FARMS FOR RENT SEET THE SE

At certain times in the year, and particularly a month or two before the Christmas holldays, . books com into newspaper offices for review faster than any one man can possibly read and review them with justice either to himself or the books. He glances through them hastily, unless they are by noted authors, gets a salient point here and there, and "writes them up" as best he can. Then he forgets "

about them. "A friend came to me one day and expressed his gratification at the way in which I had written up a new novel by a comparatively unknown author," said the literary editor of a Chicago

"'You expressed my idea of it exactly', he said. 'It is one of the remarkable books of the year. The plot is absolutely unique, the treatment of it is bold and original, and the dialogue crisp and delightful. It will make a great hit."

"'Well,' I said, 'if it is as good as all that, I'll read it..'"

Duels with Platols.

Discussing pistols as dueling weap ons, the Paris Figure sought the views of a man who had the reputation of ar expert on the field of honor. He at once began to rail at duels with pistols He could not bear even to speak of them. The fact was that he had once himself at an encounter of that kind received a ball in the shoulder.

"Then you disapprove of them simply because you were defeated?" "Why, I was not defeated,"

"What!"

"No; I was a second. You may well believe that I promised myself never to mix again in affairs of that sort. However, one day I had to accompany a friend on the field. He had asked it of me as a personal favor. I could not refuse. But I insisted upon one condi-"What was that?"

"That I should climb a tree during the firing."

"A good scheme." "You think so? Well, I was wounded again. My friend fired in the air!"

M. Griffith:, a French scientist, has discovered evidence of radio-activity in the petals of several flowers, including verbeas, sunflowers and geraniums.

## CASE OF ECZEMA IN SOUTH.

Suffered Three Years-Hand and Eye Most Affected-Now Well and Is Grateful to Cuticura.

"My wife was taken badiy with eczema for three years, and she employed a doctor with no effect at all until she employed Cuticura Soap and Ointment. One of her hands and her Two hours a day sawing wood left eye were badly affected, and when will keep anyone's Bowels she would stop using Cutleura Soap and Ointment the eczema came back. but very slightly; but it did her a sight instructions in using the entire set of Cuticura Remedies and my wife is entirely recovered. She thanks Cuticura very much and will recommend it highly in our locality and in every nook and corner of our parish. God bless you for the sake of suffering humanity. I. M. Robert, Hydropolis, La., Jan. 5 and Sept. 1, 1906."

THE BLIND NOW HAVE A MAGAZINE THROUGH RIGH WOMAN'S BENEVOLENCE.

HOW THE BLIND WILL STUDY THE PANAMA CANAL.

The first magazine for the blind ever made is about ready to be sent out to the sightless thousands of America through the benevolent provision of Mrs. William Ziegler, who has donated the funds for the enterprise. It is estimated that the cost to the widow of the millionaire baking powder man will be between \$60,000 and \$70,000 a year. Pages of the new magazine are about 12x13 inches in size. The number of pages will vary from month to month, the first number containing about fifty sheets. Compared with other magazines it is bulky, and each one will weigh about one pound. The articles will be of all sorts, stories, news, achievements of the blind, poetry, a sheet of popular music, and some instructive articles. The moral tone will be high, although it will not be religious in any way.

The first number goes to about 6,000 blind readers among the general public. This figure does not include 4,500 students now in schools for the blind. A sufficient number of copies will be sent to the schools for these, and the magazine will go to the students at their homes during vacation, through Mrs. Ziegler's kindness. This first number is the largest edition of anything ever printed for the blind. Great care has been used in the character of matter. For instance, many beautiful songs and poems would be out of place for blind readers. Allusions to moonbeams, starlight, rainbows and clouds are not printed, as they serve to emphasize to the renders the sense of their af-

Above is one of the "illustrations" in the new magazine. A map is shown in raised dots. Underneath the map are the following words: "Map showing southern Florida, the Bahamas, Cuba, Jamaica, Panama and adjacent land and sea." Some of the points on the map are marked with only the dots representing the first letter of the name, but in the margin the name is spelled out. The first number of the magazine contains, besides minor contributions and maps, the following:

President Roosevelt's letter to Mrs. Ziegler, Helen Keller's letter to Mrs. Ziegler; first installment of "Mrs. Wiggs of the Cabbage Patch," which will run as a serial; a physical exercise for the blind; the Esperante Hymn of Peace: comments on current news.

WOMEN ASSAIL COMMONS.

## The General Condemnation of So-Called Patent or Secret Medicines

of an injurious character, which indulge in extravagant and unfounded pretensions to cure all manner of ills, and the National Legislation Enacted to Restrict Their Sale

have established more clearly than could have been accomplished in any other way

 The Value and Importance of Ethical Remedies. Remedies which physicians sanction for family use, as they act most beneficially and are gentle yet prompt in effect, and called ethical, because they are of

Known Excellence and Quality and of Known Component Parts.

To gain the full confidence of the Well-Informed of the world and the approval of the most eminent physicians, it is essential that the component parts be known to and approved by them, and, therefore, the California Fig Syrup Company has published for many years past in its advertisements and upon every package a full statement thereof. The perfect purity and uniformity of product which they demand in a laxative remedy of an ethical character are assured by the California Fig Syrup Company's original method of manufacture, known to the Company only.

There are other ethical remedies approved by physicians, but the product of the California Fig Syrup Company possesses the advantage over all other family laxatives that it cleanses, sweetens and relieves the internal organs on which it acts, without disturbing the natural functions or any debilitating after effects and without having to increase the quantity from time to time.

This valuable remedy has been long and favorably known under the name of Syrup of Figs, and has attained to world-wide acceptance as the most excellent of family laxatives, and as its pure laxative principles, obtained from Senna, are well known to physicians and the Well-Informed of the world to be the best of natural laxatives, we have adopted the more elaborate name of Syrup of Figs and Elixir of Senna, as more fully descriptive of the remedy, but doubtlessly it will always be called for by the shorter name of Syrup of Figs; and to get its beneficial effects, always note, when purchasing, the full name of the Company—California Fig Syrup Co. plainly printed on the front of every package, whether you simply call for Syrup of Figs, or by the full name, Syrup of Figs and Elixir of Senna, as Syrup of Figs and Elixir of Senna is the one laxative remedy manufactured by the California Fig Syrup Company, and the same heretofore known by the name, Syrup of Fig., which has given satisfaction to millions. The genuine is for sale by all leading druggists throughout the United States in original packages of one size only, the regular price of which is fifty cents per bottle.

Every bottle is sold under the general guarantee of the Company, filed with the Secretary of Agriculture, at Washington, D. C., the remedy is not adulterated or misbranded within the meaning of the Food and Drugs Act, June 30th, 1906.
