

PE-RU-NA A MEDICAL COMPOUND

In any medical compound as much depends upon the manner in which it is compounded as upon the ingredients used.

First, there must be a due proportion of the ingredients. Each drug in the pharmacopoeia has its special action. To combine any drug with other drugs that have slightly different action, the combination must be made with strict reference to the use for which the compound is intended. The drugs may be well selected as to their efficacy, but the compound ENTIRELY SPOILED BY THE PROPORTION in which they are combined.

It takes years and years of experience to discover this proportion. There is no law of chemistry, of pharmacy, by which the exact balance of proportion can be determined. EXPERIENCE IS THE ONLY GUIDE.

In compounding a catarrh remedy Dr. Hartman has had many years' experience. In the use of the various ingredients which compose the catarrh remedy, Peruna, he has learned, little by little, how to harmonize the action of each ingredient, how to combine them into a stable compound, how to arrange them into such nice proportions as to blend the taste, the operation and the chemical peculiarities of each several ingredient in order to produce a pharmaceutical product beyond the criticism of doctors, pharmacists or chemists.

WE REPEAT, THAT AS MUCH DEPENDS ON THE WAY IN WHICH THE DRUGS ARE COMBINED AS DEPENDS UPON THE DRUGS THEMSELVES.

The compound must present a stability which is not affected by changes of temperature, not affected by exposure to the air, not affected by age. It must be so combined that it will remain just the same whether used in the logging or mining camps of the northwest or the coffee plantations of the tropics.

A complete list of the ingredients of Peruna would not enable any druggist or physician to reproduce Peruna. It is the skill and sagacity by which these ingredients are brought together that give Peruna much of its peculiar claims as an efficacious catarrh remedy.

However much virtue each ingredient of Peruna may possess, the value of the compound depends largely upon the manner and proportion in which they are combined. The right ingredients, put together rightly, is the only way a medical compound can be made of real value.

wet rot is shown to prevent the rot spreading from the decaying tubers to the sound ones. Dry rot is very rarely if at all transmitted from one potato to another, according to a writer in Orange Judd Farmer.

If the potatoes are left in pits in the field to sweat prior to putting them in the cellar they will usually show rot that may be in them when they are taken from the pit. Potatoes which are nearly clean of dirt usually show more rapid spread of the wet rot than do potatoes which are covered with a considerable coating of dry soil. Possibly the reason for this may be the fact that the dry soil is not a good medium for passage of the rot from one potato to another.

Acid Soils and Crop Productions. Certain crops give better results upon acid than upon neutral or alkaline soils. Soils containing a moderate degree of acidity produce potatoes of better quality and less subject to scab than those grown on acid-free soils, says an Oregon bulletin. Cranberries seem to thrive best upon acid soil. The author has made tests in a field of very rank growing sweet corn, standing some eight to ten feet in height, and the soil was found to be distinctly acid. Some tests have been made in rank growing clover fields, and in some cases a certain degree of acidity has been found.

Notwithstanding these facts the general rule seems to be, according to many experiments, that most of the agricultural plants do best upon soils which contain little or no acid. The most effective means of overcoming soil acidity is by using quick or stone lime freshly slaked, or wood ashes. Contrary to a popular belief, gypsum or land plaster does not possess the power of neutralizing or destroying soil acidity to any appreciable extent.

Take Garfield Tea, the herb remedy that has for its object Good Health! It purifies the blood, cleanses the system, makes people well. Guaranteed under the Pure Food Law.

Old Hunka. Mrs. Hunka—Ezra, what is good for a pain in the jaw? Old Hunka—Give the jaw absolute rest.

Deafness Cannot be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional treatment. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed, it becomes swollen, and the sound of imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; and cases of deafness caused by catarrh of the ear, which is nothing but an inflamed condition of the mucous surface.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circular, free, when it is F. J. CHENEY & CO., Toledo, O.

How Could He Help It. That the geographical area of the United States is not fully comprehended by the average foreigner is illustrated by an anecdote. An Englishman, accompanied by his valet, had been traveling due west from New York for four days. At the end of the fourth day master and servant seated themselves in the smoker of the train, whence the man looked steadily from out of the car window. At last his companion grew serious.

"John," he said, "of what are you thinking?"

"I was just thinking, sir, about the discovery of Hamlet," replied the valet. "Columbus didn't do such a wonderful thing when he found this country, did he, sir? Hafter all's said and done, 'ow could 'e 'elp it?"

Western Washington Timber Land If you want 200 Acres of Timber Land that will net you \$100,000 per year, invest in the best timber land in the Northwest. Co., Tacoma, Washington.

FREE PAXTINE To convince any woman that Paxtine is the best medicine for Catarrh of the Bladder, send for a free trial box of Paxtine with book of instructions and genuine testimonials. Send your name and address on a postal card.

The Three Species of Moose.

There are supposed to be three species of moose: The European moose or elk, found in northern Europe and adjoining parts of Asia; the common moose of eastern America, distinguished chiefly from its European congener by the skull being narrower across the maxillaries, also by its greater size and darker color; and the Alaskan moose, separated by its giant stature, its narrow occiput, broad palate and heavy mandibles.

