LOSES WIFE AND MOTHER WITHIN SIX WEEKS

Mrs. Ophelia S. Brown, mother of Josiah Brown, who has been a paralytic for a number of years, died Sunday afternoon at a local hospital to which she was taken last summer when the family went to Arizona for Mrs. Sina Brown's health. The funeral was held Tuesday morning from Chiles & Company's chapel. Rev. John Albert Williams officiated. Interment was at Mt. Hope. The sympathy of the community goes out to Mr. Brown who has been bereaved by death of both his wife and mother within the short space of six weeks.

CHURCH CLOSSES VERY SUCCESSFUL YEAR

At the annual parish meeting of the Church of St. Philip the Deacon, recently held, reports showed the most successful year in the history of the congregation, in all departments and organizations. The pastor's records showed some interesting statistics of which the following are a part: Sunday services, including sessions of Church school, 176; celebrations of the Holy Communion, Sundays and Saints' days, 96; in private to the sick, 3; week day services, 105; sermons, addresses and instructions, 110; pastoral calls, 240; baptisms, 18; persons prepared and presented for confirmation, 24. The treasurer's report showed total receipts for the year to be close to \$3,000. Substantial repairs and improvements were reported on the church property. At this meeting B. B. Cowan was added to the vestry; one or two vacancies to be filled later.

MR. AND MRS. J. D. LEWIS ENTERTAIN AT HOME

The attractive home of Mr. and Mrs. J. D. Lewis, 2414 Binney street was the scene this week of two very delightful social functions. The first was on Monday night when Mr. and Mrs. Lewis entertained seventy guests representing many of the older residents of the city, with a goodly sprinkling of more recent substantial additions to our citizenry. On Tuesday night the hospitable couple were hostesses to 20 of the younger matrons and their husbands with a few of the younger single set to enliven the occasion. Entertainment suited to each group was provided upon each occasion and refreshments were served.

HAVE MOVED INTO LARGER QUARTERS

Mrs. H. J. Crawford & Son, one of our enterprising race firms on North Twenty-fourth street, who carry a good stock of furnishings for ladies and gentlemen have moved from 1712 to 2208 North Twenty-fourth street into larger quarters where they can better accommodate their growing trade.

Our Currency.

At the present time there are five kinds of paper money or currency issued for circulation purposes. The United States Treasury issues three kinds: (1) United States notes, an authorized issue of about 346 million dollars protected by gold reserve of approximately 152 million dollars; (2) gold certificates issued against an equal amount of gold held in the U. S. Treasury for redemption, and (3) silver certificates issued against an equal amount of standard silver dollars held in the U. S. Treasury. Two kinds of bank currency are issued—national bank notes, secured by deposit of United States bonds, and Federal Reserve notes, secured by commercial paper and gold.—Argonaut.

Mrs. J. Alice Stewart who has been confined to her home with serious illness for several weeks is much better.

First Engine Used in 1829. The first attempt made in the United States to use locomotive engines, otherwise than for mere experiment, was made on the railway from Carbonate to Honesdale, Pa., 16 miles, built by the Delaware and Hudson Canal company. The Stourbridge Lion, a locomotive built in England, was placed upon the road in August, 1829. In 1830, construction was begun on the South Carolina railroad, and the road was designed and built to be operated by steam locomotives. This was the first railway built with the purpose from the beginning of using steam locomotives.

Advertising Talk

A hen is not supposed to have Much common sense or tact, Yet every time she lays an egg She cackles forth the fact.

A rooster hasn't got a lot Of intellect to show, But none the less most roosters have Enough good sense to crow.

The mule, the most despised of beasts, Has a persistent way Of letting folks know he's around By his insistent bray.

The busy little bees they buzz, Bulls bellow and cows moo, The watch dogs bark, the ganders quack, The doves and pigeons coo.

The peacock spreads his tail and squawks, Pigs squeal and robins sing And even serpents know enough To hiss before they sting.

But man, the greatest masterpiece That nature could devise, Will often stop and hesitate Before he'll advertise.

Merchants who are wise And want our people's trade Use THE MONITOR to advertise And thus their fortune's made.
