A Live Wire

Every nerve is a live wire connecting some part of the body with the brain. They are so numerous that if you penetrate the skin with the point of a needle you will touch a nerve and receive a shock—pain it is called. Aches and pains come from a pressure, strain or injury to a nerve; the more prominent the nerve the greater the pain. When the pain comes from a large nerve it is called **Neuralgia**.

whether it be the facial nerves, or the heart, stomach, sciatic or other prominent nerve branch. To stop pain, then, you must relieve the strain or pressure upon the nerves. Dr. Miles' Anti-Pain Pills do this.

"I suffered intense pain, caused by neuralgia. I doctored and used various medicines without getting relief until I began taking Dr. Miles' Anti-Pain Pills. They did me more good than all the medicines I ever used. They never fail to cure my headaches, and their use never leaves any bad after-effects."

MRS. WM. BECKMAN,
317 W. 4th St., Erie, Pa.

Dr. Miles' Anti-Pain Pills are sold by your druggist, who will guarantee that the first package will benefit. If it fails, he will return your money. 25 doses, 25 cents. Never sold in bulk. Miles Medical Co., Elkhart, Ind.

In the state corn growers contest held at Lincoln, Neb., last week, Dakota county was entered out of the prize money, according to inside reports from the meeting. Among the exhibitors were twenty ears of Red-yellow dent, raised by Don Forbes of this county. This corn scored 994, four points more than the corn that was awarded the prize. After the corn had been passed upon by the experts whose duty it was to judge the corn, it was disqualified by the executive board of the association, and the prize was given to Leo Smith, of De Soto, a member of the board. The only excuse made for disqualifying Mr Forbes' corn was, that some of the kernels bore traces of rot, and for this reason the scorers had already decided against the contest. The action of the board looks a little suspicious, when the experts had passed upon the exhibit, for if any disqualifying features had been present they would surely have considered them.
