WOMAN MURDERED; HER HUSBAND IS HELD

CONVENTIONS WILL COST MANY MILLIONS DURING AUGUST

Estimated That Colored Americans Will Spend the Enormous Sum of \$25,000,000 Attending Conventions

PLAN LAVISH ENTERTAINMENT

Richmond, Louisville, Chicago, Tulsa And Other Cities Will Vie In Extending Hospitality to Thousands of Guests

(Associated Negro Press) Chicago, Ill., Aug. 14.—Throughout the month of August, it has been conservatively estimated that Colored America, alone, will spend more than \$25,000,000 for railroad fares and expenses during attendance at conventions and in having vacations. This does not include the other amount, say at least another \$1,000,000 or more that will be spent by those who travel in automobiles, buy thousands of gallons of gasoline, oil, and other necessities connected with motor touring.

August is the "climax month" of conventions. The Knights of Pythias, 25,000, will swoop down on Louisville; the military end of the aggregation being under the direction of Major General R. R. Jackson of Chicago, who will keep the division under strict military discipline during the entire period. The sessions of the Grand Lodge will be under the direction of Supreme Commander S. W. Green of New Orleans.

The national convention of the Independent, Benevolent and Protective Order of Elks of the World meets in Richmond, Va. This will be guided by the hand of J. Finley Wilson of Washington, Grand Exalted Ruler. It has been announced that 40,000 will accept the hospitality of the famous capitol of Virginia, and "make the welkin ring" for practically a week. This occasion will be particularly enlivened by the contest for Grand Exalted Ruler, in which T. B. Watkins of Kansas City seems to be the leading candidate. A magnificent parade is a feature of both Elks and K. of P's.

The National Negro Business League, Dr. R. R. Moton, president, will have its day and night in Tulsa, Oklahoma, the land of oil, wealth and hospitality. The entire state of Oklahoma has joined hands with the Tulsaites in helping to make the occasion one long to be remembered. For almost a year, business men in all of the cities have been co-operating with the hosts of the convention in helping to make the occasion a success. It has been stated on high authority that every visitor will be surprised at the genuine courtesies that will be extended by all groups and classes. A number of surrounding places will be visited. Special consideration of business and economic conditions will be studied.

Doctors in Chicago
The National Medical Association, Dr. M. O. Dumas of Washington, president, will hold its session in Chicago. The attendance at this convention, while not as large as that of some of the fraternal bodies, nevertheless, promises to be the largest in the history of the organization. The Chicago committee informs us that preparations are being made to entertain several hundred visitors who will be in Chicago at the time of the convention, "just because Chicago is such a fine place to visit." All Chicago organizations, including the Associated Business Club, the Apomattox Club, the newspapers, and individual citizens, will have special entertainments during the week of the convention.

Word has been received in Chicago that coming and going many hundreds of visitors attending other conventions will spend a day or two in Chicago. Preparations are also being made by "Windy City" folks to extend the glad hand of welcome to these, "as though their main objective were Chicago", as one citizen put it.

There are always changes of progress going on in Chicago, and visitors will find that the last year has brought a larger percentage of advancement than has ever been known before. There has been more building, more businesses established, and more new homes provided in the most exclusive sections of the city, than has ever been known heretofore.

CHINESE STUDENTS PROTEST BRITISH OUTRAGES UPON THEIR PEOPLE

New York, Aug. 14.—The Chinese Students Club of Colorado college, Colorado Springs, has sent to James Weldon Johnson, secretary of the National Association for the Advancement of Colored People, a statement placing the blame for recent disorders in China upon British police, and asserting that unarmed Chinese students were massacred.

The statement quotes from evidence showing that most of the Chinese shot were shot in the back, that no British police were wounded, that at least 70 Chinese were killed and 300 wounded and that the massacre occurred during a parade conducted by the students in protest against the arrest of fellow students by the British police for making speeches and distributing handbills.

The statement includes a motion unanimously passed by the faculty of Tsing Hua college, Peking, including British and American professors, which is as follows: "Recently in Shanghai a number of Chinese students were shot and killed or wounded by the British police. We wish to voice our extreme indignation at this occurrence. For those who died and for those who were wounded, we feel the deepest sorrow and we join in expressing our profound sympathy to the people throughout the nation who protest against these atrocities."

