AMERICAN LEGION "1928 MEMBERSHIP DRIVE"

It is indeed interesting and no less gratifying, to note the steady, consistent progress of our membership committee, in materializing their "Gigantic 1928 Membership Drive."

Under the active chairmanship of Vice-Commander Paul Holliday, and his efficient corps of assistants, including Metz Manion and John A. Gardner—a city-wide canvass is being made for eligibles. If you ever saw military service, either at home or abroad, then "YOU ARE ELIGIBLE FOR MEMBERSHIP."

For the benefit of those who are not able to pay their annual dues of \$3.00 at once, "our convenient installment plan," consisting of six regular monthly payments of fifty cents each, will thus enable our less fortunate "Buddies" to enlist their services in the "BATTLE FOR A BIGGER AND BETTER POST."

The natural inclination of the average individual, is to be skeptical about the things he does not understand; the idea, within itself is perfectly logical, but not excusable; therefore, "ACQUAINT YOURSELF WITH ROOSEVELT POST NO. 30, so thoroughly, that you will KNOW the purpose, value and activities of the organization in detail and I assure you, that instead of KNOCKING, you will gladly BOOST the Legion.

"HONEST AND ZEALOUS EFFORTS ARE ALWAYS REWARD-

ED." Do you wish to share this reward? If so, "DO YOUR BIT" to make our membership "ONE THOUSAND STRONG" before June 1st, 1928.

UNITED MASTER BARBERS

Subject: Alopecia or Baldness

By R. D. Jackson

Is a physiological or pathological deficiency or loss of hair, either partial or complete? Ever since man has been particular about his appearance, he has had a desire to have a nice head of hair, and up to the present generation more time is spent by humanity caring for the hair than any other portion of the body.

Every time we glance into a mirror, or take our hats off we see to it that our hair is properly arranged.

It has been wisely said that one's hair is their glory; if by chance by improper care, or some constitutional disorder we have lost it, we begin to seek some means of regaining it.

Some of the local diseases may cause baldness; eczema and dandruff. Dandruff is generally regarded as the most potent cause of baldness. It is a plausible and attractive theory to attribute to microbic invasion, for the micro-bacillus enters the mouth of the hair follicle, multiplies and forms a thin microbic lamina which separates the hair shaft from the follicular wall.

Epithelial irritation causes the encysting of the bacilli in a plug or cocoon, then follows increased flow of the sebaceous gland, causing atrophy of the hair papillae.

Some of these causes may be traced to city life, excessive meat diet, insufficient exercise, and some may be traced to heredity.

If the causes be of a local nature your dermatician or barber, is able to give you a guaranteed cure for the cause; but if it is from a constitutional cause you would have to consult a physician, and with the help of both, you will in time regain that which you so highly prize.

THRIFTY NEW YORK NEGROES

BUY LARGE APARTMENT

New York City, Jan. 5—The purchase of a large apartment house at 223 West 142nd street by the Pioneer Negroes of the World, Inc., was announced Thursday of last week by the president, William L. Sherrill.

The organization is said to be made up of former members of the Universal Improvement association who disagreed with Marcus Garvey over his scheme to redeem Africa as well as methods of handling local enterprises.

Officials of the organization say that the acquisition of the property in Harlem is the beginning of the business program which the association has worked out. Branches in other cities will invest in property.

ARTHUR BRISBANE LIKES

NEGRO PULLMAN PORTERS

Arthur Brisbane, the famous Hearst newspapers' columnist, says: "For the first time, Chinese replace colored men as porters on trains. The Northwestern-Pacific lines have installed twelve young Chinese as club car porters in place of Negroes. All but one of the twelve are American born.

"They will work well, doubtless, but the public, satisfied with excellent service rendered by colored porters, will not like them displaced. Colored men are descendants of those brought to this country against their will, as slaves and for that reason are entitled to especial consideration."
