

MAY PRODUCE DETRIMENTAL RESULTS

Authorities Issue Statement as to the Use of Toilet Preparations.

Many years ago women looked upon the use of toilet preparations as a luxury to be used by the wealthy and as a confession of super vanity and they were used by women to no large degree. But today toilet articles have come to be among the most rapid selling articles upon the market and women throughout the world have learned to look upon them as necessities more than as luxuries and to regard their use as aids to preserving their God-given beauty rather than as confessions of any super vanity.

With the increasing demand for preparations to preserve and enhance

our natural charms, have come many unscrupulous manufacturers who have entered the field purposely to play upon what they believe to be human weakness and feminine vanity, and have placed upon the market preparations that have but little merit and that do far less than is superlatively claimed by their advertisements. In fact, very serious cases of skin eruptions, enlarged and distorted pores, discolored pigment and even blood-poisoning have been known to result from the use of some of these worthless preparations. Often it has been too late to check the onrush of disease after having used this class of preparations.

The skin and scalp are among the most important parts of the body and should be treated with diligent care. Unfortunately, they are about the most neglected parts. It is only by constant care that one may hope to have a beautiful complexion and only by selecting preparations of merit that one may hope to preserve that which nature has given us. In selecting preparations for the care and treatment of the skin and scalp, the utmost precaution should be taken and only such preparation should be selected as will bear chemical analysis and that have a reputation for quality and effectiveness.

For fifteen years the Madam C. J. Walker Superfine Preparations for the hair and skin have stood the tests and most thorough examinations and enjoyed a reputation for high quality and effectiveness and these preparations can safely be recommended by men and women all over America and in 26 foreign countries as ranking high among the very best on the market. They are guaranteed by their manufacturers to produce no detrimental results and if used as directed, will do all that is claimed. It is recommended that you use Madam C. J. Walker's Wonderful Preparations for the hair and Madam C. J. Walker's Superfine Preparations for the skin. The nearest Madam C. J. Walker Agent will be pleased to supply you or a liberal trial treatment will be mailed anywhere upon receipt of a dollar and a half. Address the Madam C. J. Walker Mfg. Co., 640 North West Street, Indianapolis, Ind., Dept. AT.

DAILIES REQUESTED TO ELIMINATE COLOR IN REPORTS OF CRIME

CHICAGO, Oct. 7.—In a recent gathering of the civics committee of the Appomattox Club of Chicago, together with the editors and publishers of the daily newspapers and our newspapers, one of the strong points emphasized was the injustice of laboring every criminal story in which a Negro is implicated with the "badge of color." Evidence was pro-

duced which showed that great harm is done, and that constant reference to race in such matters served to increase race feeling and prejudice.

It was shown that in many cases such stories were written with "malice aforethought" by prejudiced reporters, and frequently without the knowledge and against the policy of the owners of the newspapers.

Nahum Daniel Brascher, editor in chief of The Associated Negro Press, in his address dwelt at length on these facts, and gave concrete examples of two of the greatest dailies in the country that have adopted the policy with beneficial results. The two newspapers are The Cleveland Plain-

dealer and The Cleveland Press of Cleveland, O.

As a result of this conference, at least one of the great dailies of Chicago has adopted the policy. The Chicago American, which is one of the largest evening newspapers in the

country is the paper. In the recent account of the attempt to lynch three of our men because of the killing of a street car conductor, where columns of first page news were made, The Chicago American did not at any time refer to race in the stories it carried.
