LEGION SENDS OUT S. O. S. SIGNAL AS LAST RESORT

By E. W. McGowan
So startling was the recent communication from Department Commander Jean B. Cain, revealing the relative standings of Douglas county posts, that Legion officials were compelled to send out S. O. S. signals to delinquent legionnaires as a last resort to collect 1928 dues, before April 27th.

It is quite apparent that many of our buddies have overlooked and completely disregarded this all important feature of "paying dues for 1928."

You are responsible for the success of Roosevelt Post No. 30, and the immediate payment of your dues will be the greatest and most appreciative contribution toward its success.

Would you permit your post to lose its prestige and power through your neglect? If you have not paid your Legion dues for 1928, by all means, pay them today.

Don't forget the next regular meeting, to be held April 27th, at Legion headquarters. Bring a buddy with you.

RETIRED BAPTIST MINISTER FOUND DEAD

Rev. William Young, a retired Baptist minister, who had been ill at his home, 1117 North Twenty-first street, for several days, died some time during the night or early Thursday morning, as he was found sitting in a chair in his dining room, about noon, by Mrs. Stewart, who dropped in to see how he was. The lamp was lighted and the fire had gone out. Wednesday evening he was on his porch and told a neighbor he was feeling fine. He lived alone. His daughter, Mrs. Arthur Dunham, and her husband, who had been very attentive to him during his illness, spending each night with him, did not go to his home Wednesday night because he was feeling so well and because of the death of Mrs. Eliza Turner, with whom the Dunhams made their home. The deceased was 65 years old and is survived by two daughters and a son.

LA VIEJO BANDA

La Viejo Banda met on March 30 at the residence of Mrs. Arthur Rafferty. The afternoon was spent in the regular routine business of the club. A delicious luncheon was served by the hostess.

On April 13, instead of holding a regular meeting, the club members held a Dutch treat gathering at the Riviera theater. After the performance, they spent an enjoyable half hour at the Brandeis cafeteria with Mrs. W. J. Johnson as hostess. The next meeting will be April 27 with Mrs. M. Jackson, Twenty-sixth and Binney street.

A group of young people were delightfully entertained Sunday afternoon at the home of Miss Florence Jones, 2811 Caldwell street. During the afternoon musical selections were given by the Misses Helen Hunnigan and Margaret Dallas, and an interesting extemporaneous speech by Mr. James T. Lewis.

St. Philip's Men's club held an interesting meeting Wednesday night at the residence of Mr. Augustus Hicks, 3112 Corby street and discussed plans for future activities of the organization. Dr. W. W. Peebles presided over the meeting.

NEWSPAPER EDITORS SPEAK

Quill Pushers, Managers and Members of the Fourth Estate Place Salient Facts Before American People

Louisville, Ky.—(Special) — With a ringing address to the country, touching practically every phase of American life, brimful of the burning facts that become realities of today, the National Negro Press association has issued the following statement to the country:

"We, the members of the National Negro Press association, in convention assembled, submit the following as our expression to the country, on matters relating to the Negro and to the progress of the country in general:

(1) We record the remarkable progress which has been made by the Negro press in all sections of the country, both in the technical make-up of the Negro papers and the virility of their editorial policy. More and more the Negro press is regarded as the accepted barometer of Negro opinion and a definite influence in Negro life.

(2) We record, too, our grateful appreciation to Secretary Herbert Hoover for his unflinching courage in handling Negro refugees in the flood disaster, and his most recent demonstration of genuine Americanism in abolishing segregation in his department, and we call upon the president of the United States to follow the precedent set by Secretary Hoover and issue an executive order abolishing segregation in all of the departments and bureaus of our federal government at Washington.

(3) We view with alarm the recurrence of the Lily White movement which strikes at the fundamental principles of the republican party and call upon all patriotic Americans of both races to stamp out this agent of injustice.

(4) The unemployment of millions of Americans calls for the sober reflection and the earnest co-operation of all Americans. We record our alarm at sentiment which expresses itself in the program of the "Negro last on the first off" in our economic structure. We believe that Negro labor, of all groups in the country, can least afford to be laid off and we cannot help but feel that there is something altogether sinister in the disproportionate number of Negroes who are denied employment, thereby keeping them on the precipice of economic starvation.

(5) We approve the efforts of the National Negro Business league, to work out a scientific approach to the study of the Negro's economic condition as represented in the survey of Negro business which is now being conducted. We record our gratitude to the United States department of commerce for the aid and assistance which it is giving to this survey and the recognition which has come to

the race in the appointment of a Negro man as director of the Section of Small Business Units.

(6) We protest against the continual discrimination against the Negro on common carriers, including busses. We believe, as American citizens, the Negro should be accorded absolute equality in the matter of travel.

(7) We note with pride the continual progress which the Negro is making in education and call upon state legislatures to increase their appropriations for this purpose and to make no discriminations in the apportionment of funds as between the races.

(8) We repeat our annual condemnation of lynching and mob violence and hereby record our gratitude to the press, as well as other agencies that are striving for the abatement of this national evil.

(9) We urge the adoption by the government of plans looking toward rehabilitation of the flooded Mississippi valley, building of the Boulder dam in the great southwest as well as an increase in the agricultural extension work among Negro farmers.

(10) We call upon the religious press, the ministers of the gospel and leaders of our fraternal organizations to co-operate with the secular press and other agencies which have for their objective the development of the economic life of the Negro. In season and out of season, we must preach the doctrine of race pride, of interest in and support of Negro enterprise, including Negro newspapers, not in the spirit of boycott but to the end that we may provide employment for our own boys and girls and insure for ourselves a permanent and enduring place in American life.

(11) Inasmuch as the ballot is the effective weapon in the hands of freemen for the protection of their civic, economic and social rights, we urge black Americans everywhere to register and qualify as legal voters, prepare to exercise their franchise in the states where they reside.

Respectfully submitted,
A. L. Halsey, Ala., Chairman
L. G. Jordan, Tennessee
Miss Sadie B. Wilson, Tenn.
C. F. Richardson, Texas
W. B. Driver, Alabama.
Claude A. Barnett, Illinois."
