"LIVING CHURCH" EPISCOPAL MAGAZINE, AGREES TO CAPITALIZE WORD "NEGRO"

Lionel F. Artis, assistant secretary of the Indianapolis Y. M. C. A., reports to the National Association for the Advancement of Colored People that after a vigorous exchange of letters he has induced the "Living Church", one of the oldest and most powerful of religious magazines in this country, to adopt as its style the spelling of the word Negro with a capital N. The editor, Frederic Morehouse, reported that the matter had never been brought to his attention before and that he would order the change made at once.

In his letter to the "Living Church", Mr. Artis said:

"There isn't a publication in America (and there are over a hundred weeklies) issued by Negroes, which does not capitalize the word 'Negro' wherever it occurs. As I mentioned, many of the white writers do the same. Under separate cover I am enclosing the March number of the 'Survey Graphic' and you will see their office use which is common to many others."

LABOR DEPARTMENT CORRECTS BULLETIN

The U. S. Department of Labor through its acting secretary, W. W. Husband, has offered to correct one of its bulletins in response to a complaint about the wording of it, made by the National Association for the Advancement of Colored People. The N. A. A. C. P. was informed by one of its Kansas branches that Labor Department bulletins had been posted bearing the following sentence:

"Very few colored men are used in the wheat harvest and none should start for the fields unless they have definite assurance of employment."

The sentence was characterized as not only discriminatory and unfair to colored men but as tending to create prejudice in the minds of employers of farm hands. In response to the N. A. A. C. P. letter, the Department of Labor has offered to amend the bulletin and the N. A. A. C. P. has asked that the offending clause be stricken out of all bulletins and that those already in circulation be recalled and destroyed.

OLD FOLKS HOME ASSOCIATION MEETS IN ELMWOOD PARK

The Old Folks Home Association held its monthly meeting Wednesday morning at Elmwood park. It was preceded by a breakfast served to the members and invited guests, which included the ministers of the city and their wives. After the breakfast Mrs. Martha Taylor Smith, the president, spoke of the mortgaged debt of \$4,000 which remains on the property and invited a discussion as to what should be done concerning it. The consensus of opinion voiced by the ministers present was that a drive should be arranged for probably early next year to raise a fund to pay off this debt. An educational campaign should precede the drive clearing up misapprehensions and misunderstandings in the minds of the people which now exist. This campaign should make it plain that while it is true the Community Chest contributes towards the maintenance of the home, it does not contribute one penny towards the indebtedness on the home. This must be taken care of in some other way. The ministers present, the Rev. Messrs. Burchard, Botts, Ellis, C. A. Williams and John Albert Williams, pledged support and co-operation in the drive for the fund as soon as the Board of Directors had worked out the plan. Several memberships were secured at this meeting and other business was transacted.

SCHOLARSHIPS FOR TWO NEGROES SECURED

James Weldon Johnson, secretary of the National Association for the Advancement of Colored People, announces that the American Fund for Public Service has provided two scholarships of five hundred dollars each to be awarded to colored students to attend Brookwood Labor College at Katonah, New York.

Brookwood College is designed for the scientific training of men and women who desire to be effective and useful in the labor and farmer movements, whether as rank and file member or as officials; and to give training in the technique of labor union administration and of activities such as speaking, writing, organizing, teaching, in which they may be called upon to engage. In a word, Brookwood is established for the scientific training of leaders and workers in modern industry.

Applicants for these scholarships may write giving their age, training and a statement of their plans with regard to industry as a career. Letters should be addressed to James Weldon Johnson, 69 Fifth Avenue, New York.
