The missionary meetings at the M. E. church are very interesting. Miss Trimble, the missionary returned from China, spoke very entertainingly Friday evening, in place of Dr. Smith who was absent. Dr. Sison presides at the meetings.

James Jones, an old acquaintance of the editor in Pennsylvania in the younger days, dropped in upon the Herald on Wednesday and introduced himself, and we had a very pleasant hour or two discussing old times and old acquaintances. He went from here to the Bend to visit a day or two with Commissioner Blanchard. They are nearly cousins. Blanchard's grandmother and Jones' grandfather after the death of their respective consorts became husband and wife, and a nice old couple they were too, as the writer well knows.

W. A. Biven's Death.
The remains of W. A. Biven, who was killed by a switch engine at Albuquerque, N. M., last week, were interred Sunday at Dakota City. The funeral was held at 11 o'clock at the Salem Lutheran church, under the direction of the Masonic fraternity. Interment was in Taylor cemetery.

George A. Biven, a brother of the deceased, who brought the remains from Albuquerque, can neither affirm nor deny the report of suicide. While in Albuquerque he made some investigation as to his brother's death. There were but two eyewitnesses—the engineer and a man named White, who was stopping at the Hotel Sturgis and had met Biven there. Biven and White were at the Santa Fe depot. Biven expected to leave for the west on the 5 o'clock train. White had accompanied him to arrange for his own departure at a later hour. They were standing between the first and second tracks, engaged in conversation and neither noticed the approach of the engine until it was very close. Startled, White jumped back, while Biven attempted to cross in front of the approaching engine, which struck him and threw him to the track.

The engineer's story is brief. As soon as he saw Biven start across the track he knew he would never be able to reach the other side without being struck. He immediately reversed, but to no avail. The engine was without a pilot and had only a footboard at the front. This turned the body over and over. The left leg was entirely severed and the body was otherwise mangled. The engine was moving very slowly at the time.

White left the same night, so Mr. Biven learned very little about the matter.—Sioux City Daily Journal, 9th.

Rural Carrier Held Up.
The position of rural mail carrier, which has always been regarded as a trying one, has also become somewhat hazardous, according to the Nemaha Advertiser. "On Tuesday," says the Advertiser, "T. J. Rumbaugh, carrier on route No. 1, was held up while on his route. A man hailed him and ordered him to get out of his wagon. Mr. Rumbaugh obeyed orders. Then the man put a bushel of apples in the wagon and told him to drive on. The next day he was presented with a lot of spare ribs, backbones, etc., by one of the patrons of the route who had been killing hogs. On Thursday another patron presented him with two pounds of fine honey." The carrier survived the ordeal, as indicated by the Advertiser's additional and somewhat unnecessary comment that "Mr. Rumbaugh appreciates this kind of treatment."—Lincoln Journal.

It would seem that the patrons along the rural delivery routes not far from Mapleton do not propose to be outdone by the patrons in South Dakota, interesting editorial mention of their generosity having been made in the Tribune a couple of weeks ago. The way the Iowa people do in taking care of the mail carriers is shown by this: A. S. Ashmore was given 75 bushels of grain, also a big chunk of nice fresh meat, vegetables and fruit, and \$6 in money. H. K. Blair was made a present of a good fur overcoat, a fur robe and \$250 in cash, and Henry Dodd is to have a stack of hay, 40 bushels of oats and a quarter of beef.—Mapleton, Iowa, correspondence in Sioux City Tribune.

Boundary Lines Established.
At a meeting of the interstate boundary commission held at the Mondak hotel last night the long controversy over land claimed by both Nebraska and South Dakota was settled so far as the boundary commission is concerned.

The commission agreed to recommend to the respective legislatures of the two states that a tract of land now belonging to South Dakota, but on the Nebraska side of the river, known as "Hall's survey," shall be ceded to Nebraska. They will also recommend that two tracts of land which, by reason of cutoffs by the river are now on the South Dakota side, and known as the "pocket" in McCook lake and the "Reiniger bend cutoff," shall be ceded to South Dakota.—Sioux City Daily Journal, 10th.

Try for Health

222 South Peoria St., CHICAGO, ILL., Oct. 7, 1902.

Eight months ago I was so ill that I was compelled to lie on my stomach nearly all the time. My stomach was so weak and upset that I could keep nothing on it and I vomited frequently. I could not urinate without great pain and I coughed so much that my throat ached all the time. My chest ached and I had a cough that I could not keep from coughing. It mattered little to me what they called it and I had no desire to live. A sister visited me from St. Louis and asked me if I had ever tried Wine of Cardui. I told her I had not and she bought a bottle. I believe that it saved my life. I believe many women could save much suffering if they but knew of its value.

A FEW WORDS ABOUT PEARSON'S MAGAZINE FOR 1904

Pearson's Magazine appeals to every member of the family. In the words of a subscriber, "It is the easy-to-read Magazine." It is different from any other magazines, and by that quality, although less than five years old, has taken its place amongst the very best sellers. Its field is a general one of wholesome entertainment and instructiveness.

Following are four of the special features for 1904:

WALL STREET METHODS TOMNAST, CARTOONIST OF 'FINANCE'.
By Henry George, Jr.

A number of true accounts of some of the Wall street "deals" by which the savings of the many have been sacrificed to satisfy the cravings of the few. Read these articles and realize the wisdom of the advice of the late Governor Rossell P. Flower to a party of his friends to "keep your money in your pocket."

DISTRESS AFTER EATING CURED
Judge W. T. Holland of Greensburg, La., who is well and favorably known, says: "Two years ago I suffered greatly from indigestion.
