ARTICLE XIV, CONSTITUTION OF THE UNITED STATES

Citizenship Rights Not to Be Abridged

1. All persons born or naturalized in the United States, and subject to the jurisdiction thereof, are citizens of the United States and of the State wherein they reside. No state shall make or enforce any law which shall abridge the privileges or immunities of citizens of the United States; nor shall any state deprive any person of life, liberty, or property without due process of law, nor deny to any person within its jurisdiction the equal protection of the laws.

DAWES FIRES A DUD

GENERAL DAWES in his recent so-called "denunciation of the Klan" fired a dud. He had better said nothing. His utterances have deservedly laid him open to criticism; for he clearly gave encouragement to that organization. He criticised it in one breath and justified it in another. He regretted its violence and tactics in certain quarters, but said, in effect, that in places there was some justification for its existence. He is absolutely wrong. No conditions, in Oklahoma or elsewhere, in these United States justify such an organization. If the law cannot be executed or enforced by the orderly procedure of the courts and the regularly constituted authorities, civil and military, then American civilization is doomed. There is never any justification for the mob, despite the fact that America seems to think so, and the Klan, notwithstanding its apologists, is a cowardly and lawless mob. There is no justification whatsoever for it. Dawes shot a dud, when he should have fired a broadside.

A GREAT BENEFACTOR

HENRY WHIPPLE HUBBARD at the age of 83 years has entered into well-earned rest. He was one of earth's noblemen, a great benefactor of humanity in general and of our own race in particular. All over this country there are eminent and successful physicians and surgeons for whom the vision and courage of Dr. Hubbard made it possible to enter that honorable and useful profession. At a time when the doors of very few institutions were open to Negro youth in the North and none in the South Dr. Hubbard belonging to that band of noble and courageous white men and women of New England, who believe

ing in practical Christianity, went South to found schools for our people. He founded Meharry Medical school at Nashville, Tenn., and for sixty years was an outstanding figure in Nashville in educational work among our people. Meharry is his monument. But more lasting than Meharry are the memorials he has wrought in the hearts and the lives of the thousands of young men and women who came under his influence and for whom he made it possible to secure honorable and useful careers in the medical, dental and nursing professions. Meharry men rank high in their profession. They are well-trained and conscientious. This bespeaks the character, thoroughness and ideals of the founder and president of the school. It is men of the type and mould of the late Dr. Hubbard, of whom there are far too few in our day and generation, who do much to redeem the name of the dominant race from the charge of injustice and insincerity in its attitude towards and its dealing with our people. We owe a debt to such men as he and that debt can only be paid by showing ourselves worthy of the opportunities made for us by those whom we will always hold in grateful remembrance.

ACT WISELY

IT IS GRATIFYING to notice that the managers of the National Republican campaign have acted very wisely in selecting many of the younger and progressive men of our race to do active work among our people. Matthews of Boston is an excellent choice to head the bureau. Roscoe Simmons as head of the publicity and speakers bureau could not be improved upon. Francis of St. Paul, Minn., who heads the western division is clean, capable and forcible. Robert Church, Emmett Scott and Robert Vann are live wires.

A PRAYER FOR DELIVERANCE FROM RACE PREJUDICE

By Morney Williams
(For the Associated Negro Press)

O GOD, who hast made man in Thine own likeness and who dost love all whom Thou hast made, suffer us not, because of difference in race, color or condition, to separate ourselves from others, and thereby from Thee; but teach us the unity of Thy family and the universality of Thy love. As Thy Son, our Savior, was born of an Hebrew mother and ministered first to His brethren of the House of Israel, but rejoiced in the faith of a Syro-Phoenician woman and of a Roman soldier, and suffered His cross to be carried by a man of Africa, teach us, also, while loving and serving our own, to enter into the communion of the whole human family; and forbid that, from pride of birth and hardness of heart, we should despise any for whom Christ died, or injure any in whom He lives. Amen.

And this is true of the entire organization. The republican leaders have acted wisely in the choice of their campaign forces to operate among colored voters who in this campaign are an unknown quantity and a most valuable political asset. This recognition of the younger element is a wise movement.

DEFENSE TEST DAY

FRIDAY is Defense Test Day. It is designated to test the ability of the nation to defend itself in case of war. It is simply an inventory-taking movement. Our people are urged to take their part in it and will doubtless do so. Its purpose is explained in an article in this issue.

A WORD ABOUT SCHOOLS

WE ARE GRATIFIED to call attention to the large enrollment of colored youth in the High schools of the city. This is as it should be. Children should be encouraged to go to High school and college and to take every advantage of their educational opportunities. In the meanwhile we should be utilizing our resources to the utmost to help prepare places for them commensurate with their training, talents and ability when the days of their pupilage are ended.

REMEMBER HISTORY

HISTORY is a record of past events. Study it and be guided. Do not forget that the Knights of the Golden Circle prepared the way for the War of the Rebellion which aimed at the overthrow of the Federal Government and the establishment of the Southern Confederacy. Be not misguided. The Ku Klux Klan is striving for the control of the government. If successful it means Civil War. "Domestic fury and fierce civil strife will cumber all the parts of Italy (or of America)". Remember history!
