

AARON & KELLY—"SOME BOYS"

Here's a mighty good likeness of those two melody boys with the nervous feet, who created such a furore all summer on Broadway in New York's famous all-colored musical show, "The Plantation Revue". The boys will be very much in

evidence twice a day all next week, starting Sunday matinee, at the popular Gayety as an added feature to the brand new and thoroughly up-to-the-minute revue, "Broadway Flappers". You and your entire family should see them without fail.