Moreover, in Peking 118 foreign women united in issuing a manifesto, the names including Mrs. Henry Houghton, wife of the president of Pekin Union Medical college; Mrs. W. J. Calhoun, wife of the former American minister to Peking, and other well known women.

The Chinese students also ask for the abolition of extra-territorial rights for foreign powers, alleging that racial prejudice in the European courts of justice maintained on Chinese soil results in grave discrimination and injustice to the Chinese.

BROWN BABIES RAISE OVER \$22,000

(Associated Negro Press) New York, Aug. 14.—The Brown Babies of the United States were asked to raise \$25,000 during 1925. They answered by raising just about that amount in the first seven months. At the same rate they would make it between \$40,000 and \$50,000 by the end of the year.

This deed of the Babies is the biggest single thing that any group ever did for the Association in a financial way. Our reports from Baby Contests for the N. A. A. C. P. since January 1, 1925, until July show \$22,663.30, for the branches and the national office, and we have not all of the reports. There are still about 30 contests pending and many others will be organized.

PROTEST RENEWED ATTEMPTS AT RESIDENTIAL SEGREGATION

(Associated Negro Press) St. Louis, Mo., Aug. 14.—A mass meeting called for the purpose of protecting the property rights of the colored citizens of this city was held last Monday night at St. Paul A. M. E. church. Efforts have been made by realty dealers and neighborhood organizations here to establish agreements not to sell to colored people in certain blocks and a temporary injunction has been granted Dr. Holt, who purchased in the 4500 block on Cote Brillante, a street in which many of the better colored homes are already located. The meeting was called to protest and to arrange a defense fund to fight the encroachments being made. It was held under the auspices of the Inter-denominational Ministers Alliance, The St. Louis Business League and the St. Louis Negro Insurance Association.

NORTH CAROLINA LEADS IN COLORED SCHOOLS

(Associated Negro Press) Raleigh, N. C., Aug. 14.—North Carolina, leading all other southern states, has 494 Rosenwald schools and fourteen teachers' homes, representing a total expenditure of \$2,319,053, according to A. L. Smith, general field agent of the Julius Rosenwald Fund. The nearest competitor, so far as Rosenwald schools are concerned, is Mississippi, which is mighty bad in many other ways.

BROWN AND STEVEN'S BANK SOLD AT AUCTION

(Associated Negro Press) Philadelphia, Pa., Aug. 14.—The property at the northeast corner of Broad and Lombard streets, formerly occupied by Brown and Stevens, bankers, was offered by the sheriff at a public sale on Monday, August 3d, on foreclosure of one of the mortgages.

The property, a very good looking one, consists of twenty-one feet on Broad street by ninety-three feet on Lombard street to an alley, and is improved by a three-story building, the top of which contains three apartments. Two offices occupy the second floor, the first floor the bank, and a side office.

Ninety-four thousand dollars was the consideration for which the building sold, and is considered by real estate operators to be a big price.

BISHOP DECLARES FOUNDATION OF AMERICAN DEMOCRACY BEING SHAKEN

(Associated Negro Press) Round Lake, N. Y., Aug. 14.—Bishop Robert E. Jones of the Methodist Episcopal church declared here Friday in an address before the Men's Council that the foundations of American democracy are being shaken by race barriers and race antipathy.

The Bishop further pointed out that the good-natured, docile Negro is being transformed and he is becoming resentful of the treatment accorded him. "If we will keep in mind," said the Bishop, "that the Negro does not want philanthropy but justice, that he wants a chance and not charity, we shall have an approach to the subject of race relations that will give us finally an entirely different result to which we have had heretofore."

WILBERFORCE ORGANIZES A SCHOOL OF MUSIC

(Associated Negro Press) Wilberforce, Ohio, Aug. 14.—In making his plans for the advancement of Wilberforce university for another year, President Gilbert H. Jones has announced the employment of high class artists for the School of Music which is being established there.

Prof. Norton E. Dennis, a graduate of the Chicago Musical College, is the director. Prof. Dennis has for seven years been director of the Department of Music at Wiley university.

He is assisted by Prof. M. S. Stewart, instructor in violin, band and orchestra work, a graduate of Wilberforce university and the Illinois Conservatory of Music.

