A RACE ENTERPRISE KNOCKER

Every time Miss Helen Counsellor can catch a crowd at a public gathering or hear some one speak of hiring a car, she will tell them not to hire any of the Colored cars; that the North Side Taxi charged her \$2 to take her from downtown to 24th and Grant streets. I want to say that it is not so; my prices are 30c for the first one-third mile and 10c for each one-third mile thereafter, and 20c for each additional passenger over one and 10c for each four minutes waiting or hour time \$3 per hour, and what is more she has never hired my car. She is like a lot of other people saying I charge so much, and have never hired my car or if they have they still owe me for the ride. She rides in the brown cab all the time and boosts for them, so if she was charged \$2 for that distance it must have been the brown cab and not me.
