AN IMPORTANT WORD TO SUBSCRIBERS

The postal regulations require that for newspapers to be sent through the mails subscriptions must be paid in advance. A reasonable time, thirty days, is allowed for renewals. At the expiration of this period, where subscriptions are not renewed, the paper must be stopped. If this is not done, postal privileges are denied the publication. Those, therefore, who desire to continue receiving The Monitor must see to it that their subscriptions are paid, as the law requires, in advance. Statements are being sent to all those who owe, or our collector will call—and unless your subscription is paid we will be compelled to cut off your paper which, of course, we do not want to do.

We, as publishers, MUST comply with the law or pay the penalty.

BENEFACCTIONS TO RACE FROM COMMUNITY CHEST

To what extent does our race receive benefactions from the Omaha Community Chest? Very generously, as these figures will show:

Colored Old Folks Home	\$2,192
Cultural Center, South Side, Social Settlement	5,200
Urban League	5,984
North Side Branch Y. W. C. A.	5,610

Here is approximately \$19,000 which comes directly to our agencies, but add to this the assistance given our people through the Associated Charities, upon the staff of which we have one paid worker; the American Red Cross; the Visiting Nurses; the Orthopedic Association and the Hattie B. Monroe Home for Crippled Children; the Christ Child Society, and other organizations, and this amount will have to be increased by at least \$20,000, making members of our race beneficiaries of the Community Chest to the sum of approximately \$40,000, or about 12% of the total budget asked.

Ought we not, then, do our full charge in contributing to the Community Chest? If you will do your part in Omaha's Big Job, the job will be done.

REMEMBER HOME

In the intense interest manifested in the presidential campaign there is great danger that we will neglect important duties at home. Several measures of grave moment are likely to go by the board. Who is giving much attention to the street railway franchise which is coming up for decision November 6; or the bond issue for a new and badly needed county hospital; or the school board; or the judiciary, including the district and supreme bench? Let us not have our gaze so intently fixed on the White House that we forget home.

THE SCHOOL BOARD

Several members of the Board of Education are to be elected this fall. Some twelve or more candidates have filed. We ought to see to it that any candidate whom we decide to support will pledge himself or herself to do the honest and just thing by our people. That is granting to us, who help support the schools, some representation among school employees both on the corps of teachers and in some other jobs and positions. Over 2,000 persons employed by the Board of Education and not a single member of our race among them! We want some of our well-qualified young women employed as teachers first; and then we want some other jobs. But the fight for teachers must be won first. Let us support a slate for the Board of Education which we believe has some slight sense of fairness and justice.

THE COMMUNIST

The only political party that has come out fairly, squarely, and courageously for the rights of the Negro in America is the Communist Party. Its platform does not dodge any issue which affects us, nor does its nominee. At present and for some time to come its influence and power will be negligible, but it is to be commended for its courageous statement of its principles.

LETTERS FROM OUR READERS

The Negro Cannot Support the Democratic Ticket

Editor Monitor: There may be some reasons occasionally why members of the race could be constrained, on account of personal relations with some prominent democrat, to vote for a democratic candidate, but there can be no reason why they

been passed to prevent the race from having equal accommodations on public carriers, and every segregation law intended to prevent our people from providing better homes and improving our living conditions, has been enacted by democratic legislatures and city councils.

Now, is it reasonable to expect our people under these conditions to support such a party and elect its candidates?

This party has done nothing to benefit and aid our race in its efforts to become better citizens and to exercise our civil and political rights, and no colored citizen should vote either to place it in power or to keep it in power.

Besides this, colored men are not welcomed into the party, and we ought not seek recognition politically where we are not wanted. Every reason demands that every citizen should vote for Hoover and Curtis, who, when elected, can be depended upon to accord to every citizen his rights and privileges under the law, and keep the Thirteenth, Fourteenth and Fifteenth amendment to the constitution intact, as well as the Eighteenth. Z. E. MCGEE, Pastor of Pleasant Green Baptist Church.

WILLIS G. SEARS

Conservative and Progressive

All candidates running for office in this campaign are classified as conservative, progressive and radical. The first so-called because those who compose that group adhere strictly to party regularity and do things in the long-tried and proven ways. The second, because they do things by the more advanced method. The third strives to do away with the old order of things and set up a new and experimental order. We should make our choice from the first two groups when we vote to elect candidates. Judge Willis G. Sears is a combina-