WINNERS OF URBAN LEAGUE FELLOWSHIPS

(Associated Negro Press) New York, Aug. 14.—The National Urban League announces the following successful candidates for its 1925-1926 Fellowships: Miss Miriam Atkins of Winston-Salem, N. C.; C. Glen Carrington of Richmond, Va., and D. S. Yarbrough of Cincinnati, Ohio.

Miss Atkins, who is awarded the Ella Sachs Plotz Fellowship, is a graduate of Fisk university and studied for a summer at Columbia university. She has taught for three years at the state school and in the city high school of Winston-Salem, N. C. Mr. Carrington is a graduate of Howard university, class 1925. He was very popular in connection with student activities, having served as editor-in-chief of the university year book, "The Bison."

Mr. Yarbrough was an honor student at Springfield college, where with very fine marks he received the degree of Master of Humanities in June, 1925. Miss Atkins and Mr. Carrington are assigned to the New York school of social work. Mr. Yarbrough is assigned to the University of Pittsburgh.

These selections were made from a total of 39 applicants—26 of whom took the competitive examination. The scholarship award amounts to about \$900 which includes \$70 a month stipend and free tuition at the respective schools.

TEXAS COLLEGE CLOSES LARGE SUMMER SCHOOL

(Special) Tyler, Texas, Aug. 14.—Texas College closed this week the largest Summer School in its history. In reality it was the second largest in the state of Texas. Due to the fact that the College is ranked as one of the accredited schools of the Southwest—by Standardizing Agencies—is responsible for teachers coming from every section of the state.

In connection with the regular work there was in operation a Practice School under the competent supervision of Miss Elizabeth T. Perry for the benefit of those studying Primary Methods. This phase of the work proved to be a most valuable and popular feature of the session. Every effort was made by the institution to give those who attended an opportunity for the very best training along the lines of their profession.

WOMAN RETAINS HOME WHICH SHE PURCHASED IN "EXCLUSIVE" DISTRICT

LOS ANGELES, Calif., Aug. 14.—In January of this year, Miss Frances Henderson purchased a piece of property at 230 East 46th street. It afterwards developed that 135 property owners in that neighborhood had signed an agreement which they called a covenant to prevent any non-white persons occupying any lots in the community at any future time.

The man who sold to Miss Henderson signed this agreement. Miss Henderson purchased this beautiful modern home and occupied it with her mother. The 135 white neighbors filed a suit in court to ouster her from possession of the property. This suit was decided July 29th in Department 4, before Carlos S. Hardy, judge, in favor of Miss Henderson.

The "covenant" was declared void as to her and she was allowed to retain possession of the property. Miss Henderson was represented by Attorney Willis O. Tyler who has made a careful study for the past ten years of race restrictions and who is an authority on real estate law in the state of California.

The decision was by trial court and the opponents have threatened to appeal the case.

NEGRO BUSINESS LEAGUE DELEGATES GIVEN PROOF

Tuskogee Institute, Alabama, Aug. 14.—Dr. R. R. Moton, President of the National Negro Business League and Bryant A. Hammond, Transportation Agent for the League, are urging delegates who plan to attend the meeting of the League in Tulsa, to request Certificates when purchasing tickets, in order that the return trip may be purchased at one-half fare. 250 Certificates are necessary to insure the one half rate. Tickets may be purchased any time after August 15th and the return date is extended to August 25th, in order to accommodate the plans of the Muskogee people who have arranged a side trip to Tuskogee on Saturday, August 22. Delegates are also urged to write Professor J. E. Johnson, 102 North Greenwood Street, Tulsa, Oklahoma, and make reservations for their rooms.

Prompt Action by Officers Averts Race Trouble

Letters of thanks have been sent by the National Association for the Advancement of Colored People to Mayor Charles Green of Battle Creek, Michigan, and Brigadier General Benjamin A. Poore, commanding officer at Camp Custer, for their prompt action in suppressing what threatened for a time to become a race riot between white soldiers and colored citizens of the city.

