SIX MEN UNDER DEATH SENTENCE TO HAVE NEW TRIAL

The Nation-Wide Fight of Race for Men Convicted of Murder in Connection With Elaine "Race Riots" Brings Results.

(Special to The Monitor)
LITTLE ROCK, Ark., Dec. 9.—The splendid fight that the National Association for the Advancement of Colored People, backed by the race throughout the nation, has been waging for justice to the six men convicted of murder in connection with the Elaine "race riots" bore additional fruit here Monday when the Arkansas supreme court reversed and remanded for new trial the cases of these men on the ground that the Phillips court had erred in refusing to permit introduction of evidence to support a charge that prejudice had been shown in the exclusion of Negroes in the selection of the jury. It will be recalled that originally twelve Negroes were convicted of murder in eleven minutes. Upon an appeal to a higher court, six of the twelve were acquitted and six held for murder. These six were awaiting execution, but the fight was carried up to the supreme court of Arkansas.

IN TRANS-ATLANTIC RADIO WORK

Student in Union College Has Had Experience as Member of Signal Corps.

(By the Associated Negro Press)
SCHENECTADY, N. Y., Dec. 9.—Probably the only student in Union college to have had experience in trans-Atlantic radio work is Wendell W. King, a Negro student, who entered college in 1916, but spent two years in the signal corps of the army. He returned last year to finish his course in electrical engineering. He is now a junior and chief engineer of the college radio club. His hobby, as King himself admits, is wireless telegraphy, in which he has been interested in an amateur way since 1911. He was among the first to sug-

gest the use of the powerful Union college radio set for sending out aerial concerts weekly, a feature which has proved highly successful. In college he is also a member of the Cosmopolitan club.

JAPAN EAGER FOR WAR ON U. S. TO PREVENT REVOLT

MILAN, Italy, Dec. 9.—A leading newspaper here declares it has learned that Japan is busy preparing public opinion in that country for war with the United States. It states that the Tokio government, fearing revolution, has resolved upon war with America even in face of the knowledge that it may be fatal to Japan. The entire press is urging war. The newspaper Yoredzu bluntly states: "There is no possibility of settling the California question peacefully."

WOULD EQUALIZE TEACHERS' SALARIES

(By the Associated Negro Press)
BALTIMORE, Md., Dec. 9.—Revision of the 1921 salary schedule for the teachers in the high schools and teachers' training schools, for the purpose of equalizing the pay of white and colored teachers, was requested of the school board by the board of estimates. The request was the result of complaint from the educational section of the Women's Civic league and a delegation of "Negro citizens and taxpayers" that in arranging its salary increases the school board discriminated against the Negro teachers.

HOWARD WINS INTER-COLLEGIATE FOOTBALL CHAMPIONSHIP

An Immense Throng Numbering 20,000 People Witness Thrilling Game Between the White and Blue and Orange and Blue at American League Base Ball Park, Secured After Some Difficulty for Great Football Classic of Year

SCORE UNPRECEDENTED BETWEEN THESE TWO LEADING COLLEGES

Game Witnessed by Persons of Note From All Walks of Life From All Sections of Country Who Took This Opportunity Renewing Old College Friendships—Remarkable Attendance Largely Due to Efforts of Emmett J. Scott, Secretary-Treasurer of Howard University—Details of Game

By NORMAN L. MCGHEE

WASHINGTON, Dec. 9.—Howard University won the colored intercollegiate football championship Thanksgiving afternoon at the American league base ball park from Lincoln University of Chester county, Pennsylvania, before twenty thousand enthusiastic football followers and friends of both schools. The final score of the game was 42 to 0 in favor of the capital city lads.

The event, which is the "football classic of the year," attracted thousands of visitors from all the large cities in the country. Persons of note from all walks of life were seen from as far west as Tennessee and Illinois and as far south as Jacksonville, Fla., New York, Philadelphia and Atlantic City sent the biggest delegations, Baltimore, Norfolk, Newport News, Wilmington and Charleston coming next. Cleveland and Pittsburgh were well represented.

Hold Open House

Wednesday night the van guard of the visitors began to arrive, completely swamping the Whitelaw hotel and rooming houses. The night previous to the game the Howard alumni and the student body held a big "get together" meeting in the Rankin Memorial chapel and the Alpha Phi Alpha and other Greek letter fraternities held open house to all visiting brothers and friends.

Early Thanksgiving morning the big crowd began to gather. The Lincoln eleven, who had spent the two previous days at Morgan College in Baltimore, arrived, closely followed by the famous under graduates' special of a thousand strong from Philadelphia, led by Lincoln's Old Guard, a society of graduates from that school of years back.

More Credit for Dr. Scott

Then came the real test. Two of the biggest Washington universities wanted the park for the same afternoon and every pressure was brought to bear to get it. Dr. Scott again set

back. (Continued on Page Seven)
