The Hallowe'en party at the War Camp Community house Thursday evening, October 30, given by the Campfire Girls was a huge success. A very unique affair Wednesday evening was a ghost party at Wolk's hall, given by the ladies of St. Philip the Deacon. The grand march at midnight led by the king of ghosts, with his horde of ghostly subjects, was a striking as well as an amusing spectacle.  
The Phi Delta Red Cross auxiliary gave a hard time party Wednesday evening to all returned soldiers, their wives, mothers and sweethearts at U. B. F. hall, Twenty-fourth and Parker streets. A most enjoyable evening was spent by all.

**RED CROSS AIDS AILING SOLDIERS**

**Organization Asked by Government to Seek Out Disabled Ex-Service Men.**

**FREE HOSPITAL CARE GIVEN**

**United States Pays Compensation While Treatments Are Administered in Public Health Institutions.**

The American Red Cross has been asked by the United States government to use its efficient organization to seek out disabled and ill ex-service men, and to try to induce them to accept the government's offer to provide free treatment in public service hospitals, and compensation while the treatment is being administered.

The government estimates that there are fully 50,000 men in this country who are unable to work at full capacity because of wounds or disease contracted in the line of duty who should be receiving this treatment. So far only about 4,000 men have applied for such service.

A statement issued from the national headquarters of the Red Cross in Washington shows that a great misapprehension exists among the discharged men regarding the government's plan.  
"Due to misunderstandings and misapprehension a surprising number of disabled service men are scattered throughout the country not knowing the benefits which are still theirs," the statement read.

"Back to the hospital" after he has donned 'civvies' and tried to keep going at civilian occupation is about the hardest order a soldier wants to hear. Acceptance of the government offer does not mean a return to service. The hospitals are civilian institutions. They are separate institutions, and are not connected in any way with the army or navy.

"The Red Cross is constantly discovering men who, through ignorance or prejudice, are losing the advantages of this wonderful service. So effective has this work become that the government has asked the Red Cross to make this a part of its regular relief work. All that is necessary is for the ex-service man to apply to the nearest Red Cross chapter. Arrangements will be made there for him to enter one of these hospitals after examination by a district public health officer, and if his trouble is the result of service with the army or navy he will be given transportation and admittance to a public service hospital.

"The Red Cross is now engaged in maintaining a program of recreation, occupational therapy, meeting the problems arising in the homes of disabled men, household and legal difficulties and affording many miscellaneous services to keep the men who are in the hospitals contented with their lot."

This work of the Red Cross is one of the important branches outlined for its post war work and a part of the funds raised in the Third Red Cross Roll Call, November 2 to 11, will be devoted to this purpose.

**LOANS \$50,000 TO SOLDIERS.**  
Loans totaling approximately \$50,000 have been advanced to about 4,000 disabled soldiers by the American Red Cross for personal uses while these war veterans were adjusting their affairs with the federal board for vocational training. These loans are in no sense looked upon as charity either by the soldiers or the Red Cross, the latter considering this bit of financial assistance a part of its war obligation.

Red Cross liaison officers are in touch with all the district officers of the vocational board and the public health service. These Red Cross men are able to help the soldiers when the government check miscarries, during the interval between approval for schools and placement in school, when subsistence and transportation are needed by those denied training, and under various other conditions.

**HUGE OVERSEA SHIPMENTS MADE BY RED CROSS.**  
Two million crates, bundles or barrels, weighing 218,310,000 pounds were shipped by the American Red Cross to twenty-one countries from ten ports in the United States between April 1, 1917 and July 1, 1919, according to reports sent to national headquarters in Washington. This tremendous volume of business was shipped across the Atlantic and Pacific oceans during the war and after the signing of the armistice from New York, Baltimore, Boston, Montreal, Newport News, New Orleans, Philadelphia, San Francisco and Seattle. In addition to this great store of supplies, the Red Cross purchased supplies in the countries where it operated, both for the soldiers and afflicted civilians.

"Our patriotism should stand the test of peace as well as war. There is a necessary work to be performed before the American Red Cross can withdraw from Europe."—President Wilson.