Expressed in external features as illustrated in the adult male (always best for differentiating species): The Scandinavian elk is a small gray animal with little palm and many spikes on its antlers.

Trick This Up. At the first sign of Backache or pain in the region of the Kidneys, or weakness and Urinary trouble, the following simple prescription should be used: Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces. Take a teaspoonful after each meal and at bedtime.

Any good prescription pharmacy will supply these three ingredients at small cost, which can easily be mixed by shaking well in a bottle. This is said to force the Kidneys to filter the sour acids and poisons from the blood, overcoming the worst cases of Rheumatism.

Limitations. "Papa, you always travel first class, don't you?" "Not always, my son. I always pay first class fare—that's all."

A Good Record. Out of all the external remedies on the market we doubt if there is one that has the record of this world-renowned porous plaster—Alcock's. It has now been in use for sixty years, and still continues to be as popular as ever in doing its great work of relieving our pains and aches. It is the remedy we all need when suffering from any form of ache or pain resulting from taking cold or over-strain.

Alcock's Plasters are sold by Druggists in every part of the civilized world.

The present Princess of Wales, who was born on May 20, 1847, received no more than eight names at the baptismal font.

MRS. A. M. HAGERMANN

Lydia E. Pinkham's Vegetable Compound made from simple natural roots and herbs. For more than thirty years it has been helping women to be strong, regulating the functions perfectly and overcoming pain. It has also proved itself invaluable in preparing for child birth and the Change of Life.

Mrs. A. M. Hagermann, of Bay Shore, L. I., writes:—Dear Mrs. Pinkham:—I suffered from a displacement, excessive and painful functions so that I had to lie down or sit still most of the time. Lydia E. Pinkham's Vegetable Compound has made me a well woman so that I am able to attend to my duties. I wish every suffering woman would try Lydia E. Pinkham's Vegetable Compound and see what relief it will give them.

Mrs. Pinkham's Standing Invitation to Women Women suffering from any form of female illness are invited to write Mrs. Pinkham, at Lynn, Mass., for advice. She is the Mrs. Pinkham who has been advising sick women free of charge for more than twenty years, and before that she assisted her mother-in-law Lydia E. Pinkham in advising. Therefore she is especially well qualified to guide sick women back to health.

W. L. DOUGLAS \$3.00 AND \$3.50 SHOES

W. L. DOUGLAS \$4.00 BILT EDGE SHOES CANNOT BE EQUALLED AT ANY PRICE. SHOES FOR EVERYBODY AT ALL PRICES: Men's shoes, \$3 to \$1.50. Boys' shoes, \$2 to \$1.25. Women's shoes, \$4 to \$1.50. Misses' & Children's shoes, \$2.25 to \$1.00. W. L. Douglas shoes are recognized by expert judges of footwear to be the best in style, fit and wear produced in this country. Each part of the shoe and every detail of the making is looked after and watched over by skilled shoemakers, without regard to time or cost. If I could take you into my large factories in Brockton, Mass., and show you how carefully W. L. Douglas shoes are made, you would understand why they hold their shape, fit better, wear longer, and are of greater value than any other makes.

Strangest Freak of Science. It is generally supposed that Prof. Garner is the first man to study what has come to be called the speech of monkeys. As a matter of fact, the honor belongs to Sir Richard Burton, the famous orientalist, who translated the "Thousand and One Nights." Lady Burton tells in her biography of her distinguished husband that Sir Richard believed firmly in monkey speech; that he had forty apes continually with him for several years, and that he had written down a monkey vocabulary of sixty words. This vocabulary, unfortunately, was lost.

Prof. Garner can make a strange monkey drink by saying a certain word, and with another word he can frighten it. But Sir Richard Burton could do all these things, too. His vocabulary, furthermore, was larger than Prof. Garner's. Ernest Haecckel, the great German scientist, is in hearty sympathy with the study of the monkey language. He says he believes firmly that such language exists.

Latest Fad. Gritty George—Lady, would yer mind writing off a list of all de things in dis cold meal on a slip of paper?

The Lady (in surprise)—What for, my poor man?

Gritty George—Well, yer see, mum, I am collectin' menus along me travel, an' every one helps.

ALL WOMEN SUFFER

from the same physical disturbances, and the nature of their duties, in many cases, quickly drift them into the horrors of all kinds of female complaints, organic troubles, ulceration, falling and displacements, or perhaps irregularity or suppression causing backache, nervousness, irritability, and sleeplessness. Women everywhere should remember that the medicine that holds the record for the largest number of actual cures of female ills is

Lydia E. Pinkham's Vegetable Compound

made from simple natural roots and herbs. For more than thirty years it has been helping women to be strong, regulating the functions perfectly and overcoming pain. It has also proved itself invaluable in preparing for child birth and the Change of Life.

Mrs. A. M. Hagermann, of Bay Shore, L. I., writes:—Dear Mrs. Pinkham:—I suffered from a displacement, excessive and painful functions so that I had to lie down or sit still most of the time. Lydia E. Pinkham's Vegetable Compound has made
