**TO MAYOR JAMES C. DAHLMAN AND COMMISSIONERS BUTLER, DUNN, HUMMEL HOPKINS, KOUTSKY AND ZIMMAN.**

Gentlemen: The Monitor has been respectfully, but insistently, calling your attention during the past month to the crying need of a better-lighted North Twenty-fourth Street, especially between Cuming and Lake streets. We are urging this improvement primarily in the interests of the business and professional men on this growing thoroughfare, but aside from this for the good of the whole city. Anyone will admit that a city that is uniformly well-kept attracts and impresses visitors. Dark and gloomy streets, business or residential, make a bad impression. If a street is well-paved, well-lighted and attractive the citizens themselves take pride in keeping their property and business in line with these surroundings. Dingy business streets invite dingy business enterprises. We want you therefore to brighten up North Twenty-fourth street. We know that you are anxious to make your administration one to which all citizens can point with pride for its progressiveness and improvements. During your last administration North Twenty-fourth street was paved which did wonders for that thoroughfare. Now give us modern up-to-date lights on North Twenty-fourth street. Business men and residents in that section are anxious for this improvement. Can we count upon you to grant us this reasonable request?

The tax-payers of this section are justly entitled to better-paved and better-lighted streets. Let's have them, please!
