

THE FRENCH HAT WITH 'EARS'

This odd little French hat has "ears" to fit over the puffs of hair at the side. The milliner embroiders black satin with gold and sets it with black cabochons to make the fascinating toque.

METALLIC FABRICS IN FAVOR

Metal Cloth is Attractive Made into Hats, Blouses, Girdles and Hand Bags.

The new metallic fabric, if used in moderation is really most attractive. We find hats, blouses, girdles and bags made of this lovely stuff.

To brighten the dark fur coat, what is more beautiful than a sheik turban of this beautiful brocade? Black with silver motifs, dull apricot and figures of old gold, blues and silver, and numerous other combinations are offered to suit one's individual taste.

Another type of blouse developed in brocaded metal cloth is the jacquette model that crosses in front, and may be made with long sleeves or none at all. These blouses form striking vests when worn with a suit or topcoat.

For evening wear the tinted metal cloth is well liked, and one may have her choice of silver or gold melting into orchid, pale green, peach, rose, turquoise blue or black.

Mr. Walter White, assistant-secretary of the N. A. A. C. P. of New York City, spoke to a fair crowd of people in McKinley School Auditorium last Thursday night.

FLAT CREPE HOLDS THE LEAD

Not Too Dull to Be Somber, and Not Too Bright to Be Ostentatious is Feature.

Flat crepe has succeeded in becoming the first choice of the plain crepe for spring. It is almost possible to say that unless a dress is developed in one of the fancy fabrics like printed crepe de chine or brocaded or matelasse silk, then flat crepe is bound to be the medium.

Its affinity to crepe de chine—always a favorite—the white possessing the body and sturdiness of the heavier crepe canton, makes its vogue easily understood. It lends itself admirably to the draped silhouette, and is equally likable in the straight or plaited versions of the mode.

Black and navy dresses are seen often in this fabric, and the colored interpretations are no less attractive. Almond green, peanut and henna are so lovely in it that the vogue of these colors seems indisputable.

LINE WILL BE THE QUESTION

Paris Plan Will Be to Give Figure More Fullness; Retain Youthful Silhouette.

Nineteen twenty-three brings a little larger skirt for women, notes a Paris fashion correspondent. Straight tunics will be worn only by young girls. Women will tire of the loose dresses and will pick models with more form than the clothes that have been shown during the past year.

The line will be the question. The problem is to give the figure more fullness without changing the youthful and agreeable silhouette of the last year's. The most fashionable fabrics of 1923 will be printed tissues, crepe de chine, mousseline, crepe georgette and satins of all colors.

It is certain that the fashionable gatherings of next summer will show a greater variety of colors than for years.

Plaited Skirts. Accordion-plaited skirts in silk and satin are popular for wear with the new blouses that fasten low over the hips. Figured blouses or all-over embroidered ones seem the favorites.

Birds and Trolley Wires. The biological survey says that small birds are seldom killed by alighting on a trolley wire, even though it carries a heavy current of electricity. This is because there is not a complete circuit. If a larger bird were to alight on a wire, and one of his wings touched another wire, it would be apt to cause death. Eagles have often been killed in this way.

E. sextette; welcome address by Rev. M. C. Knight of A. M. E. church; introduction of the speaker by Attorney Sorenson. Mr. Walter White spoke at length of an hour, narrating his cause, experiences and what had been accomplished by the association, and urged our people of the north and west to take more interest in this work, and become members, which means to be workers, and not slackers.

The speaker said so many good things that we have not space to mention. We congratulate Mr. White and wish him to come again. Quite a few new workers were gained during the meeting.

Services at Mt. Zion Baptist church were interesting last Sunday. Sunday school and B. Y. P. U. services were fine. Rev. R. F. Adair of Topeka, Kans., spoke for Rev. Mr. Botts at the morning hour. In the evening Rev. H. W. Botts preached a noble sermon on baptism, which was very instructive to all hearers. The baptism of two candidates took place in the pool at close of services, which was witnessed by a crowded house.

The Shuffle Along company arrived in the city Tuesday morning and there are indications of them having big houses. Many of our folks have been shuffling dollars for the past week for that purpose.
