CAPTURES PRIZE FOR COTTON RAISING

Wins Gold Medal and Cash Prize of \$1,000—Contest Planned to Stimulate Production of Needed Crops.

Alabama, Ga., March 23.—J. O. M. Smith of Commerce, Jackson county, Ga., captured the gold medal and \$1,000 cash prize for the largest yield of lint cotton in the United States for 1919. This prize was one of eighteen offered by the Farm Journal of Philadelphia for the best three yields of six important crops—corn, wheat, cotton, oats, alfalfa and potatoes. For each crop a gold medal and \$1,000, a silver medal and \$500 and a bronze medal and \$200 were the prizes for the best yields. The contest was announced in 1918 at a time when every one expected the war to last well into 1919. The purpose of the contest was to stimulate production of those crops which would help to win the war and help to feed and clothe the world after it was over.

GENERAL WOOD POPULAR IN LOWDEN'S STATE

Has Large Following in Illinois—Major John R. Lynch on State Campaign Committee.

Chicago, March 24.—Political excitement has been high in the "Windy City" since Col. W. C. Proctor, manager of the national campaign for Leonard Wood, has announced that General Wood will be entered in the primaries of Illinois. On the Illinois state campaign committee Major John R. Lynch has been named. This is in keeping with the spirit of the managers of Leonard Wood in giving proper recognition to all groups of loyal American citizens.

Considerable speculation is being advanced relative to the showing Leonard Wood will make among the people of our group in Illinois, Indiana, Michigan and Ohio. In all of these states he has a popular following among people who are anxious to let their sentiments be known.

WOOD SENTIMENT REPORTED GROWING

Visitors From Various Sections Comment on Trend of Opinion Toward Foremost American.

New York, March 24.—Visitors coming into this city from various sections of the country are commenting on the remarkable growing sentiment in favor of Leonard Wood for president. The sentiment is practically unanimous that it is "Leonard Wood against the field," with Wood growing stronger daily. "It is due to the fact," said one prominent citizen, "that Leonard Wood is four square in his Americanism, and is facing all issues like a man.

"This he has always done, and will do so as president of the United States."

DRASTIC TREATMENT FOR PROFITEERS

Berne, March 23.—Usurers, blackmailers and profiteers are being placarded and marched in chains through the streets and market places of Bulgarian cities, according to advices received here. This public exposure, which recalls the medieval pillory, is said to be producing good results.

THE MONITOR'S PRESS DAY.

THE Monitor goes to press Wednesday of each week at 2 o'clock in the afternoon. To insure publication in the current week's issue news items and articles must reach our office by Tuesday night. One form, that is to say, one chase, the iron frame in which one page of the type is "locked up" to go on the press is held open for emergency advertisements, the copy for which cannot be obtained before Wednesday morning, until noon Wednesday. Now and then we can get late news on that page, but ordinarily not. Copy, therefore, that reaches our office Wednesday later than 10 o'clock in the morning stands a slim chance of getting in that week's issue. Frequently copy reaches us Wednesday afternoon or Thursday and some frate individual calls up to know "Why isn't my item in this week's issue?" Too late, dear friends, that's all. Get your news in on time.