The Calhoun branch of the N. A. A. C. P., through Geo. W. Corrothers, its president; C. L. Evans, chairman of the executive committee, and Carrie E. Foster, secretary, makes the following report: "The trouble started on Sunday, July 19, between 3 and 5 o'clock in a house with a questionable reputation, among the

lower element of our race, a white woman and a white soldier. The outcome of it was that the soldier was cut by a member of our race, not seriously, however, but just enough to form an excuse for revenge, not upon the man who committed the deed but upon the race. This soldier was stationed at Camp Custer which is located in the immediate vicinity of Battle Creek. He returned to the camp and that night a large bunch of soldiers came into Battle Creek and were joined by Battle Creek civilians and started the trouble which, however, was not of any great proportion.

"We wish to state here that as soon as the major (Charles Green) of Battle Creek was informed of the existing circumstances

LAW AND ORDER BILL PENDING IN GEORGIA

Seeks to Make End of Riots and Mob Violence—Sheriffs Held Responsible

ATLANTA, Ga., Aug. 14. (Special).—Georgia will join the growing list of Southern states which are taking active steps to end rioting and mob violence if the Legislature enacts the Law and Order bill introduced in the House of Representatives.

The bill, entitled "An Act to Maintain Law and Order," provides that in any case of riot, riotously, or mob violence, careful investigation shall be made by the Judge of the Superior Court. If it appears from this investigation that any sheriff, deputy sheriff, jailer, or other peace officer was negligent or incompetent in dealing with such disorder, the Chief Justice or other Justice of the Supreme Court shall appoint a special Law and Order Commission to hear all the evidence in the case and render judgment as to the faithfulness or negligence of the officer in question. If he is found by the Commission to have been negligent, judgment to that effect shall be communicated to the Governor, who in turn shall remove the officer from his position. Proof that any person was taken from the custody of the officer by the mob, or killed or injured while in his custody, shall be prima facie evidence of neglect, to be offset only by affirmative proof that the officer had in fact used all reasonable precaution and exercised the utmost diligence in the effort to maintain order.

The bill provides further that in the case of an officer so adjudged negligent in the prevention of rioting or violence, the Attorney General of the State shall bring suit against such officer for the full value of any property destroyed by the mob and for the sum of \$5,000 or each homicide committed by it. Any person removed from office under the provisions of the act shall be disqualified for a period of five years to hold any peace office of the state, county, or municipality.

Friends of the measure point out that it is in line with similar laws enacted in other Southern states which have been found very effective in

HAWAII AN INTER-RACIAL EXPERIMENT STATION

(Columbia Press Bureau) NEW YORK August 14.—"Hawaii is not a land of hulu hulu dances, grass skirts and 'ukeleles," writes Dr. Albert W. Palmer in his book, "The Human Side of Hawaii."

"Rather," says the author, "Hawaii is America's and the world's experiment station in interracial relationships. The sugar industry has changed Hawaii from a simply Polynesian paradise into a seething interracial pot. All the racial groups have come by invitation. From a population of 57,000 in 1872, the total has grown to 307,100, of whom 63 per cent are Asiatics, 40.8 per cent being Japanese. Hawaii is an integral part of the United States, and the greatest single problem in Hawaii is the Americanization of her polyglot Oriental population, especially the children, who are American citizens by virtue of their birth under the American flag in Hawaii."

DEAD AFRICAN'S HEAD LARGEST IN THE WORLD

(Associated Negro Press) New York, Aug. 14.—Word has just been received here from Cape Town, Africa, that the professor of anatomy in Cape Town University has just got possession of the skull of a native who recently died, that is probably the largest in the world. It is scientifically interesting, because of its resemblance to the famous Boskop skull, which is said to be the oldest in the world. If it should be established that the Boskop skull was native to Africa, it would mean that Africa is the cradle of humanity.

CORILLAS AS HEALTH INSTRUCTORS OF HUMANS

(Associated Negro Press) London, Aug. 14.—According to Dr. Hubert Pocock, who spoke before the annual meeting of osteopaths in this city, walking on one's tiptoes is one of the best cures and preventives for ailments. He claimed it to be especially helpful in cases of diabetes. "Watch the gorilla and you can see how the human frame can best be supported," he explained. "The gorilla's tremendous chest is the result of its posture. Men must learn to walk on their toes."

