Do You Want a Homestead?
 A bill has passed congress whereby a million more acres of the famous Rosebud reservation in Tripp county is to be thrown open to entry and settlement under the provisions of the general homestead and townsite laws of the United States. This is the best land the government has to offer to settlers. South Dakota produces more wealth per capita than any other state in the United States. These Indian lands are the best in the state. Land on this reservation in Gregory county, adjoining this, increased in value from \$4 to \$40 per acre in two years. This is just as good. Messrs. Jeffers & Chambers, reputable attorneys and land men, of Herrick, S D, have prepared a comprehensive circular on the general land townsite laws which will give you full information as to who is entitled to a homestead, and how to proceed to obtain 160 acres of this valuable land together with the famous Peterson map of Tripp county, which they will send to any address, postage prepaid, for one dollar. Remit by bank draft or post office money order to **JEFFERS & CHAMBERS,** Herrick, S D.

DAKOTA CITY NEBRASKA

Some banks, if alone in a town, would keep up prices, charge for EVERYTHING, in fact, squeeze every nickel possible from their customers. This bank, from the 14th day of April, 1886, has steadily PUT DOWN the prices, furnished every convenience in banking obtainable even in New York City and at AS LOW PRICES as prevail ANYWHERE. We want no business unless we do at least as well by you as anyone else, ANYWHERE. To this we ascribe our constantly increasing business, even though eleven banks have started in our territory, each taking customers near by to them, from us. For if you expect to live in a town and do BUSINESS, you simply must "Treat them RIGHT." But one thing we insist on, those who borrow, must give us absolutely good notes, nothing else will be considered. For here, "your money will be ready for you when wanted," and that requires the good notes we have been taking for twenty-one years past—(less than \$50 losses since starting). Does such a bank deserve the business of the farmers of Dakota county?

"The Bank that ALWAYS treats you RIGHT", Jackson, Neb.
