CONDOLENCES OF Y. W. C. A.

BY MRS. JOSEPH D. LEWIS
We, the members of the Y. W. C. A., do hereby extend our heartfelt sympathies in the loss of Mrs. Jessie Hale Moss, your daughter, wife and sister; our friend. Have faith, be strong. A rose has been taken from our bush, a rose that was always in bloom. Mrs. Moss had ambition and was loyal to her race. Though she sleeps, Mrs. Moss is not dead. Only a drapery has been drawn between us. Some day we shall meet again.

COUNCIL REVOKES LICENSE OF MONARCH GARDENS

The commissioners revoked the license of the Monarch Gardens Tuesday on the grounds that it had been issued in the name of Jones & Clarke, but was being run by Leroy Broomfield. Despite the fact that James A. Clarke withdrew from all connection with the Monarch Gardens and Dreamland hall early in February, published the fact and notified the Board of Public Welfare of his withdrawal, the license was permitted to continue to run in the name of Jones & Clarke. Upon whose part was this an oversight?

The Monarch Gardens cabaret, which was very popular among that class of people who love the glare of the bright lights and what is called "high life," was brought into the limelight by a tragedy which occurred there last week and for which the management was in no way responsible. A woman by the name of Mrs. Weddington was shot by a young man with whom she had been living and who then committed suicide. The startling revelation (?) was then made that this cabaret was frequented by

both races, the white people being in the majority, and that therefore being "a menace to public morals" ought to be closed. All these facts were known to the authorities, under whose license and surveillance it was operated, before this tragedy occurred.

If it be a menace since the tragedy, it was a menace when it was being operated under the sanction and supervision of the authorities. If it was not a menace then, it is not a menace now. Evidently "there is something rotten in the state of Denmark."

Mr. Smith, who was a resident of Des Moines before he went to South Dakota, fourteen years ago, is most favorably impressed with Omaha and the business development and outlook of our people here. He visited the Kaffir Chemical Laboratories and considers it one of the most promising business enterprises conducted by our group of people anywhere in the country. He was also highly pleased with the Co-operative Grocery and Meat Market. Speaking of race publications, Mr. Smith said: "In my judgment, the two best newspapers published by our people are the New York Age and The Monitor of Omaha, for both of which I am proud to be a subscriber, and eagerly read each week."
