginning with July 8, at N. Y. City, offered a free course in X-Ray at the Irving High School to college teachers and graduates. There were 140 who applied for the course, and thirty to be selected. Mrs. J. Alice Stewart of this city was the tenth one in class "A" to meet the requirements, and is now taking the course, receiving technical and practical training at the N. Y. X-Ray Laboratory. Selected ones must do a year's work in eight weeks, as the course closes August 30. Each student will receive a government diploma after that date.
