Y. W. C. A. NOTES

The religious and general education committee of the North Side Y. W. C. A. gave a most delightful picnic last Friday at the residence of Dr. and Mrs. J. W. Scott, on North Twenty-seventh street, when more than 30 guests participated. Mrs. Scott is secretary of the committee and also was chairman of arrangements for this successful outdoor affair. Long tables on the spacious, beautiful lawn were laden with the season's choicest viands where the guests were seated at six o'clock, to a sumptuous picnic dinner.

The kiddies present ate from a table spread upon the lawn. The old and young were happy and filled with merriment for there was everything to delight the appetite, fried chicken galore, green beans, boiled ham, boiled cabbage, vegetables, salad, deviled eggs, rolls, sandwiches of all kinds, pies, cakes, soda pop, and iced tea. Mrs. Scott served all guests ice cream. The committee ladies had guests. Many out of town guests were also present, among whom were Sergeants Truitt and Harrington of Fort Riley, Kansas, and their wives. Mrs. Florence H. Level and little daughter, Nettie Mae of Detroit, and the Rev. Mr. and Mrs. Stewart of Council Bluffs, Ia., were also present. With real reluctance, the guests bade adieu late at night for the air was so cool on such a hot summer day. All expressed heartfelt gratitude to Dr. and Mrs. Scott for an unusual treat.

NATIONAL MEDICAL ASS'N CONVENES IN BALTIMORE

The annual convention of the National Medical association will meet at Baltimore, Md., August 13th to the 17th. The president, Dr. C. V. Freeman, is doing everything possible to make this the greatest year in the history of the organization. He has traveled extensively and made many contacts that will mean much to the National Medical association.

The president states that although only 2,000 of the 6,000 eligible professional men, for membership in the association, were members of the association at the beginning of the year. A large increase is expected in membership when the reports are received at the Baltimore meeting.

Splendid arrangements are being made at Baltimore, for clinical and

scientific work at prominent hospitals. We are expecting to make this a post graduate week in medicine and its allied branches. Our one aim is that the men will gain valuable information by attending these meetings so that they will be better able to serve humanity.

The National Medical association is expecting at least 3,500 physicians, surgeons, dentists and pharmacists at Baltimore. With this we feel that this will be the most powerful organization of our group to help humanity in their various communities. Begin now to make preparations to go to Baltimore.