HELD IN RECORD BOND \$500,000

(Associated Negro Press) Chicago, Ill., Aug. 14.—Robert Sneed and John Mitchell whom five persons testified held them up with guns were held in a half-million dollar bond by Judge H. Lyle in the Criminal Court here Monday. Judge Lyle is a storm center because of the heavy bonds in which he has been holding suspects.

Raising the Family - It's lucky Pa found the Cusplator when He did!

BLOOD-STAINED POCKET BOOK CLOSES MURDER

Body of Well-Dressed Woman Discovered With Throat Cut in Corn Field Off Ft. Crook Boulevard, South Side

BODY IDENTIFIED BY COUSIN

Zeno White, Husband of Woman, Identified As Man Last Seen With Her Near the Scene of Murder

About noon Wednesday the body of Mrs. Emma White, 27, of 2634 Hamilton street, was discovered in a corn field, partially buried under dirt and corn stalks, in Sarpy county, near Twelfth and Edwards streets. This is some distance south of the terminus of the Albricht car line. The woman's throat had been cut, and her clothing was badly torn, indicating a struggle.

Harrison Stephens, ice man, found a blood stained woman's purse and a hat in the road near the scene of the murder and notified the police, who upon investigation, found the body. Osie Nolan, 2505 P street, cousin of the slain woman, identified the body.

Zeno White, 4724 South Twenty-sixth street, her husband, from whom it is alleged she separated two weeks ago, since which time she has been making her home with her brother, Charles Johnson, 2634 Hamilton street, was arrested Wednesday afternoon by Detectives Keane and Nelson at the Swift plant, where he was at work and is being held for investigation. Harold Munan, 1317 Edwards street, and Charles Bashus, Route 5, Fort Crook Boulevard, identified White as the man whom they saw talking with the woman at the end of the Albricht car line, the couple having alighted from an Albricht car shortly after 9 o'clock on the night of the murder.

According to information given at the Johnson home, where Mrs. White was living, White telephoned his wife Tuesday night to meet him in South Omaha and she left home to keep the appointment. That was the last time they saw her alive.

WOMAN RETAINS HOME WHICH SHE PURCHASED IN "EXCLUSIVE" DISTRICT

LOS ANGELES, Calif., Aug. 14.—In January of this year, Miss Frances Henderson purchased a piece of property at 230 East 46th street. It afterwards developed that 135 property owners in that neighborhood had signed an agreement which they called a covenant to prevent any non-white persons occupying any lots in the community at any future time.

The man who sold to Miss Henderson signed this agreement. Miss Henderson purchased this beautiful modern home and occupied it with her mother. The 135 white neighbors filed a suit in court to ouster her from possession of the property. This suit was decided July 29th in Department 4, before Carlos S. Hardy, judge, in favor of Miss Henderson.

The "covenant" was declared void as to her and she was allowed to retain possession of the property. Miss Henderson was represented by Attorney Willis O. Tyler who has made a careful study for the past ten years of race restrictions and who is an authority on real estate law in the state of California.

The decision was by trial court and the opponents have threatened to appeal the case.

NEGRO BUSINESS LEAGUE DELEGATES GIVEN PROOF

Tuskogee Institute, Alabama, Aug. 14.—Dr. R. R. Moton, President of the National Negro Business League and Bryant A. Hammond, Transportation Agent for the League, are urging delegates who plan to attend the meeting of the League in Tulsa, to request Certificates when purchasing tickets, in order that the return trip may be purchased at one-half fare. 250 Certificates are necessary to insure the one half rate. Tickets may be purchased any time after August 15th and the return date is extended to August 25th, in order to accommodate the plans of the Muskogee people who have arranged a side trip to Tuskogee on Saturday, August 22. Delegates are also urged to write Professor J. E. Johnson, 102 North Greenwood Street, Tulsa, Oklahoma, and make reservations for their rooms.

EDUCATORS ENDORSE KINDNESS

(Associated Negro Press) Durham, N. C., Aug. 14.—During the national convention of Teachers in Colored Schools here last week, the convention went on record endorsing humane education in the schools of the country, and elected Seymour Carroll, field secretary of the American Humane Education Society of Boston, Mass., as the chairman of the department.

Mr. Carroll, who makes his home at Greenville, S. C., will speak at all the colleges and high schools this winter in the interest of kindness, justice and mercy to every living creature, even Negroes down here.
