MEETING TO DISCUSS IMPORTANT CIVIC MATTERS

That the women are keenly alive to the necessity for concerted and intelligent action and co-operation in improving certain conditions among our people is evidenced by an interesting meeting and discussion which was held at the North Side Branch of the Y. W. C. A. Wednesday night. It was decided to make a house to house canvass to enlist the assistance of all women who may be interested in promoting the highest ideals among the young women and girls of the race. In other words, they are seeking to enlist all our forces in team work in improving certain conditions which imperatively demand attention.

THE NEW BORN DAY

(By Selma Gordon)
Down from the heights of the starry night, When the nebular hosts make their flight Where the sil'ry moonlight fades away Leaving the space for a new born day, Silently comes in the morn.

Pale the skies that now are in view, Forming an arch o'er the morning dew, Making the path for the bright warm sun, Clearly we see that day has begun; We revel in joys of dawn.

Brighter and brighter have grown the skies Radiant and lovely is the sunrise, Lighting the earth with a golden glow, Beaming with gladness that makes us know— This is the new born day.
