Amos P. Madison, M. D., B. S. D.
PHYSICIAN and SURGEON

I desire also to give notice hereby that I have now moved my office from 1324 N. 24th St. to my residence 2711 Lake St., Webster 6017. I will have in my new location a well equipped office with facilities for all surgical work. I most respectfully solicit the continued patronage of all those whom I have served in the old location. I shall be equipped especially for diseases of women.

To Mayor Dahlman and the City Commissioners:

Gentlemen:—We believe that you are anxious to make Omaha a well-planned and symmetrical city. At present this is not so. Beautiful well-lighted sections have been developed in outlying districts while other sections lying within a mile of the City Hall are an eye sore and crying disgrace to a city like Omaha of cosmopolitan pretensions. The Monitor does not attempt to fix the blame for this, we simply call attention to a well-known condition which demands improvement. These unimproved sections are in the locality occupied largely by those who are known as the laboring classes. While we want all of these sections improved, we are at present deeply interested in improvement in that section, business and residential, centering on North Twenty-fourth street between Cuming and Lake streets. This territory needs and deserves many public improvements. The first and most urgent demand is for more lights on North Twenty-fourth street. Certain portions of this thoroughfare are dark. Take for example the blocks from Blondo to Grant streets. "Dark as a robbers' roost," some one has well said. Start needed improvements in the territory bounded by Cuming and Lake, Twentieth and Thirtieth streets by decently lighting the chief business street of this section. North 24th street. Light North Twenty-fourth street! Let the citizens of this section of the city get busy in making their wishes known to the commissioners.

Let those who approve of The Monitor's stand on this question express themselves. Our columns are open for letters.
