Pittsburgh.—After hearing statements of D. C. Kirby, a North Carolina attorney, to the effect that Negroes were not permitted to serve on juries in that state, Common Pleas Court Judge James B. Drew ordered that Sandy Huser, an aged Negro, who is wanted in Winston-Salem on liquor law charges, be released on writ of habeas corpus. "I am not going to send this man back to North Carolina, where it is evident, if the facts as related are correct, he will not be given a fair trial, and where he was indicted by a grand jury on which colored people were not permitted to serve," said Judge Drew.

HIGH RECOVERY RATE AMONG NEGRO INSANE

Washington—Although mental disease is still very prevalent among Negroes of the United States, the statistical bureau of the New York State Hospital Commission has found that the general recovery rate in recent years has been higher among Negro patients than among white patients. A high death rate, with males in advance of females, was also noted among the patients studied. Among the causes contributing to insanity among Negroes, the commission listed the following as principals: (1) The stress of congested city life, and (2) Cold northern climates. In its conclusions, the commission found that many institutions for the care of Negro insane are inadequate to meet the general needs.

Mrs. Sternberger of this city gave ten thousand dollars for laboratory equipment. The Negroes will raise ten thousand dollars for beds and other equipment.
