Y. W. C. A. NOTES

On last Wednesday, eight of the Y. W. C. A. ladies from the North Side branch responded to invitations to attend a finance meeting and 1 o'clock luncheon at Camp Brewster of the Central Y. M. C. A. Those of our group attending were Mesdames McGee and Greenfield, chairmen, and the following committee of ladies: Mesdames Leland, J. D.

Thornton, Ardina Watson, Nora Mirus, and Mrs. Stovall. A real treat was enjoyed by the ladies who were extended every courtesy.

Mrs. Nora Mims, an ardent and enthusiastic member of the religious and general education committee, left this week for an indefinite stay in New York City. This committee regrets Mrs. Mims' departure and with the recent departure of Mrs. Fanny Tomlin, who returned to Des Moines, the committee feels keenly their going for they both were invaluable to this wide awake committee of which Mrs. Hiram Greenfield is chairman.

North Side "Y" Gives Large Kensington in Dundee

The religious and general education committee of the North Side Y. W. C. A. gave a large, successful Kensington at the beautiful, spacious home of the chairman, Mrs. Hiram R. Greenfield, 1005 North Fortyninth avenue, in Dundee, Thursday, June 14, at 2 p. m. Mrs. R. K. Lowrie, the general chairman of the largest social event of this committee, gave everyone a thrill of ecstasy with the unique and simple manner of entertaining.

The 66 ladies present were a picturesque group, seated all over the lawn in shady nooks under the trees and shrubbery, busily chatting and doing artistic needlework in the invigorating air. The committee assisting Mrs. Lawrie was composed of Mesdames J. D. Thornton, Frank Cole, Louisa Scott, Ardina Watson, Stovall, Buffkins, Nora Mims and Brewer, who served a delicious menu.

Mrs. Lizzie Buford, Advo coffee demonstrator, served coffee. A short informal program was rendered in the parlors before the guests were invited to the lawn where through the courtesy of Joseph D. Lewis, a sufficient number of chairs were provided for all. The committee awarded Mrs. Ida Mae Ford a hand painted cream pitcher for accomplishing the most needlework during the afternoon and Mrs. McGee was awarded a hand painted china cup for the most beautiful needlework. The day was ideal and with reluctance the happy joyous guests, after lingering until the shade of eventide, left with loud praises for the chairman, Mrs. Greenfield, and committee ladies' charming hospitality.

POLITICAL POWER DISTORTED BY NEGRO DISFRANCHISEMENT, SAYS DR. DU BOIS

Southern Oligarchy Dictator of Nation, Declares Editor of "Crisis," in Keynote Address of Race Relations Conference

Los Angeles, Cal., June 28.—Disfranchisement of the Negro in southern states has brought about such distortion of political power in the United States that a small white oligarchy in the south is the dictator of the nation, declared Dr. W. E. B. Du Bois, editor of The Crisis magazine, in the keynote address here which opened the 19th annual conference of the National Association for the Advancement of Colored People.

Dr. Du Bois pointed out that the barring of Negro citizens from the polls in southern cities had transferred political power into the hands of a small group of whites, as many as from 80 to 90 per cent of voters in far southern states restraining from voting in the election of 1920. Among the states where this abstention from use of the ballot was most pronounced Dr. Du Bois cited the following states and their percentage of non-voters:

South Carolina	92 per cent
Mississippi	91 per cent
Georgia	89 per cent
Louisiana	86 per cent
Texas	82 per cent
Arkansas	79 per cent
Alabama	79 per cent
Florida	72 per cent

The consequence in political distortion, continued Dr. Du Bois, was that whereas it took 85,759 votes to elect a representative in congress from California and 91,785 from Ohio, citizens in southern states enjoyed in some cases ten times as much political power as citizens of the north, as follows:

SOUTH	
State	Votes Per Rep.
South Carolina	9,449
Mississippi	10,312
Georgia	12,394
Louisiana	15,733
Texas	22,973
Virginia	23,100
Alabama	24,107
NORTH	
State	Votes Per Rep.
Indiana	97,108
New York	67,338
Kansas	71,278
New Jersey	75,333
Illinois	77,425

"The barring of Negroes from the polls in the south," said Dr. Du Bois, "encourages oligarchy. It enables cliques to nullify not simply the 14th

and 15th amendments but the 19th, giving the right to vote to women. And, finally, it entirely vitiates the normal distribution of voting power throughout the nation.

"It accomplishes this not simply by disfranchising Negroes. The population in southern states has doubled and by reason of woman suffrage the voting population ought to have quadrupled, but actually, as a matter of fact, the voting population has increased less than 50 per cent, showing that not only have two million Negroes been disfranchised but more than two million whites."

Dr. Du Bois quoted from an address of Henry W. Anderson, a white politician of Virginia, who asserted that in southern states the qualification to vote is so limited that governors and other state officers are "sometimes elected by less than ten per cent of the population of voting age."

"At the event of a presidential election," continued Dr. Du Bois, "singular compilations are made. The democrats can start out assuming the votes of 11 southern states with, at present, 124 of the 531 electoral votes. They need to fight therefore, for only 142 electoral votes to have the majority of the electoral college. On the other hand, the republicans must leave out of account 142 electoral votes at the start and of the 407 electoral votes they can afford to lose only 141.

"But if this is the plight of the republicans, what can be said of any third party? It simply has no chance at all.

"As sure as fate some day there is coming in the United States a political controversy with social and economic roots which is going to open suddenly the question as to why the south has three times the political power of the west and why New England, with its disfranchised foreign workers, has more political voice than the west. The protest is not coming simply from northerners or 'friends' of the Negro. It is even coming from the south itself.

"This is no mere question of parish or section or race. It is a vast and pressing problem of democracy and civilization. We must decide, and decide soon, what persons, what public opinion in the United States shall rule. Shall it be the public opinion of a small select group of persons of Nordic descent? Shall it be the public opinion of the rich controllers of capital? Shall it be the public opinion of college graduates? Shall it be the public opinion of all adult Americans except Negroes, Asiatics and Latins? Or shall we try to make it the public opinion of all intelligent adults? Whatever public opinion rules in the United States, it must rule freely and clearly without a system of rotten boroughs and without discrimination and cheating. The clearing up and settling of this great question is the vastest problem that faces America today and we must begin with its solution now."
