#### GREETINGS FROM MERCHANTS

The North Side merchants centering largely on Twenty-fourth Street, between Cumings and Lake streets are a wide-awake group and appreciate the trade of our people. Many of our own business firms are located in this section. All these people cater to our trade. They get our support and are entitled to it. They show their appreciation of our patronage by advertising in our columns. Their greetings are sincere.

When Green and Tender.  
It is in our salad days that we are most particular about our dressing.  
—Boston Transcript.

Always Obliging.  
Jud Tinkins says he's perfectly willing to be wrong sometimes, for the sake of not spoiling an interesting argument.

Land of the Orris Root.  
Orris root, which is used as a base of many perfumes, is obtained only around Florence and in the neighborhood of Verona.

Blind, Reads With Tongue.  
Braille characters are, of course read with the fingers, but one armless blind man has been taught to read with his tongue.

## We Have Moved!

We have moved our entire furniture stock from 24th and Lake Sts. and hereafter will be located only at 25th and Leavenworth Sts.

We have taken on additional space and have increased our stock so that we now have a furniture stock as complete and as up-to-date as can be found in Omaha.

By making this change we are able to again reduce our already low prices because we have again cut our already low operating expenses.

We extend an invitation to visit our now enlarged store where everything in the home furnishing line is offered at prices 25 per cent below any store in the city.
