APPEAL

Tulsa's Colored People have not the earnest attention of the nation, because the associated press reports do not state in a manner, that will stimulate a desire to give relief, the cruel conditions that have and do exist.

ALL THEY HAVE LEFT IS COURAGE TO FACE THE FUTURE.

Mr. James L. Fieser, Southwestern Division Manager of the Red Cross said: "Winter's approach worries the Red Cross." Unless Tulsa wishes to have a tent colony on its hands in the fall and face a more serious problem, it should speed up its reconstruction program.

WE APPEAL TO YOU FOR HELP

COLORED COMMERCIAL CLUB EMPLOYMENT BUREAU The attached report shows the first year's work of the Colored Employment Bureau. Through this office 1769 men and women have been given employment. When this employment bureau was first established it caused considerable comment. Many questioned the need of a colored office when there was other employment offices. We believed that if a colored office was established and managed by colored people they could secure more deserving and efficient workers because they would know their people better. We also desired to bring about a better understanding between the employers and their colored help. We are pleased to say our wishes are being realized. By co-operating with the labor bureaus of the east and south we have been able to keep out of Omaha great numbers of floaters. It has been our policy to help Omaha's worthy citizens secure work. By our efforts many Omaha people who would of necessity be dependent upon the charity of the city have been able to work and provide for their families. We believe our first year's work has been satisfactory. Our record speaks for itself. We have appreciated the co-operation of the manufacturers, wholesalers and retailers. They have helped us to succeed. We thank all of our friends and well-wishers for their calls, letters and words of encouragement. We have done our best to do even better next year. Yours very truly, GRACE M. HUTTEN, Commissioner Labor Bureau.
